Section 2. Section 19-2-1001, MCA, is amended to read:

"19-2-1001. Maximum contribution and benefit limitations. (1) (a) Employee contributions paid to and retirement benefits paid from a retirement system or plan may not exceed the annual limits on contributions and benefits, respectively, allowed by section 415 of the Internal Revenue Code, 26 U.S.C. 415.

(b) For purposes of determining whether the annual limitations in subsection (1)(a) are met:

(i) all defined benefit plans of the employer, whether or not terminated, must be treated as a single defined benefit plan;

(ii) all defined contribution plans of the employer, whether terminated or not, must be treated as a single defined contribution plan;

(iii) retirement systems and plans established under Title 19 must be prioritized for disqualification purposes above any plans not established under Title 19; and

(iv) retirement systems and plans established under Title 19 that must be aggregated for purposes of the limits in section 415 of the Internal Revenue Code, 26 U.S.C. 415, must be prioritized for qualification purposes based on the system or plan providing the member with the highest benefit.

(2) A member may not receive an annual benefit that exceeds the dollar amount specified in section 415(b)(1)(A) of the Internal Revenue Code, 26 U.S.C. 415(b)(1)(A), subject to the applicable adjustments in section 415(d) of the Internal Revenue Code, 26 U.S.C. 415(d).

(3) Notwithstanding any other provision of law to the contrary, the board may modify a request by a member to make a contribution to a retirement system or plan if the amount of the contribution would exceed the limits provided in section 415 of the Internal Revenue Code, by using the following methods:

(a) If the law requires a lump-sum payment for the purchase of service credit, the board may establish a periodic payment plan for the member to avoid a contribution in excess of the limits under section 415(c) or 415(n) of the Internal Revenue Code, 26 U.S.C. 415(c) or 415(n).

(b) If payment pursuant to subsection (3)(a) will not avoid a contribution in excess of the limits imposed by section 415(c) of the Internal Revenue Code, 26 U.S.C. 415(c), the board shall either reduce the member's contribution to an amount within the limits of that section or refuse the member's contribution.

(4) (a) Effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, if a member makes one or more contributions to purchase permissive service credit under a retirement system or plan to which this section applies, then the requirements of this section will be treated as met only if:

(i) except as provided in subsection (4)(b), the requirements of section 415(b) of the Internal Revenue Code, 26 U.S.C. 415(b), are met, determined by treating the accrued benefit derived from all the contributions as an annual benefit for purposes of section 415(b) of the Internal Revenue Code, 26 U.S.C. 415(b); or

(ii) except as provided in subsection (4)(c), the requirements of section 415(c) of the Internal Revenue Code, 26 U.S.C. 415(c), are met, determined by treating all the contributions as annual additions for purposes of section 415(c) of the Internal Revenue Code, 26 U.S.C. 415(c).

(b) For purposes of applying subsection (4)(a)(i), the retirement system or plan may not fail to meet the reduced limit under section 415(b)(2)(C) of the Internal Revenue Code, 26 U.S.C. 415(b)(2)(C), solely by reason of subsection (4)(a).

(c) For purposes of applying subsection (4)(a)(ii), the retirement system or plan may not fail to meet the percentage limitation under section 415(c)(1)(B) of the Internal Revenue Code, 26 U.S.C. 415(c)(1)(B) solely by reason of this subsection (4).

(5) For purposes of subsection (4), the term "permissive service credit" means service credit:

(a) specifically recognized by a plan subject to this chapter for purposes of calculating a plan member's benefit under the member's plan;

(b) that the plan member has not received under the plan;

(c) that the plan member may receive only by making a voluntary additional contribution, in an amount determined under the plan, that does not exceed the amount necessary to fund the benefit attributable to the service credit; and

(d) effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, service credit for periods for which there is no performance of service, which, notwithstanding subsection (5)(b), may include service credit purchased in order to provide an increased benefit under the plan.

(6) A retirement system or plan fails to meet the requirements of subsection (4) if:

(a) more than 5 years of nonqualified service credit are taken into account; or

(b) any nonqualified service credit is taken into account before the plan member has at least 5 years of participation under the plan.

(7) For purposes of subsection (6), effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, the term "nonqualified service credit" means permissive service credit other than that allowed with respect to:

(a) service, including parental, medical, sabbatical, and similar leave, as an employee of the government of the United States, any state or political subdivision of a state, or any agency or instrumentality of a state or of a political subdivision of a state, other than military service or service for credit that was obtained as a result of a repayment of a refund as described in section 415(k)(3) of the Internal Revenue Code, 26 U.S.C. 415(k)(3);

(b) service, including parental, medical, sabbatical, and similar leave, as an employee, other than an employee described in subsection (7)(a), of an education organization described in section 170(b)(1)(A)(ii) of the Internal Revenue Code, 26 U.S.C. 170(b)(1)(A)(ii), that is a public, private, or sectarian school that provides elementary or secondary education through grade 12 or a comparable level of education, as determined under the applicable law of the jurisdiction in which the service was performed;

(c) service as an employee of an association of employees who are described in subsection (7)(a); or

(d) military service, other than qualified military service under section 414(u) of the Internal Revenue Code, 26 U.S.C. 414(u), recognized by the system or plan.

(8) In the case of service described in subsection (7)(a), (7)(b), or (7)(c), service must be nonqualified service if recognition of the service would cause a plan member to receive a retirement benefit for the same service under more than one plan.

(9) In the case of a trustee-to-trustee transfer after December 31, 2001, to which section 403(b)(13)(A) or 457(e)(17)(A) of the Internal Revenue Code, 26 U.S.C. 403(b)(13)(A) or 457 (e)(17)(A), applies, without regard to whether the transfer is made between plans maintained by the same employer:

(a) the limitations in subsection (7) do not apply in determining whether the transfer is for the purchase of permissive service credit; and

(b) the distribution rules applicable to the plan under federal law apply to those amounts and any benefits attributable to those amounts.

(10) (a) For purposes of this subsection (10), an eligible plan member is an individual who became a member of the plan before January 1, 1998.

(b) For an eligible plan member, the limitation in section 415(c)(1) of the Internal Revenue Code, 26 U.S.C. 415(c)(1), may not be applied to reduce the amount of permissive service credit that may be purchased to an amount less than the amount that was allowed to be purchased under the terms of the applicable law in effect on August 5, 1997.

(11) The limitation year for purposes of section 415 of the Internal Revenue Code, 26 U.S.C. 415, is the calendar year beginning each January 1 and ending December 31.

(12) (a) "Salary", for the purposes of determining compliance with section 415 of the Internal Revenue Code, 26 U.S.C. 415, and for no other purposes, means compensation as defined in 26 CFR 1.415(c)-1 through 1.415(c)-2(d)(4). However:

(i) employee contributions picked up under section 414(h)(2) of the Internal Revenue Code, 26 U.S.C. 414(h)(2), are excluded from salary; and

(ii) the amount of an elective deferral, as defined in section 402(g) of the Internal Revenue Code, 26 U.S.C. 402(g), or any other contribution that is contributed or deferred by the employer at the election of the member and that is not includable in the gross income of the member because of section 125, 403(b), or 457 of the Internal Revenue Code, 26 U.S.C. 125, 403(b), or 457, is included in the definition.

(b) For limitation years beginning after December 31, 2000, the term includes any elective amounts that are not includable in the gross income of the member by reason of section 132(f)(4) of the Internal Revenue Code, 26 U.S.C. 132(f)(4).

(c) For limitation years beginning no later than January 1, 2008, the term includes compensation paid by the later of 2.5 months after a member's severance from employment or the end of the limitation year that includes the date of the member's severance from employment if:

(i) the payment is regular compensation for services during the member's regular working hours or compensation for services outside the member's regular working hours such as overtime or shift differential, commissions, bonuses, or other similar payments and, absent a severance from employment, the payments would have been paid to the member while the member continued in employment with the employer; or

(ii) the payment is for unused accrued bona fide sick, vacation, or other leave that the member would have been able to use if employment had continued.

(d) For limitation years beginning on or after January 1, 2009, the term, as calculated, may not exceed the annual limit under section 401(a)(17) of the Internal Revenue Code, 26 U.S.C. 401(a)(17).

(e) Beginning January 1, 2009, to the extent required by section 414(u)(12) of the Internal Revenue Code, 26 U.S.C. 414(u)(12), a member receiving from an employer differential wage payments as defined under section 3401(h)(2) of the Internal Revenue Code, 26 U.S.C. 3401(h)(2), must be treated as employed by that employer. The differential wage payments must be treated as compensation for purposes of applying the limits on annual additions under section 415(c) of the Internal Revenue Code, 26 U.S.C. 415(c). This provision must be applied to all similarly situated employees in a reasonably equivalent manner.

(13) For the purposes of applying the limits on a defined benefit plan member's annual benefit under section 415(b) of the Internal Revenue Code, 26 U.S.C. 415(b), the following apply:

(a) Prior to January 1, 2009, any automatic adjustment under the retirement system or a plan subject to this chapter must be taken into consideration when determining a member's applicable limit to the extent required by a reasonable interpretation of 26 CFR 1.415-3(c).

(b) On or after January 1, 2009, with respect to a member who does not receive a portion of the member's annual benefit in a lump sum:

(i) a member's applicable limit must be applied to the member's annual benefit in the first limitation year without regard to any automatic cost-of-living increases;

(ii) to the extent the member's annual benefit equals or exceeds the applicable limit, the member is no longer eligible for cost-of-living increases until the benefit plus the accumulated increases are less than the limit; and

(iii) in any subsequent limitation year, the member's annual benefit, including any automatic cost-of-living increase applicable, is subject to the applicable benefit limit, including any adjustment to the dollar limit in section 415(b)(1)(A) of the Internal Revenue Code, 26 U.S.C. 415(b)(1)(A), under section 415(d) of the Internal Revenue Code, 26 U.S.C. 415(d) and the implementing regulations.

(c) On or after January 1, 2009, with respect to a member who receives a portion of the member's annual benefit in a lump sum, a member's applicable limit must be applied, taking into consideration automatic cost-of-living increases as required by section 415(b) of the Internal Revenue Code, 26 U.S.C. 415(b), and applicable U.S. treasury regulations.

(d) (i) A member's annual benefit payable under the member's plan in any limitation year may not be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to section 415(d) of the Internal Revenue Code, 26 U.S.C. 415(d), and the implementing regulations.

(ii) If the form of benefit without regard to the automatic benefit increase feature is not a straight life or a qualified joint and survivor annuity, then this subsection (13)(d) is applied by either reducing the limit in section 415(b) of the Internal Revenue Code, 26 U.S.C. 415(b), applicable at the annuity starting date or adjusting the form of benefit to an actuarially equivalent straight life annuity benefit determined using the following assumptions that take into account the death benefits under the form of benefit:

(A) for a benefit paid in a form to which section 417(e)(3) of the Internal Revenue Code, 26 U.S.C. 417(e)(3), does not apply, the actuarially equivalent straight life annuity benefit that is the greater of:

(I) the annual amount of any straight life annuity payable to the member under the member's plan commencing at the same annuity starting date as the form of benefit payable to the member; or

(II) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the member, computed using a 5% interest assumption, or the applicable statutory interest assumption, and ~~the applicable mortality table described in 26 CFR 1.417(e)-1(d)(2)~~ *pursuant to I.R.S. (I) the annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table or tabular factor specified in the plan for actuarial experience;

(II) the annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using a 5.5% interest assumption, or the applicable statutory interest assumption, and ~~the applicable mortality table for the distribution under 26 CFR 1.417(e)-1(d)(2)~~ *pursuant to I.R.S. (iii) The court may require the youth's parents or guardians to pay a contribution covering all or a part of the costs of the evaluation if the court determines after an examination of financial ability that the parents or guardians are able to pay the contribution. Any remaining unpaid costs of evaluation are the financial responsibility of the judicial district of the court that ordered the evaluation.

(p) order placement of a youth in a youth assessment center for up to 10 days; *or*

The provisions of 41-5-355 relating to alternative placements apply to placements under this subsection (1)(b). The court may not place a youth adjudicated to be a delinquent youth in a state youth correctional facility for an act that would be a misdemeanor if committed by an adult unless:

(i) the youth committed four or more misdemeanors in the prior 12 months;

(ii) a psychiatrist or a psychologist licensed by the state or a licensed clinical professional counselor or a licensed clinical social worker has evaluated the youth and recommends placement in a state youth correctional facility; and

(ii) registration is not necessary for protection of the public and that relief from registration is in the public's best interest;

(e) in the case of a delinquent youth who is determined by the court to be a serious juvenile offender, the judge may specify that the youth be placed in a state youth correctional facility, subject to the provisions of subsection (2), if the judge finds that the placement is necessary for the protection of the public. The court may order the department to notify the court within 5 working days before the proposed release of a youth from a youth correctional facility. Once a youth is committed to the department for placement in a state youth correctional facility, the department is responsible for determining an appropriate date of release or an alternative placement.

(f) impose a fine as authorized by law if the violation alleged would constitute a criminal offense if committed by an adult.

(2) If a youth has been adjudicated for a sexual offense, as defined in 46-23-502, the youth court shall:

(b) designate the youth's risk level pursuant to 46-23-509;

(c) require completion of sexual offender treatment; and

(d) for a youth designated under this section and 46-23-509 as a level 3 offender, impose ~~upon~~ *on* the youth those restrictions required for adult offenders by 46-18-255(2) unless the youth is approved by the youth court or the department for placement in a home, program, or facility for delinquent youth. restrictions are terminated sooner by an order of the court. However, if a youth's case is transferred to district court pursuant to 41-5-203, 41-5-206, 41-5-208, or 41-5-1605, any remaining part of the restriction imposed pursuant to this subsection (2)(d) is transferred to the jurisdiction of the district court and the supervision of the offender is transferred to the department.

(3) For a youth designated under this section and 46-23-509 as a level 3 offender, the youth court if the youth is under the youth court's jurisdiction or the department if the youth is under the department's jurisdiction shall notify in writing the superintendent of the school district in which the youth is enrolled of the adjudication, any terms of probation or parole, and the facts of the offense for which the youth was adjudicated, except the name of the victim, and provide a copy of the court's disposition order to the superintendent.

(4) The court may not order a local government entity to pay for care, treatment, intervention, or placement. A court may not order a local government entity to pay for evaluation and in-state transportation of a youth, except as provided in 52-5-109.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-311, MCA, is amended to read:

"20-9-311. Calculation of average number belonging (ANB) — 3-year averaging. (1) Average number belonging (ANB) must be computed for each budget unit as follows:

(a) compute an average enrollment by adding a count of regularly enrolled ~~full-time~~ pupils who were enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils ~~on the first Monday in December of the prior school fiscal year and to a count of regularly enrolled pupils~~ on the first Monday in February of the prior school fiscal year or the next school day if those dates do not fall on a school day, and divide the sum by ~~three~~ *two*; and

(b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(3) When a school district has approval to operate less than the minimum aggregate hours under 20-9-806, the total ANB must be calculated in accordance with the provisions of 20-9-805.

(4) (a) Except as provided in subsection (4)(d), for the purpose of calculating ANB, enrollment in an education program:

(i) from 180 to 359 aggregate hours of pupil instruction per school year is counted as one-quarter-time enrollment;

(ii) from 360 to 539 aggregate hours of pupil instruction per school year is counted as half-time enrollment;

(iii) from 540 to 719 aggregate hours of pupil instruction per school year is counted as three-quarter-time enrollment; and

(c) Enrollment in a self-paced program or course may be converted to an hourly equivalent based on the hours necessary and appropriate to provide the course within a regular classroom schedule.

(d) A school district may include in its calculation of ANB a pupil who is enrolled in a program providing fewer than the required aggregate hours of pupil instruction required under subsection (4)(a) or (4)(b) if the pupil has demonstrated proficiency in the content ordinarily covered by the instruction as determined by the school board using district assessments. The ANB of a pupil under this subsection (4)(d) must be converted to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the student has demonstrated proficiency.

(e) A pupil in kindergarten through grade 12 who is concurrently enrolled in more than one public school, program, or district may not be counted as more than one full-time pupil for ANB purposes.

(5) For a district that is transitioning from a half-time to a full-time kindergarten program, the state superintendent shall count kindergarten enrollment in the previous year as full-time enrollment for the purpose of calculating ANB for the elementary programs offering full-time kindergarten in the current year. For the purposes of calculating the 3-year ANB, the superintendent of public instruction shall count the kindergarten enrollment as one-half enrollment and then add the additional kindergarten ANB to the 3-year average ANB for districts offering full-time kindergarten.

(6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil resumes attendance prior to the day of the enrollment count.

(7) The enrollment of preschool pupils, as provided in 20-7-117, may not be included in the ANB calculations.

(8) The average number belonging of the regularly enrolled~~, full-time~~ pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled~~, full-time~~ pupils attending the schools of the district, except that:

(a) the ANB is calculated as a separate budget unit when:

(i) a school of the district is located more than 20 miles beyond the incorporated limits of a city or town located in the district and at least 20 miles from any other school of the district, the number of regularly enrolled~~, full-time~~ pupils of the school must be calculated as a separate budget unit for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(ii) a school of the district is located more than 20 miles from any other school of the district and incorporated territory is not involved in the district, the number of regularly enrolled~~, full-time~~ pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(iii) the superintendent of public instruction approves an application not to aggregate when conditions exist affecting transportation, such as poor roads,

mountains, rivers, or other obstacles to travel, or when any other condition exists that would result in an unusual hardship to the pupils of the school if they were transported to another school, the number of regularly enrolled~~, full-time~~ pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district; or

(iv) two or more districts consolidate or annex under the provisions of 20-6-422 or 20-6-423, the ANB and the basic entitlements of the component districts must be calculated separately for a period of 3 years following the consolidation or annexation. Each district shall retain a percentage of its basic entitlement for 3 additional years as follows:

(A) 75% of the basic entitlement for the fourth year;

(B) 50% of the basic entitlement for the fifth year; and

(c) when a middle school has been approved and accredited, all pupils below the 7th grade must be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils must be considered high school pupils for ANB purposes; or

(d) when a school has been designated as nonaccredited by the board of public education because of failure to meet the board of public education's assurance and performance standards, the regularly enrolled~~, full-time~~ pupils attending the nonaccredited school are not eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the BASE funding program for the district.

(9) The district shall provide the superintendent of public instruction with semiannual reports of school attendance, absence, and enrollment for regularly enrolled students, using a format determined by the superintendent.

(10) (a) Except as provided in subsections (10)(b) and (10)(c), enrollment in a basic education program provided by the district through any combination of onsite or offsite instruction may be included for ANB purposes only if the pupil is offered access to the complete range of educational services for the basic education program required by the accreditation standards adopted by the board of public education.

(11) A district may include only, for ANB purposes, an enrolled pupil who is otherwise eligible under this title and who is:

(13) (a) For an elementary or high school district that has been in existence for 3 years or more, the district's maximum general fund budget and BASE budget for the ensuing school fiscal year must be calculated using the current year ANB for all budget units or the 3-year average ANB for all budget units, whichever generates the greatest maximum general fund budget.

(b) For a K-12 district that has been in existence for 3 years or more, the district's maximum general fund budget and BASE budget for the ensuing school fiscal year must be calculated separately for the elementary and high school programs pursuant to subsection (13)(a) and then combined.

(14) The term "3-year ANB" means an average ANB over the most recent 3-year period, calculated by:

(2) The court shall determine on the record the charged offense or offenses or any lesser included offense for which the person otherwise may have been convicted and the maximum sentence that the defendant may have received. Section 18. Section 46-14-301, MCA, is amended to read:

"46-14-301. Commitment upon finding of not guilty by reason of lack of mental state — hearing to determine release or discharge — limitation on confinement. (1) When a defendant is found not guilty for the reason that due to a mental disease or ~~defect~~ *disorder* the defendant could not have a particular state of mind that is an essential element of the offense charged, the court shall order a predisposition investigation in accordance with 46-18-112 and 46-18-113, which must include an investigation of the present mental condition of the defendant. If the trial was by jury, the court shall hold a hearing to determine the appropriate disposition of the defendant. In either case, the testimony and evidence presented at the trial must be considered by the court in making its determination.

(2) The court shall evaluate the nature of the offense with which the defendant was charged. If the offense:

(a) involved a substantial risk of serious bodily injury or death, actual bodily injury, or substantial property damage, the court may find that the defendant suffers from a mental disease or ~~defect~~ *disorder* that renders the defendant a danger to the defendant or others. If the court finds that the defendant presents a danger to the defendant or others, the defendant may be committed to the custody of the director of the department of public health and human services to be placed in an appropriate mental health facility for custody, care, and treatment. However, if the court finds that the defendant is seriously developmentally disabled, as defined in 53-20-102, the prosecutor shall petition the court in the manner provided in Title 53, chapter 20.

(3) A person committed to the custody of the director of the department of public health and human services must have a hearing within 180 days of confinement to determine the person's present mental condition and whether the person must be discharged or released or whether the commitment may be extended because the person continues to suffer from a mental disease or ~~defect~~ *disorder* that renders the person a danger to the person or others. The hearing must be conducted by the court that ordered the commitment unless that court transfers jurisdiction to the district court in the district in which the person has been placed. The court shall cause notice of the hearing to be served upon the

person, the person's counsel, the prosecutor, and the court that originally ordered the commitment. The hearing is a civil proceeding, and the burden is upon the state to prove by clear and convincing evidence that the person may not be safely released because the person continues to suffer from a mental disease or ~~defect~~ *disorder* that causes the person to present a substantial risk of:

(a) serious bodily injury or death to the person or others;

(b) an imminent threat of physical injury to the person or others; or

(c) substantial property damage.

(4) According to the determination of the court upon the hearing, the person must be discharged or released on conditions the court determines to be necessary or must be committed to the custody of the director of the department of public health and human services to be placed in an appropriate mental health facility for custody, care, and treatment. The period of commitment may not exceed the maximum sentence determined under 46-14-214(2). At the time that the period of the maximum sentence expires, involuntary civil commitment proceedings may be instituted in the manner provided in Title 53, chapter 21.

(5) A professional person shall review the status of the person each year. At the time of the annual review, the director of the department of public health and human services or the person or the representative of the person may petition for discharge or release of the person. Section 19. Section 46-14-302, MCA, is amended to read:

"46-14-302. Discharge or release upon motion of director. (1) If the director of the department of public health and human services believes that a person committed to the director's custody under 46-14-301 may be discharged or released on condition without danger to the person or others because the person no longer suffers from a mental disease or ~~defect~~ *disorder* that causes the person to present a substantial risk of serious bodily injury or death to the person or others, a substantial risk of an imminent threat of physical injury to the person or others, or a substantial risk of substantial property damage, the director shall make application for the discharge or release of the person in a report to the district court by which the person was committed unless that court transfers jurisdiction to the court in the district in which the person has been placed and shall send a copy of the application and report to the prosecutor of the county from which the person was committed.

(2) Either the director of the department of public health and human services or the person may also make application to the court for discharge or release as part of the person's annual treatment review.

(3) The court shall then appoint at least one person who is a qualified psychiatrist, licensed clinical psychologist, or advanced practice registered nurse to examine the person and to report as to the person's mental condition within 60 days or a longer period that the court determines to be necessary for the purpose. To facilitate the examinations and the proceedings on the examinations, the court may have the person confined in any mental health facility located near the place where the court sits that may be designated by the director of the department of public health and human services as suitable for the temporary detention of persons suffering from mental disease or ~~defect~~ *disorder*.

(4) The committed person or the person's attorney may secure a professional person of the committed person's choice to examine the committed person and to testify at the hearing. If the person wishing to secure the testimony of a

professional person is unable to do so because of financial reasons, the court shall appoint an additional professional person to perform the examination. Whenever possible, the court shall allow the committed person or the person's attorney a reasonable choice of an available professional person qualified to perform the requested examination. The professional person must be compensated by the department of public health and human services.

(5) If the court is satisfied by the report filed under subsection (1) and the testimony of the reporting psychiatrist, licensed clinical psychologist, or advanced practice registered nurse that the committed person may be discharged or released on condition because the person no longer suffers from a mental disease or ~~defect~~ *disorder* that causes the person to present a substantial risk of serious bodily injury or death to the person or others, a substantial risk of an imminent threat of physical injury to the person or others, or a substantial risk of substantial property damage, the court shall order the person's discharge.

(6) (a) If the court is not satisfied, it shall promptly order a hearing to determine whether the person may safely be discharged or released on the grounds that the person no longer suffers from a mental disease or ~~defect~~ *disorder* that causes the person to present a substantial risk of:

(i) serious bodily injury or death to the person or others;

(ii) an imminent threat of physical injury to the person or others; or

(iii) substantial property damage.

(b) A hearing is considered a civil proceeding, and the burden is upon the state to prove by clear and convincing evidence that the person may not be safely discharged or released because the person continues to suffer from a mental disease or ~~defect~~ *disorder* that causes the person to present a substantial risk of:

(i) serious bodily injury or death to the person or others;

(ii) an imminent threat of physical injury to the person or others; or

(iii) substantial property damage.

(c) According to the determination of the court upon the hearing, the committed person must then be discharged or released on conditions that the court determines to be necessary or must be recommitted to the custody of the director of the department of public health and human services, subject to discharge or release only in accordance with the procedures provided in 46-14-303 and this section."

Section 20. Section 46-14-304, MCA, is amended to read:

"46-14-304. Revocation of conditional release. (1) The court may order revocation of a person's conditional release if the court determines after hearing evidence that:

(a) the conditions of release have not been fulfilled; and

(b) based on the violations of the conditions and the person's past mental health history, there is a substantial likelihood that the person continues to suffer from a mental disease or ~~defect~~ *disorder* that causes the person to present a substantial risk of:

(i) serious bodily injury or death to the person or others;

(ii) an imminent threat of physical injury to the person or others; or

(iii) substantial property damage.

(2) The court may retain jurisdiction to revoke a conditional release for no longer than 5 years.

(3) If the court finds that the conditional release should be revoked, the court shall immediately order the person to be recommitted to the custody of the director of the department of public health and human services, subject to discharge or release only in accordance with the procedures provided in 46-14-302 and 46-14-303."

Section 21. Section 46-14-311, MCA, is amended to read:

"46-14-311. Consideration of mental disease or ~~defect~~ *disorder* or developmental disability in sentencing. [HB 518]

AN ACT REVISING LAWS RELATED TO SEARCH WARRANTS; PROVIDING JUDGES WITH THE AUTHORITY TO TEMPORARILY SEAL DOCUMENTS SEIZED PURSUANT TO SEARCH WARRANTS WHEN THE DEMAND OF INDIVIDUAL PRIVACY CLEARLY EXCEEDS THE MERITS OF PUBLIC DISCLOSURE; AMENDING SECTION 46-11-701, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, Article II, Section 9, of the Constitution of the State of Montana provides:

"No person shall be deprived of the right to examine documents or to observe the deliberations of all public bodies or agencies of state government and its subdivisions, except in cases in which the demand of individual privacy clearly exceeds the merits of public disclosure"; and

WHEREAS, the Montana Supreme Court affirmed in A.P. v. State, 250 Mont. 299, 302, 820 P.2d 421, 422-23(1991), that this standard applies to the documents associated with search warrants sought and obtained by sworn law enforcement officers; and

WHEREAS, during the course of criminal investigations, peace officers often apply to judges for the issuance of search warrants for the purpose of searching and seizing evidence related to criminal investigation; and

WHEREAS, occasionally the immediate publication to the public of the documents related to the search warrant could be deeply invasive to individual privacy rights enjoyed in the state of Montana; and

WHEREAS, the issuing judge needs to be authorized to temporarily seal the documents related to such a search warrant within the bounds of Article II, Section 9, of the Constitution of the State of Montana.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-11-701, MCA, is amended to read:

"46-11-701. Pretrial proceedings — exclusion of public and sealing of records. (1) Except as provided in this section, pretrial proceedings and records of those proceedings are open to the public. If, at the pretrial proceedings, testimony or evidence is presented that is likely to threaten the fairness of a trial, the presiding officer shall advise those present of the danger and shall seek the voluntary cooperation of the news media in delaying dissemination of potentially prejudicial information until the impaneling of the jury or until an earlier time consistent with the administration of justice.

(2) The defendant may move that all or part of the proceeding be closed to the public, or with the consent of the defendant, the judge may take action on the judge's own motion.

(3) The judge may close a preliminary hearing, bail hearing, or any other pretrial proceeding, including a hearing on a motion to suppress, and may seal the record only if:

(a) the dissemination of information from the pretrial proceeding and its record would create a clear and present danger to the fairness of the trial; and

(b) the prejudicial effect of the information on trial fairness cannot be avoided by any reasonable alternative means.

(4) Whenever all or part of any pretrial proceeding is held in chambers or otherwise closed to the public under this section, a complete record must be kept and made available to the public following the completion of the trial or earlier if consistent with trial fairness.

(5) Notwithstanding closure of a proceeding to the public, the judge shall permit a victim of the offense to be present unless the judge determines that exclusion of the victim is necessary to protect either party's right to a fair trial or the safety of the victim. If the victim is present, the judge, at the victim's request, shall permit the presence of an individual to provide support to the victim unless the judge determines that exclusion of the individual is necessary to protect the defendant's right to a fair trial.

(6) *(a)* When the judge determines that all or part of a document filed in support of a charge or warrant would present a clear and present danger to the defendant's right to a fair trial, the document or portion of the document must be sealed until the trial is completed unless the document or portion of the document must be used for trial fairness.

(b) When a sworn affidavit in support of a search warrant is presented by a peace officer to a judge and the peace officer's request includes a request to seal the documents related to the search warrant, the judge may consider the evidence presented and, if the judge makes a finding from the evidence that the demand of individual privacy clearly exceeds the merits of public disclosure, the judge may order the documents related to the search warrant sealed until:

(i) a date certain;

(ii) the occurrence of a specific event;

(iii) the filing of a charge arising from or related to the execution of the search warrant; or

(iv) such other time as the judge deems appropriate."

CHAPTER NO. 165

[HB 588]

AN ACT REVISING LAWS RELATED TO A REDUCTION IN SPENDING; AMENDING SECTION 17-7-140, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-7-140, MCA, is amended to read:

"17-7-140. Reduction in spending. (1) (a) As the chief budget officer of the state, the governor shall ensure that the expenditure of appropriations does not exceed available revenue. Except as provided in subsection (2), in the event of a projected general fund budget deficit, the governor, taking into account the criteria provided in subsection ~~(1)(b)~~ *(1)(c)*, shall direct agencies to reduce spending in an amount that ensures that the projected ending general fund balance for the biennium will be at least ~~1% of all general fund appropriations during the biennium~~*:*

(i) 3.5% of all general fund appropriations for the biennium prior to October of the year preceding a legislative session;

(ii) 1.875% of all general fund appropriations for the biennium in October of the year preceding a legislative session;

(iii) 1.25% of all general fund appropriations for the biennium in January of the year in which a legislative session is convened; and

(iv) 0.625% of all general fund appropriations for the biennium in March of the year in which a legislative session is convened.

(b) An agency may not be required to reduce general fund spending for any program, as defined in each general appropriations act, by more than 10% during a biennium. Departments or agencies headed by elected officials or the board of regents may not be required to reduce general fund spending by a percentage greater than the percentage of general fund spending reductions required for the total of all other executive branch agencies. The legislature may exempt from a reduction an appropriation item within a program or may direct that the appropriation item may not be reduced by more than 10%.

~~(b)~~*(c)* The governor shall direct agencies to manage their budgets in order to reduce general fund expenditures. Prior to directing agencies to reduce spending as provided in subsection (1)(a), the governor shall direct each agency to analyze the nature of each program that receives a general fund appropriation to determine whether the program is mandatory or permissive and to analyze the impact of the proposed reduction in spending on the purpose of the program. An agency shall submit its analysis to the office of budget and program planning and shall at the same time provide a copy of the analysis to the legislative fiscal analyst. The report must be submitted in an electronic format. The office of budget and program planning shall review each agency's analysis, and the budget director shall submit to the governor a copy of the office of budget and program planning's recommendations for reductions in spending.

The budget director shall provide a copy of the recommendations to the legislative fiscal analyst at the time that the recommendations are submitted to the governor and shall provide the legislative fiscal analyst with any proposed changes to the recommendations. The recommendations must be provided in an electronic format. The legislative finance committee shall meet within 20 days of the date that the proposed changes to the recommendations for reductions in spending are provided to the legislative fiscal analyst. The legislative fiscal analyst shall provide a copy of the legislative fiscal analyst's review of the proposed reductions in spending to the budget director at least 5 days before the meeting of the legislative finance committee. The committee may make recommendations concerning the proposed reductions in spending. The governor shall consider each agency's analysis and the recommendations of the office of budget and program planning and the legislative finance committee in determining the agency's reduction in spending. Reductions in spending must be designed to have the least adverse impact on the provision of services determined to be most integral to the discharge of the agency's statutory responsibilities.

(2) Reductions in spending for the following may not be directed by the governor:

(a) payment of interest and principal on state debt;

(b) the legislative branch;

(c) the judicial branch;

(d) the school BASE funding program, including special education;

(e) salaries of elected officials during their terms of office; and

(f) the Montana school for the deaf and blind.

(3) (a) As used in this section, "projected general fund budget deficit" means an amount, certified by the budget director to the governor, by which the projected ending general fund balance for the biennium is less than:

(i) ~~2%~~ *5%* of the general fund appropriations for the second fiscal year of the biennium prior to October of the year preceding a legislative session;

(ii) ~~3/4 of 1%~~ *1.875%* in October of the year preceding a legislative session;

(iii) ~~1/2 of 1%~~ *1.25%* in January of the year in which a legislative session is convened; and

(iv) ~~1/4 of 1%~~ *0.625%* in March of the year in which a legislative session is convened.

(b) In determining the amount of the projected general fund budget deficit, the budget director shall take into account revenue, established levels of appropriation, anticipated supplemental appropriations for school equalization aid and the cost of the state's wildland fire suppression activities exceeding the amount statutorily appropriated in 10-3-312, and anticipated reversions.

(4) If the budget director determines that an amount of actual or projected receipts will result in an amount less than the amount projected to be received in the revenue estimate established pursuant to 5-5-227, the budget director shall notify the revenue and transportation interim committee of the estimated amount. Within 20 days of notification, the revenue and transportation interim committee shall provide the budget director with any recommendations concerning the amount. The budget director shall consider any recommendations of the revenue and transportation interim committee prior to certifying a projected general fund budget deficit to the governor."

The notice to the secretary of state must be accompanied by a $100 deposit, which the secretary of state shall award to the prevailing party in the contest.

(2) Upon receipt of a notice of contest, the secretary of state shall ask each party to the contest to submit within 30 days an affidavit setting forth the facts, opinions, and arguments for or against the retention of the contested name in the records of the secretary of state. The secretary of state shall review the affidavits and shall make a decision or order a hearing to be held within 30 days. If a hearing is ordered, the parties shall meet with the secretary of state before the hearing and attempt to settle the contest. If a settlement is not reached, the secretary of state shall hold a hearing. At the hearing the secretary of state may consider evidence presented by the parties relating to the factual or legal issues raised by the contest. A record of the hearing is not required. The hearing is not a contested case hearing. Where consistent with this section, the informal procedures of the Montana Administrative Procedure Act apply.

(3) The secretary of state may order that the contested name be changed on the records of the secretary of state if it is likely that the use of the names will cause confusion, mistake, or deception among the public when applied to the goods or services provided by the businesses. In determining whether confusion, mistake, or deception is likely, the secretary of state shall consider:

(j) whether the names in question are in fair use, have been abandoned, or are parodies of other names.

(4) The secretary of state shall make a decision for one of the parties within 10 days of the hearing and may order that the contested name be changed in the records of the secretary of state and the relevant documents be amended by the secretary of state in a manner that results in a new name that is ~~not the same as or deceptively similar~~ *distinguishable on the record* to another name registered with the office of the secretary of state.

(5) The secretary of state may order that the losing party pay any attorney fees and costs incurred by the prevailing party to contest the name or by the secretary of state to administer the provisions of this section, including any hearings.

(6) A party may appeal the decision of the secretary of state to the district court within 20 days. The district court shall consider the factual and legal issues without reference to the decision of the secretary of state.

(7) (a) A person who registers an assumed business name under 30-13-202 with the intent to deceive or harass another person doing legitimate business under the laws of this state is subject to a penalty of $1,000 in a civil action brought by a county attorney in the district court with jurisdiction for the county.

(iii) a technical service provider certified by either the natural resources conservation service or the society for range management.

(2) The applicant for a special permit shall specifically describe the powered vehicle or towing vehicle and generally describe the type of vehicle, combination of vehicles, load, object, or other thing to be operated or moved and the particular state highways over which the vehicle, combination of vehicles, load, object, or other thing is to be moved and whether the permit is required for a single trip or for continuous operation.

Section 4. Jurisdiction to modify child support order of foreign country. (1) Except as otherwise provided in [section 16], if a foreign country lacks or refuses to exercise jurisdiction to modify its child support order pursuant to its laws, a tribunal of this state may assume jurisdiction to modify the child support order and bind all individuals subject to the personal jurisdiction of the tribunal whether the consent to modification of a child support order otherwise required of the individual pursuant to 40-5-194 has been given or whether the individual seeking modification is a resident of this state or of the foreign country.

(2) An order issued by a tribunal of this state modifying a foreign child support order pursuant to this section is the controlling order.

Section 5. Procedure to register child support order of foreign country for modification. (5) [Sections 6 through 18] do not prevent the application of laws of this state that provide simplified, more expeditious rules regarding a direct request for recognition and enforcement of a foreign support order or foreign support agreement.

Section 11. Registration of convention support order. (1) Except as otherwise provided in [sections 6 through 18], a party who is an individual or a support enforcement agency seeking recognition of a convention support order shall register the order in this state as provided in 40-5-184 through 40-5-195 and [sections 4 and 5].

(c) if the respondent did not appear and was not represented in the proceedings in the issuing country, a record attesting, as appropriate, either that the respondent had proper notice of the proceedings and an opportunity to be heard or that the respondent had proper notice of the support order and an opportunity to be heard in a challenge or appeal on fact or law before a tribunal;

(d) a record showing the amount of arrears, if any, and the date the amount was calculated;

(e) a record showing a requirement for automatic adjustment of the amount of support, if any, and the information necessary to make the appropriate calculations; and

(3) A request for registration of a convention support order may seek recognition and partial enforcement of the order.

(4) A tribunal of this state may vacate the registration of a convention support order without the filing of a contest under [section 12] only if, acting on its own motion, the tribunal finds that recognition and enforcement of the order would be manifestly incompatible with public policy.

(5) The tribunal shall promptly notify the parties of the registration or the order vacating the registration of a convention support order.

Section 12. Contest of registered convention support order. (1) Except as otherwise provided in [sections 6 through 18], 40-5-188 through 40-5-191 apply to a contest of a registered convention support order.

(b) may not review the merits of the order.

(6) A tribunal of this state deciding a contest of a registered convention support order shall promptly notify the parties of its decision.

(7) A challenge or appeal, if any, does not stay the enforcement of a convention support order unless there are exceptional circumstances.

Section 13. Recognition and enforcement of registered convention support order. (1) Except as otherwise provided in subsection (2), a tribunal of this state shall recognize and enforce a registered convention support order.

(2) The following grounds are the only grounds on which a tribunal of this state may refuse recognition and enforcement of a registered convention support order:

(a) recognition and enforcement of the order is manifestly incompatible with public policy, including the failure of the issuing tribunal to observe minimum standards of due process, which include notice and an opportunity to be heard;

(b) the issuing tribunal lacked personal jurisdiction consistent with 40-5-145;

(c) the order is not enforceable in the issuing country;

(d) the order was obtained by fraud in connection with a matter of procedure;

(e) a record transmitted in accordance with [section 11] lacks authenticity or integrity;

(f) a proceeding between the same parties and having the same purpose is pending before a tribunal of this state and that proceeding was the first to be filed;

(g) the order is incompatible with a more recent support order involving the same parties and having the same purpose if the more recent support order is entitled to recognition and enforcement under this part in this state;

(h) payment, to the extent alleged arrears have been paid in whole or in part;

(i) in a case in which the respondent neither appeared nor was represented in the proceeding in the issuing foreign country:

(i) if the law of that country provides for prior notice of proceedings, the respondent did not have proper notice of the proceedings and an opportunity to be heard; or

(ii) if the law of that country does not provide for prior notice of the proceedings, the respondent did not have proper notice of the order and an opportunity to be heard in a challenge or appeal on fact or law before a tribunal; or

(j) the order was made in violation of [section 16].

(3) If a tribunal of this state does not recognize a convention support order under subsection (2)(b), (2)(d), or (2)(i):

(a) the tribunal may not dismiss the proceedings without allowing a reasonable time for a party to request the establishment of a new convention support order; and

(b) the department of public health and human services shall take all appropriate measures to request a child support order for the obligee if the application for recognition and enforcement was received under [section 9].

Section 14. Partial enforcement. If a tribunal of this state does not recognize and enforce a convention support order in its entirety, it shall enforce any severable part of the order. An application or direct request may seek recognition and partial enforcement of a convention support order.

Section 15. Foreign support agreement. (1) Except as otherwise provided in subsections (3) and (4), a tribunal of this state shall recognize and enforce a foreign support agreement registered in this state.

(2) An application or direct request for recognition and enforcement of a foreign support agreement must be accompanied by:

(a) a complete text of the foreign support agreement; and

(b) a record stating that the foreign support agreement is enforceable as an order of support in the issuing country.

(3) A tribunal of this state may vacate the registration of a foreign support agreement only if, acting on its own motion, the tribunal finds that recognition and enforcement would be manifestly incompatible with public policy.

(4) In a contest of a foreign support agreement, a tribunal of this state may refuse recognition and enforcement of the agreement if it finds:

(a) recognition and enforcement of the agreement is manifestly incompatible with public policy;

(b) the agreement was obtained by fraud or falsification;

(c) the agreement is incompatible with a support order involving the same parties and having the same purpose in this state, another state, or a foreign country if the support order is entitled to recognition and enforcement under this part in this state; or

(d) the record submitted under subsection (2) lacks authenticity or integrity.

(5) A proceeding for recognition and enforcement of a foreign support agreement must be suspended during the pendency of a challenge to or appeal of the agreement before a tribunal of another state or a foreign country.

Section 16. Modification of convention child support order. (1) A tribunal of this state may not modify a convention child support order if the obligee remains a resident of the foreign country where the support order was issued unless:

(a) the obligee submits to the jurisdiction of a tribunal of this state, either expressly or by defending on the merits of the case without objecting to the jurisdiction at the first available opportunity; or

(b) the foreign tribunal lacks or refuses to exercise jurisdiction to modify its support order or issue a new support order.

(2) If a tribunal of this state does not modify a convention child support order because the order is not recognized in this state, [section 13(3)] applies.

Section 17. Personal information — limit on use. Personal information gathered or transmitted under [sections 6 through 18] may be used only for the purposes for which it was gathered or transmitted.

Section 18. Record in original language — English translation. A record filed with a tribunal of this state under [sections 6 through 18] must be in the original language and, if not in English, must be accompanied by an English translation.

(2) The notice must inform the nonregistering party:

(a) that a registered order is enforceable as of the date of registration in the same manner as an order issued by a tribunal of this state;

(b) that a hearing to contest the validity or enforcement of the registered order must be requested within 20 days after ~~the date of mailing or personal service of the~~ notice *unless the registered order is under [section 12]*;

A court hearing may be conducted by teleconferencing methods. A ~~department~~ *support enforcement agency* hearing must initially be conducted by teleconferencing methods and is subject to the Montana Administrative Procedure Act. The nonregistering party may~~, pursuant to 40-5-190,~~ seek to vacate the registration, to assert any defense to an allegation of noncompliance with the registered order, or to contest the remedies being sought or the amount of any alleged arrearages *pursuant to 40-5-190*.

(2) If the nonregistering party fails to contest the validity or enforcement of the registered *support* order in a timely manner, the order is confirmed by operation of law.

An uncontested portion of the registered *support* order may be enforced by all remedies available under the law of this state.

(3) If the contesting party does not establish a defense under subsection (1) to the validity or enforcement of ~~the~~ *a registered support* order, the registering tribunal shall issue an order confirming the order."

Section 61. Section 40-5-191, MCA, is amended to read:

"40-5-191. Confirmed order. Confirmation of a registered *support* order, whether by operation of law or after notice and hearing, precludes further contest of the order with respect to any matter that could have been asserted at the time of registration."

Section 62. Section 40-5-192, MCA, is amended to read:

"40-5-192. Procedure to register child support order of another state for modification. A party or support enforcement agency seeking to modify or to modify and enforce a child support order issued in another state shall register that order in this state in the same manner provided in 40-5-184 through ~~40-5-186,~~ *40-5-191* ~~40-5-188,~~ and 40-5-271 if the order has not been registered. A petition for modification may be filed ~~either~~ at the same time as a request for registration or later. The pleading must specify the grounds for modification."

Section 63. Section 40-5-193, MCA, is amended to read:

"40-5-193. Effect of registration for modification. A tribunal of this state may enforce a child support order of another state, registered for purposes of modification, in the same manner as if the order had been issued by a tribunal of this state~~. However~~, *but* the registered *support* order may be modified only if the requirements of 40-5-194 have been met."

Section 64. Section 40-5-194, MCA, is amended to read:

"40-5-194. Modification of child support order of another state — *jurisdiction to modify child support order of another state when individual parties reside in this state — notice to issuing jurisdiction.* (1) ~~After a child support order issued in another state has been registered in this state, the responding~~ *If subsection (7) does not apply, upon petition a* tribunal of this state may modify ~~that~~ *a child support* order *that is issued in another state and that is registered in this state* ~~only~~ if ~~subsection (5) does not apply, and~~ after notice and hearing, ~~it~~ *the tribunal* finds that:

(a) the following requirements are met:

(i) *neither* the child~~,~~ *nor* the ~~individual~~ obligee *who is an individual*~~, and~~ *nor* the obligor ~~do not reside~~ *resides* in the issuing state;

(ii) a petitioner who is a nonresident of this state seeks modification; and

(iii) the respondent is subject to the personal jurisdiction of the tribunal of this state; or

However, if the issuing state is a foreign jurisdiction that has not enacted a law or established procedures substantially similar to the procedures under this part, the consent otherwise required of an individual residing in this state is not required for the tribunal to assume jurisdiction to modify the child support order~~.

(2) Modification of a registered child support order is subject to the same requirements, procedures, and defenses that apply to the modification of an order issued by a tribunal of this state, and the order may be enforced and satisfied in the same manner.

(3) A tribunal of this state may not modify any aspect of a child support order that may not be modified under the laws of the issuing state*, including the duration of the obligation of support*. If two or more tribunals have issued child support orders for the same obligor and *same* child, the order that controls and must be recognized under 40-5-151 establishes the aspects of the support order that are nonmodifiable.

(4) In a proceeding to modify a child support order, the law of the state that is determined to have issued the initial controlling order governs the duration of the obligation of support. The obligor's fulfillment of the duty of support established by that order precludes imposition of a further obligation of support by a tribunal of this state.

~~(4)~~*(5)* On *the* issuance of an order *by a tribunal of this state* modifying a child support order issued in another state, ~~a~~ *the* tribunal of this state ~~has~~ *becomes the tribunal having* continuing, exclusive jurisdiction.

(6) Notwithstanding 40-5-145(2) and subsections (1) through (5) of this section, a tribunal of this state retains jurisdiction to modify an order issued by a tribunal of this state if:

(a) one party resides in another state; and

(b) the other party resides outside the United States.

~~(5)~~*(7)* (a) If all of the parties who are individuals reside in this state and the child does not reside in the issuing state, a tribunal of this state has jurisdiction to enforce and modify the issuing state's child support order in a proceeding to register that order.

(b) A tribunal of this state exercising jurisdiction under ~~subsection (5)(a)~~ *this subsection (7)* shall apply the provisions of *40-5-101,* 40-5-103, 40-5-143 through 40-5-152, 40-5-181, and 40-5-184 through 40-5-195*, [sections 1 through 5], and the procedural and substantive law of this state* to the *proceeding for* enforcement or modification ~~proceeding~~. ~~The remaining sections of this part~~ *Sections 40-5-153, 40-5-154, 40-5-158 through 40-5-180, 40-5-183, 40-5-196, and [sections 6 through 13]* do not apply.

~~(6)~~*(8)* Within 30 days after issuance of a modified child support order, the party obtaining the modification shall file a certified copy of the order~~:~~

~~(a)~~ with the issuing tribunal that had continuing, exclusive jurisdiction over the earlier order~~;~~ and

~~(b)~~ in each tribunal in which the party knows that the earlier order has been registered.

~~(7)~~*(9)* A party who obtains the order and fails to file a certified copy is subject to appropriate sanctions by a tribunal in which the issue of failure to file arises. The failure to file does not affect the validity or enforceability of the modified order of the new tribunal of continuing, exclusive jurisdiction."

Section 65. Section 40-5-195, MCA, is amended to read:

"40-5-195. Recognition of order modified in another state. ~~A tribunal of this state shall recognize a modification of its earlier child support order by a tribunal of another~~ *If a child support order issued by a tribunal of this state is modified by a tribunal of another* state that assumed jurisdiction pursuant to ~~this part or a law substantially similar to this part. Except as otherwise provided in this part, the~~ *the Uniform Interstate Family Support Act, a* tribunal of this state ~~shall, upon request~~:

(1) *may* enforce ~~the~~ *its* order that was modified only as to ~~amounts~~ *arrears and interest* accruing before the modification;

~~(2) enforce only nonmodifiable aspects of that order;~~

~~(3)~~*(2) may* provide ~~other~~ appropriate relief ~~only~~ for violations of ~~the~~ *its* order that occurred before the effective date of the modification; and

~~(4)~~*(3) shall* recognize the modifying order of the other state, upon registration, for the purpose of enforcement."

Section 66. Section 40-5-196, MCA, is amended to read:

"40-5-196. Proceeding to determine parentage. ~~(1)~~ A tribunal of this state *authorized to determine parentage of a child* may serve as ~~an initiating or~~ *a* responding tribunal in a proceeding brought under this part ~~or a law or procedure substantially similar to this part, the Uniform Reciprocal Enforcement of Support Act, the Revised Uniform Reciprocal Enforcement of Support Act,~~ or a law or procedure substantially similar to ~~either of those acts to determine whether the petitioner is a parent of a particular child or to determine whether a respondent is a parent of that child~~ *this part*.

~~(2) In a proceeding to determine parentage, a responding tribunal of this state shall apply the rules of this state on choice of law.~~

~~(3) A proceeding to determine parentage directed to:~~

~~(a) the department of public health and human services from an initiating state pursuant to 40-5-263 and this part is subject to the provisions of 40-5-231 through 40-5-237 or Title 40, chapter 6, part 1, as applicable; and~~

~~(b) a district court from an initiating state is subject to the provisions of Title 40, chapter 6, part 1.~~"

Section 67. Section 40-5-197, MCA, is amended to read:

"40-5-197. Uniformity of ~~interpretation~~ *application and construction*. ~~This part must be so construed as to effectuate its general purpose to make uniform~~ *In applying and construing this uniform act, consideration must be given to the need to promote uniformity of* the law with respect to ~~the~~ *its* subject ~~of this part~~ *matter* among states ~~enacting~~ *that enact* it."

Section 68. Section 40-5-272, MCA, is amended to read:

"40-5-272. Application for review of child support orders. (1) Upon the application of the department, the obligor, or the obligee, a support order issued by a district court of this state, ~~or~~ by a court or administrative agency of another state*, tribe, or foreign country,* or a previously issued administrative support order of this state may be reviewed by the department to determine whether the support order should be modified in accordance with the guidelines.

(2) Jurisdiction to conduct the review and to issue a modifying order under 40-5-273, 40-5-277, and 40-5-278 is authorized when:

(a) the obligor and the obligee reside in this state; or

(b) jurisdiction can be obtained as provided under 40-5-231.

Section 2. Section 72-38-301, MCA, is amended to read:

"72-38-301. Representation — basic effect. (1) Notice to a person who may represent and bind another person under this part has the same effect as if notice were given directly to the other person.

(2) The consent of a person who may represent and bind another person under this part is binding on the person represented unless the person represented objects to the representation by notifying the trustee or representative before the consent would otherwise have become effective.

(3) Except as otherwise provided in 72-38-410 and 72-38-602, a person who under this part may represent a settlor who lacks capacity may receive notice and give a binding consent on the settlor's behalf.

(4) A settlor may not represent and bind a beneficiary under this part with respect to the termination or modification of a trust under 72-38-410(1).

(5) In the event of a conflict between this part and part 2 of this chapter, the provisions of part 2 must supersede the contrary provisions in this part."

Section 3. Section 72-38-802, MCA, is amended to read:

"72-38-802. Duty of loyalty. (1) A trustee shall administer the trust solely in the interests of the beneficiaries.

(2) Subject to the rights of persons dealing with or assisting the trustee as provided in ~~72-38-1013~~ *72-38-1012*, a sale, encumbrance, or other transaction involving the investment or management of trust property entered into by the trustee for the trustee's own personal account or that is otherwise affected by a conflict between the trustee's fiduciary and personal interests is voidable by a beneficiary affected by the transaction unless:

(a) the transaction was authorized by the terms of the trust;

(b) the transaction was approved by the court;

(c) the beneficiary did not commence a judicial proceeding within the time allowed by 72-38-1005;

(d) the beneficiary consented to the trustee's conduct, ratified the transaction, or released the trustee in compliance with 72-38-1009; or

(e) the transaction involves a contract entered into or claim acquired by the trustee before the person became or contemplated becoming trustee.

(3) A sale, encumbrance, or other transaction involving the investment or management of trust property is presumed to be affected by a conflict between personal and fiduciary interests if it is entered into by the trustee with:

(a) the trustee's spouse;

(b) the trustee's descendants, siblings, parents, or their spouses;

(c) an agent or attorney of the trustee; or

(d) a corporation or other person or enterprise in which the trustee, or a person who owns a significant interest in the trustee, has an interest that might affect the trustee's best judgment.

(4) A transaction between a trustee and a beneficiary that does not concern trust property but that occurs during the existence of the trust or while the trustee retains significant influence over the beneficiary and from which the trustee obtains an advantage is voidable by the beneficiary unless the trustee establishes that the transaction was fair to the beneficiary. However, a beneficiary's gift to charity or to a trust for a charity's benefit is not voidable by this subsection even though the charity may be, or may have been, serving as trustee of a trust created for the benefit of the beneficiary.

(5) A transaction not concerning trust property in which the trustee engages in the trustee's individual capacity involves a conflict between personal and fiduciary interests if the transaction concerns an opportunity properly belonging to the trust.

(6) An investment by a trustee in securities of an investment company or investment trust to which the trustee or its affiliate provides services in a capacity other than as trustee is not presumed to be affected by a conflict between personal and fiduciary interests if the investment otherwise complies with the prudent investor rule of Title 72, chapter 38, part 9. In addition to its compensation for acting as trustee, the trustee may be compensated by the investment company or investment trust for providing those services out of fees charged to the trust. If the trustee receives compensation from the investment company or investment trust for providing investment advisory or investment management services, the trustee must at least annually notify the persons entitled under 72-38-813 to receive a copy of the trustee's annual report of the rate and method by which that compensation was determined.

(7) In voting shares of stock or in exercising powers of control over similar interests in other forms of enterprise, the trustee shall act in the best interests of the beneficiaries. If the trust is the sole owner of a corporation or other form of

enterprise, the trustee shall elect or appoint directors or other managers who will manage the corporation or enterprise in the best interests of the beneficiaries.

(8) This section does not preclude the following transactions, if fair to the beneficiaries:

(a) an agreement between a trustee and a beneficiary relating to the appointment or compensation of the trustee;

(b) payment of reasonable compensation to the trustee;

(d) a deposit of trust money in a regulated financial-service institution operated by the trustee; or

(e) an advance by the trustee of money for the protection of the trust.

(9) The court may appoint a special fiduciary to make a decision with respect to any proposed transaction that might violate this section if entered into by the trustee."

Section 4. Section 72-38-1008, MCA, is amended to read:

"72-38-1008. Exculpation of trustee. (1) A term of a trust relieving a trustee of liability for breach of trust is unenforceable to the extent that it:

(a) relieves the trustee of liability for breach of trust committed in bad faith or with reckless indifference to the fiduciary duties of the trustee, the terms or purposes of the trust, or the interests of the beneficiaries;

(b) was inserted as the result of an abuse by the trustee of a fiduciary or confidential relationship to the settlor; or

(c) relieves the trustee of accountability for profits derived from a breach of trust.

(2) An exculpatory term drafted or caused to be drafted by the trustee is invalid as an abuse of a fiduciary or confidential relationship unless the trustee proves that the exculpatory term is fair under the circumstances~~,~~ *and* that its existence and contents were adequately communicated to the settlor~~, and that the settlor was represented by independent legal counsel before adopting the exculpatory term~~."

Section 5. Section 72-38-1013, MCA, is amended to read:

"72-38-1013. Certification of trust. (1) Instead of furnishing a copy of the trust instrument to a person other than a beneficiary, the trustee may furnish to the person a certification of trust containing the following information:

(a) that the trust exists and the date the trust instrument was executed;

(b) the identity of the settlor;

(c) the identity and address of the currently acting trustee;

(d) the relevant powers of the trustee;

(e) the revocability or irrevocability of the trust and the identity of any person holding a power to revoke the trust; ~~and~~

(f) the authority of cotrustees to sign or otherwise authenticate and whether all or less than all are required in order to exercise powers of the trustee*; and*

(g) if the governing law of the trust is not the law of Montana, the identity of the state whose laws govern the trust.

(2) A certification of trust may be signed or otherwise authenticated by any trustee. Upon request, the trustee shall acknowledge the certification in order that the certification may be recorded.

(3) A certification of trust must state that the trust has not been revoked, modified, or amended in any manner that would cause the representations contained in the certification of trust to be incorrect.

(4) A certification of trust need not contain the dispositive terms of a trust.

(5) A recipient of a certification of trust may require the trustee to furnish copies of those excerpts from the original trust instrument and later amendments that designate the trustee and confer upon the trustee the power to act in the pending transaction.

(6) A person who acts in reliance upon a certification of trust without knowledge that the representations contained therein are incorrect is not liable to any person for so acting and may assume without inquiry the existence of the facts contained in the certification. Knowledge of the terms of the trust may not be inferred solely from the fact that a copy of all or part of the trust instrument is held by the person relying upon the certification.

(7) A person who in good faith enters into a transaction in reliance upon a certification of trust may enforce the transaction against the trust property as if the representations contained in the certification were correct.

(8) A person making a demand for the trust instrument in addition to a certification of trust or excerpts is liable for damages if the court determines that the person did not act in good faith in demanding the trust instrument.

(9) This section does not limit the right of a person to obtain a copy of the trust instrument when required to be furnished by law or in a judicial proceeding concerning the trust.

(10) A certification under subsection (1)(g) may not be construed as constituting consent by any person receiving a certification of trust to the jurisdiction or application of laws of any state."

Effective the first full pay period in the month following the board's verification that the plan choice rate unfunded actuarial liability is paid off, the amount equal to 1% of compensation must be allocated to the member's retirement account until the additional employer contributions terminate pursuant to 19-3-316(4)(b).

CHAPTER NO. 192

[HB 36]

AN ACT ALLOWING A CHANGE OF A WATER RIGHT PERMIT VOLUME FOR FAILURE TO COMPLETE APPROPRIATION WITHIN THE PERMIT TIME LIMIT; AMENDING SECTIONS 85-2-312 AND 85-2-402, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-312, MCA, is amended to read:

"85-2-312. Terms of permit. (1) (a) The department may issue a permit for less than the amount of water requested, but may not issue a permit for more water than is requested or than can be beneficially used without waste for the purpose stated in the application. The department may require modification of plans and specifications for the appropriation or related diversion or construction. The department may issue a permit subject to terms, conditions, restrictions, and limitations it considers necessary to satisfy the criteria listed in 85-2-311 and subject to subsection (1)(b), and it may issue temporary or seasonal permits. A permit must be issued subject to existing rights and any final determination of those rights made under this chapter.

(b) If the permit is for use of water with a point of diversion, conveyance, or place of use on national forest system lands, the permit is subject to any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of the water under the permit and any terms, conditions, and limitations related to the use of water contained in any special use authorization required by federal law.

(2) The department shall specify in the permit or in any authorized extension of time provided in subsection (3), the time limits for commencement of the appropriation works, completion of construction, and actual application of the water to the proposed beneficial use. In fixing those time limits, the department shall consider the cost and magnitude of the project, the

engineering and physical features to be encountered, and, on projects designed for gradual development and gradually increased use of water, the time reasonably necessary for that gradual development and increased use. The department shall issue the permit or authorized extension of time subject to the terms, conditions, restrictions, and limitations it considers necessary to ensure that the work on the appropriation is commenced, conducted, and completed and that the water is actually applied in a timely manner to the beneficial use specified in the permit.

(3) The department shall by rule or by condition to a permit establish a process allowing for the extension of the time limits specified in the permit for commencement of the appropriation works, completion of construction, and actual application of water to the proposed beneficial use.

(4) (a) If commencement of the appropriation works, completion of construction, or the actual application of water to the proposed beneficial use is not completed within the time limit specified or within an extension of that time limit, the permit ~~is void upon lapse of the time limit~~ *expires*.

(b) The department shall reinstate an expired permit if the permittee files a written reinstatement request and a project completion notice on forms provided by the department. The reinstatement request and project completion notice must establish the amount of water actually applied to the proposed beneficial use prior to expiration of the permit. Reinstatement of an expired permit under this subsection (4)(b) may not exceed the amount of water actually applied to the proposed beneficial use under the terms of the permit prior to expiration of the permit.

(c) The department shall reinstate the full amount of water authorized by the expired permit, including any portion that was not actually applied to the proposed beneficial use prior to expiration of the permit, if the permittee:

(i) files a written reinstatement request with the department on a form provided by the department;

(ii) proves by clear and convincing evidence that the failure to comply with the permit time limit was the result of excusable neglect; and

(iii) demonstrates that the requirements for an extension of the time limit as set forth by rule or permit condition are satisfied.

(d) A written reinstatement request for an expired permit must be filed within 2 years of the expiration of the permit time limit.

(e) A permit must be reinstated no more than once pursuant to this subsection (4) if the criteria in this subsection (4) have been met. A reinstated permit under subsection (4)(c) must establish time limits for commencement of the appropriation works, completion of construction, and actual application of the water to the proposed beneficial use.

~~(4)~~*(5)* The original of the permit must be sent to the permittee, and a copy must be kept in the office of the department in Helena. *The department shall retain an expired permit in the centralized record system for 2 years.*"

Section 2. Section 85-2-402, MCA, is amended to read:

"85-2-402. Changes in appropriation rights — definition. (1) (a) The right to make a change in appropriation right subject to the provisions of this section in an existing water right, a permit, or a state water reservation is recognized and confirmed. In a change in appropriation right proceeding under this section, there is no presumption that an applicant for a change in appropriation right cannot establish lack of adverse effect prior to the adjudication of other rights in the source of supply pursuant to this chapter.

Except as provided in 85-2-410 and subsections (15) and (16) of this section, an appropriator may not make a change in an appropriation right without the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(b) If an application involves a change in a point of diversion, conveyance, or place of use located on national forest system lands, the application is not correct and complete until the applicant has submitted proof to the department of any written special use authorization required by federal law for the proposed change in occupancy, use, or traverse of national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

(2) Except as provided in subsections (4) through (6), (15), (16), and (18) and, if applicable, subject to subsection (17), the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed change in appropriation right will not adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under part 3.

(b) The proposed means of diversion, construction, and operation of the appropriation works are adequate, except for:

(i) a change in appropriation right for instream flow pursuant to 85-2-320 or 85-2-436;

(ii) a temporary change in appropriation right for instream flow pursuant to 85-2-408; or

(iii) a change in appropriation right pursuant to 85-2-420 for mitigation or marketing for mitigation.

(c) The proposed use of water is a beneficial use.

(d) The applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use or, if the proposed change involves a point of diversion, conveyance, or place of use on national forest system lands, the applicant has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water. This subsection (2)(d) does not apply to:

(i) a change in appropriation right for instream flow pursuant to 85-2-320 or 85-2-436;

(ii) a temporary change in appropriation right for instream flow pursuant to 85-2-408; or

(iii) a change in appropriation right pursuant to 85-2-420 for mitigation or marketing for mitigation.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

(a) the criteria in subsection (2) are met; and

(b) the proposed change in appropriation right is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and

(b) for the withdrawal and transportation of appropriated water for out-of-state use, the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(6) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(a) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(b) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(a)(ii) and (6)(a)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(c) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in appropriation right in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change in appropriation right. The department shall provide notice and may hold one or more hearings upon any other proposed change in appropriation right if it determines that the proposed change in appropriation right might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change in appropriation right subject to the terms, conditions, restrictions, and limitations that it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change in appropriation right. The department may extend time limits specified in the change in appropriation right approval under the applicable criteria and procedures of 85-2-312~~(3)~~.

(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change in appropriation right is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change in appropriation right approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change in appropriation right approval should not be modified or revoked. If the appropriator fails to show sufficient

cause, the department may modify or revoke the change in appropriation right approval.

(11) The original of a change in appropriation right approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(12) A person holding an issued permit or change in appropriation right approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change in appropriation right pursuant to this section.

(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section.

(14) The department may adopt rules to implement the provisions of this section.

(15) (a) An appropriator may change an appropriation right for a replacement well without the prior approval of the department if:

(i) the appropriation right is for:

(A) ground water outside the boundaries of a controlled ground water area; or

(B) ground water inside the boundaries of a controlled ground water area and if the provisions of the rule establishing the controlled ground water area do not restrict a change in appropriation right;

(ii) the change in appropriation right is to replace an existing well and the existing well will no longer be used;

(iii) the rate and volume of the appropriation from the replacement well are equal to or less than that of the well being replaced and do not exceed:

(A) 450 gallons a minute for a municipal well; or

(B) 35 gallons a minute and 10 acre-feet a year for all other wells;

(iv) the water from the replacement well is appropriated from the same aquifer as the water appropriated from the well being replaced; and

(v) a timely, correct and complete notice of replacement well is submitted to the department as provided in subsection (15)(b).

(b) (i) After completion of a replacement well and appropriation of ground water for a beneficial use, the appropriator shall file a notice of replacement well with the department on a form provided by the department.

(ii) (A) The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete.

(B) If the replacement well is located on national forest system lands, the notice is not correct and complete under this subsection (15) until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the replacement well.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The

appropriator shall refile a corrected and completed notice of replacement well within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iv) If a notice of replacement well is not completed within the time allowed, the appropriator shall:

(A) cease appropriation of water from the replacement well pending approval by the department; and

(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).

(c) The provisions of this subsection (15) do not apply to an appropriation right abandoned under 85-2-404.

(d) For each well that is replaced under this subsection (15), the appropriator shall follow the well abandonment procedures, standards, and rules adopted by the board of water well contractors pursuant to 37-43-202.

(e) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (15)(a).

(16) (a) An appropriator may change an appropriation right without the prior approval of the department for the purpose of constructing a redundant water supply well in a public water supply system, as defined in 75-6-102, if the redundant water supply well:

(i) withdraws water from the same ground water source as the original well; and

(ii) is required by a state or federal agency.

(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.

(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. The department may return a defective notice of construction to the appropriator for correction and completion. If the redundant water supply well is located on national forest system lands, the notice is not correct and complete under this subsection until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the redundant water supply well.

(d) The provisions of subsections (9) and (10) do not apply to a change in appropriation right that meets the requirements of this subsection (16).

(17) The department shall accept and process an application for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320 and this section and to benefit the fishery resource pursuant to 85-2-436 and this section.

(18) (a) An appropriator may change an appropriation right for a replacement point of diversion without the prior approval of the department if:

(i) the existing point of diversion is inoperable due to natural causes or deteriorated infrastructure;

(ii) there are no other changes to the water right;

(iii) the capacity of the diversion is not increased;

(iv) there are no points of diversion or intervening water rights between the existing point of diversion and the replacement point of diversion or the appropriator obtains written waivers from all intervening water right holders;

(v) the replacement point of diversion is on the same surface water source and is located as close as reasonably practicable to the existing point of diversion;

(vi) the replacement point of diversion replaces an existing point of diversion and the existing point of diversion will no longer be used;

(vii) the appropriator can show that the existing point of diversion has been used in the 10 years prior to the notice for change of appropriation right for a replacement point of diversion;

(viii) the appropriator can show the change will not increase access to water availability, change the method of irrigation, if applicable, or increase the amount of water diverted, used, or consumed; and

(ix) a timely, correct and complete notice of replacement point of diversion is submitted to the department as provided in subsection (18)(b).

(b) (i) Within 60 days after completion of a replacement point of diversion, the appropriator shall file a notice of replacement point of diversion with the department on a form provided by the department.

(ii) The department shall review the notice of replacement point of diversion and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (18)(a) have been met and the notice is correct and complete. The department may inspect the diversion to confirm that the criteria under subsection (18)(a) have been met. If the department issues an authorization of a change in an appropriation right for a replacement point of diversion, the department shall prepare a notice of the authorization and provide notice of the authorization in the same manner as required in 85-2-307 for applications.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement point of diversion has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement point of diversion within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iv) If a notice of replacement point of diversion is not filed and completed within the time allowed or if the department determines the criteria under subsection (18)(a) have not been met, the appropriator shall:

(A) cease appropriation of water from the replacement point of diversion pending approval by the department; and

(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).

(c) The provisions of this subsection (18) do not apply to an appropriation right abandoned under 85-2-404.

(d) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (18)(a).

(e) (i) An appropriator may file a correct and complete objection with the department alleging that the change in appropriation right for a replacement point of diversion will adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under Title 85, chapter 2, part 3.

(ii) If the department determines after a contested case hearing between the appropriator and the objector that the rights of other appropriators have been or will be adversely affected, it may revoke the change or make the change subject to terms, conditions, restrictions, or limitations necessary to protect the rights of other appropriators.

(iii) The burden of proof to prove lack of adverse effect at the hearing is on the appropriator changing the point of diversion."

CHAPTER NO. 193

[HB 39]

AN ACT ALLOWING USE OF ELECTRONIC FUNDS TRANSFERS FOR CERTAIN PAYMENTS RELATED TO THE SALE AND LEASE OF STATE TRUST LAND; AND AMENDING SECTIONS 77-1-905 AND 77-2-363, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-1-905, MCA, is amended to read:

"77-1-905. Rental provisions for commercial leasing — payments and credits — administration — lease options. (1) The first year's annual rental payment for state trust land leased for commercial purposes must be paid by cashier's check *or electronic funds transfer, as defined in 32-6-103*, and payment is due upon execution of the lease. The department may require the lessee of state trust land for commercial purposes to pay the department's cost of the request for proposals process, including publication and other reasonable expenses. Failure to ~~pay~~ *make* the first year's rental *payment* at the time of lease execution must result in the cancellation of the lease and forfeiture of all money paid. In the event of cancellation or in the event that the successful proposer is offered and does not accept the lease, the board may enter into negotiations with other persons who submitted a proposal for commercial purposes in response to the department request for proposals on that tract.

(2) The board shall specify in any commercial lease an annual rental *payment* equal to the full market rental value of the land. The annual ~~rent~~ *rental payment* may not be less than the product of the appraised value of the land multiplied by a rate that is 2 percentage points a year less than the rate of return of the unified investment program administered by the board of investments pursuant to 17-6-201. The rate of return from the unified investment program used in this subsection must be determined no less than 30 days prior to the execution of the competitive bid. A commercial lease may include a rental adjustment formula established by the board that periodically adjusts the annual ~~rent~~ *rental payment* provided for in the lease at frequencies specified in the lease. The board may allow a credit against the annual ~~rent due~~ *rental payment* for payments made by the lessee on behalf of the state of Montana for construction of structures and improvements, special improvement district assessments, annexation fees, or other city or county fees attributable to the state's property interest in land leased for commercial purposes. The board may accept as lawful consideration in-kind payments of services or materials equal to the full market *rental* value ~~of the rent~~ calculated ~~to be owed on~~ *for* any commercial lease. A lease issued under this part may include an amortization schedule to be used to determine the value to the lessee of improvements when the lease is terminated.

(3) The department may use funds appropriated from the trust land administration account provided for in 77-1-108 to contract with realtors, property managers, surveyors, legal counsel, or lease administrators to administer the commercial lease, either singly or in common with other leases, or to provide assistance to the department in the administration of commercial leases.

(4) In anticipation of entering into a commercial lease, the board may issue an option to lease at a rental rate that the board determines to be appropriate. An option to lease may not exceed a term of 2 years. An option to lease may not be construed to grant a right of immediate possession or control over the land but may only preserve the optionholder's exclusive right to obtain a commercial lease on the land in the future."

Section 2. Section 77-2-363, MCA, is amended to read:

"77-2-363. Land banking land sales and limitations — sale preparation costs. (1) (a) The board may not cumulatively sell or dispose of more than 250,000 acres of state land. Seventy-five percent of the acreage cumulatively sold must be isolated parcels that do not have a legal right of access by the public. At any one time during the life of the land banking process, the board may not sell more than 20,000 acres of state land unless the board has acted to use the revenue from that land to make purchases pursuant to 77-2-364.

(b) The estimated fair market value must be determined by a Montana-licensed and Montana-certified appraiser.

(5) (a) Except as provided in subsection (6), when the lessee has initiated a sale of land under this section, the lessee shall remit to the department the

estimated costs of preparing the parcel for sale, including but not limited to appraisals, cultural surveys, environmental review pursuant to Title 75, chapter 1, parts 1 through 3, and land surveys, if necessary. (6) A party may terminate a collaborative law process with or without cause.

(7) Notwithstanding the discharge or withdrawal of a collaborative lawyer, a collaborative law process continues if, not later than 30 days after the date that the notice of the discharge or withdrawal of a collaborative lawyer required by subsection (5) is sent to the parties:

(a) the unrepresented party engages a successor collaborative lawyer; and

(b) in a signed record:

(i) the parties consent to continue the process by reaffirming the collaborative law participation agreement;

(ii) the agreement is amended to identify the successor collaborative lawyer; and

(iii) the successor collaborative lawyer confirms the lawyer's representation of a party in the collaborative process.

(8) A collaborative law process does not conclude if, with the consent of the parties, a party requests a tribunal to approve a resolution of the collaborative matter or any part thereof as evidenced by a signed record.

(9) A collaborative law participation agreement may provide additional methods of concluding a collaborative law process.

Section 5. Proceedings pending before tribunal — status report. (1) Persons in a proceeding pending before a tribunal may sign a collaborative law participation agreement to seek to resolve a collaborative matter related to the proceeding. The parties shall file promptly with the tribunal a notice of the agreement after it is signed. Subject to subsection (3) and [sections 6 and 7], the filing operates as an application for a stay of the proceeding.

(2) The parties shall file promptly with the tribunal notice in a record when a collaborative law process concludes. The stay of the proceeding under subsection (1) is lifted when the notice is filed. The notice may not specify any reason for termination of the process.

(3) A tribunal in which a proceeding is stayed under subsection (1) may require the parties and collaborative lawyers to provide a status report on the collaborative law process and the proceeding. A status report may include only information on whether the process is ongoing or concluded. It may not include a report, assessment, evaluation, recommendation, finding, or other communication regarding a collaborative law process or collaborative law matter.

(4) A tribunal may not consider a communication made in violation of subsection (3).

(5) A tribunal shall provide parties notice and an opportunity to be heard before dismissing a proceeding in which a notice of collaborative process is filed based on delay or failure to prosecute.

Section 6. Emergency order. During a collaborative law process, a tribunal may issue emergency orders to protect the health, safety, welfare, or interest of a party.

Section 7. Approval of agreement by tribunal. A tribunal may approve an agreement resulting from a collaborative law process.

Section 8. Disqualification of collaborative lawyer and lawyers in associated law firm. (1) Except as provided in subsection (3), a collaborative lawyer is disqualified from appearing before a tribunal to represent a party in a proceeding related to the collaborative matter.

(2) Except as provided in subsection (3) and [sections 9 and 10], a lawyer in a law firm with which the collaborative lawyer is associated is disqualified from

appearing before a tribunal to represent a party in a proceeding related to the collaborative matter if the collaborative lawyer is disqualified from doing so under subsection (1).

(3) A collaborative lawyer or a lawyer in a law firm with which the collaborative lawyer is associated may represent a party:

(a) to ask a tribunal to approve an agreement resulting from the collaborative law process; or

(b) to seek or defend an emergency order to protect the health, safety, welfare, or interest of a party or household member if a successor lawyer is not immediately available to represent that person.

(4) If subsection (3)(b) applies, a collaborative lawyer or a lawyer in a law firm with which the collaborative lawyer is associated may represent a party or household member only until the person is represented by a successor lawyer or reasonable measures are taken to protect the health, safety, welfare, or interest of the person.

Section 9. Low-income parties. (1) The disqualification provision contained in [section 8(1)] applies to a collaborative lawyer representing a party with or without a fee.

(2) After a collaborative law process concludes, another lawyer in a law firm with which a collaborative lawyer disqualified under [section 8(1)] is associated may represent a party without a fee in the collaborative matter or a matter related to the collaborative matter if:

(a) the party has an annual income that qualifies the party for free legal representation under the criteria established by the law firm for free legal representation;

(b) the collaborative law participation agreement so provides; and

(c) the collaborative lawyer is isolated from any participation in the collaborative matter or a matter related to the collaborative matter through procedures within the law firm that are reasonably calculated to isolate the collaborative lawyer from such participation.

Section 10. Governmental entity as party. (1) The disqualification provision contained in [section 8(1)] applies to a collaborative lawyer representing a party that is a government or governmental subdivision, agency, or instrumentality.

(2) After a collaborative law process concludes, another lawyer in a law firm with which the collaborative lawyer is associated may represent a government or governmental subdivision, agency, or instrumentality in the collaborative matter or a matter related to the collaborative matter if:

(a) the collaborative law participation agreement so provides; and

(b) the collaborative lawyer is isolated from any participation in the collaborative matter or a matter related to the collaborative matter through procedures within the law firm that are reasonably calculated to isolate the collaborative lawyer from such participation.

Section 11. Disclosure of information. Except as provided by law, during the collaborative law process, on the request of another party, a party shall make timely, full, candid, and informal disclosure of information related to the collaborative matter without formal discovery. A party also shall promptly update previously disclosed information that has materially changed. The parties may define the scope of disclosure during the collaborative law process.

Section 12. Standards of professional responsibility and mandatory reporting not affected. [Sections 1 through 21] do not affect:

(1) the professional responsibility obligations and standards applicable to a lawyer or other licensed professional; or

(2) the obligation of a person to report abuse or neglect, abandonment, or exploitation of a child or adult under the law of this state.

Section 13. Appropriateness of collaborative law process. Before a prospective party signs a collaborative law participation agreement, a prospective collaborative lawyer shall:

(1) assess with the prospective party factors the lawyer reasonably believes relate to whether a collaborative law process is appropriate for the prospective party's matter;

(2) provide the prospective party with information that the lawyer reasonably believes is sufficient for the party to make an informed decision about the material benefits and risks of a collaborative law process as compared to the material benefits and risks of other reasonably available alternatives for resolving the proposed collaborative matter, such as litigation, mediation, arbitration, or expert evaluation; and

(3) advise the prospective party that:

(a) after signing an agreement, if a party initiates a proceeding or seeks tribunal intervention in a pending proceeding related to the collaborative matter, the collaborative law process terminates;

(b) participation in a collaborative law process is voluntary and any party has the right to terminate unilaterally a collaborative law process with or without cause; and

(c) the collaborative lawyer and any lawyer in a law firm with which the collaborative lawyer is associated may not appear before a tribunal to represent a party in a proceeding related to the collaborative matter, except as authorized by [section 8(3), 9(2), or 10(2)].

Section 14. Coercive or violent relationship. (1) Before a prospective party signs a collaborative law participation agreement, a prospective collaborative lawyer shall make reasonable inquiry whether the prospective party has a history of a coercive or violent relationship with another prospective party.

(2) Throughout a collaborative law process, a collaborative lawyer reasonably and continuously shall assess whether the party the collaborative lawyer represents has a history of a coercive or violent relationship with another party.

(3) If a collaborative lawyer reasonably believes that the party the lawyer represents or the prospective party who consults the lawyer has a history of a coercive or violent relationship with another party or prospective party, the lawyer may not begin or continue a collaborative law process unless:

(a) the party or the prospective party requests beginning or continuing a process; and

(b) the collaborative lawyer reasonably believes that the safety of the party or prospective party can be protected adequately during a process.

Section 15. Confidentiality of collaborative law communication. A collaborative law communication is confidential to the extent agreed by the parties in a signed record or as provided by law.

Section 16. Privilege against disclosure for collaborative law communication — admissibility — discovery. (1) Subject to [sections 17 and 18], a collaborative law communication is privileged under subsection (2), is not subject to discovery, and is not admissible in evidence.

(2) In a proceeding, the following privileges apply:

(a) A party may refuse to disclose, and may prevent any other person from disclosing, a collaborative law communication.

(b) A nonparty participant may refuse to disclose, and may prevent any other person from disclosing, a collaborative law communication of the nonparty participant.

(3) Evidence or information that is otherwise admissible or subject to discovery does not become inadmissible or protected from discovery solely because of its disclosure or use in a collaborative law process.

Section 17. Waiver and preclusion of privilege. (1) A privilege under [section 16] may be waived in a record or orally during a proceeding if it is expressly waived by all parties and, in the case of the privilege of a nonparty participant, it is also expressly waived by the nonparty participant.

(2) A person that makes a disclosure or representation about a collaborative law communication that prejudices another person in a proceeding may not assert a privilege under [section 16], but this preclusion applies only to the extent necessary for the person prejudiced to respond to the disclosure or representation.

Section 18. Limits of privilege. (1) There is no privilege under [section 16] for a collaborative law communication that is:

(a) available to the public or made during a session of a collaborative law process that is open or is required by law to be open to the public;

(b) a threat or statement of a plan to inflict bodily injury or commit a crime of violence;

(c) intentionally used to plan a crime, commit or attempt to commit a crime, or conceal an ongoing crime or ongoing criminal activity; or

(d) in an agreement resulting from the collaborative law process, evidenced by a record signed by all parties to the agreement.

(2) The privileges under [section 16] for a collaborative law communication do not apply to the extent that a communication is:

(a) sought or offered to prove or disprove a claim or complaint of professional misconduct or malpractice arising from or related to a collaborative law process; or

(b) sought or offered to prove or disprove abuse, neglect, abandonment, or exploitation of a child or adult unless the department of public health and human services is a party to or otherwise participates in the process.

(3) There is no privilege under [section 16] if a tribunal finds, after a hearing in camera, that the party seeking discovery or the proponent of the evidence has shown the evidence is not otherwise available, the need for the evidence substantially outweighs the interest of protecting confidentiality, and the collaborative law communication is sought or offered in:

(a) a court proceeding involving a felony or misdemeanor; or

(b) a proceeding seeking rescission or reformation of a contract arising out of the collaborative law process or in which a defense to avoid liability on the contract is asserted.

(4) If a collaborative law communication is subject to an exception under subsection (2) or (3), only the part of the communication necessary for the application of the exception may be disclosed or admitted.

(5) Disclosure or admission of evidence excepted from the privilege under subsection (2) or (3) does not make the evidence or any other collaborative law communication discoverable or admissible for any other purpose.

(6) The privileges under [section 16] do not apply if the parties agree in advance in a signed record, or if a record of a proceeding reflects agreement by the parties, that all or part of a collaborative law process is not privileged. This subsection does not apply to a collaborative law communication made by a person that did not receive actual notice of the agreement before the communication was made.

Section 19. Authority of tribunal in case of noncompliance. (1) If an agreement fails to meet the requirements of [section 3] or a lawyer fails to comply with [section 14 or 15], a tribunal may still find that the parties intended to enter into a collaborative law participation agreement if they:

(a) signed a record indicating an intention to enter into a collaborative law participation agreement; and

(b) reasonably believed they were participating in a collaborative law process.

(2) If a tribunal makes the findings specified in subsection (1) and the interests of justice require, the tribunal may:

(a) enforce an agreement evidenced by a record resulting from the process in which the parties participated;

(b) apply the disqualification provisions of [sections 4, 5, 8, 9, and 10]; and

(c) apply a privilege under [section 16].

Section 20. Uniformity of application and construction. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

Section 21. Relation to electronic signatures in global commerce act. [Sections 1 through 21] modify, limit, and supersede the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001, et seq., but do not modify, limit, or supersede section 101(c) of that act, 15 U.S.C. 7001(c), or authorize electronic delivery of any of the notices described in section 103(b) of that act, 15 U.S.C. 7003(b).

Section 22. Codification instruction. [Sections 1 through 21] are intended to be codified as an integral part of Title 25, and the provisions of Title 25 apply to [sections 1 through 21].

Section 23. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

CHAPTER NO. 203

[HB 429]

AN ACT ENACTING THE INTERSTATE MEDICAL LICENSURE COMPACT; PROVIDING FOR THE INTERSTATE LICENSURE OF PHYSICIANS; AND DESIGNATING AN APPOINTING AUTHORITY.

Be it enacted by the Legislature of the State of Montana:

Section 1. Enactment — provisions. The Interstate Medical Licensure Compact is enacted into law and entered into with all other jurisdictions joining in the compact in the form substantially as follows:

SECTION 1

PURPOSE

In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the Interstate Medical Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards and provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the

portability of a medical license and ensuring the safety of patients. The compact creates another pathway for licensure and does not otherwise change a state's existing Medical Practice Act. The compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at the time of the physician-patient encounter, and therefore requires the physician to be under the jurisdiction of the state medical board where the patient is located. State medical boards that participate in the compact retain the jurisdiction to impose an adverse action against a license to practice medicine in that state issued to a physician through the procedures in the compact.

SECTION 2
DEFINITIONS

In this compact:

(1) "Bylaws" means those bylaws established by the interstate commission pursuant to Section 11 for its governance, or for directing and controlling its actions and conduct.

(2) "Commissioner" means the voting representative appointed by each member board pursuant to Section 11.

(3) "Conviction" means a finding by a court that an individual is guilty of a criminal offense through adjudication or entry of a plea of guilt or no contest to the charge by the offender. Evidence of an entry of a conviction of a criminal offense by the court shall be considered final for purposes of disciplinary action by a member board.

(4) "Expedited license" means a full and unrestricted medical license granted by a member state to an eligible physician through the process set forth in the compact.

(5) "Interstate commission" means the interstate commission created pursuant to Section 11.

(6) "License" means authorization by a state for a physician to engage in the practice of medicine, which would be unlawful without the authorization.

(7) "Medical Practice Act" means laws and regulations governing the practice of allopathic and osteopathic medicine within a member state.

(8) "Member board" means a state agency in a member state that acts in the sovereign interests of the state by protecting the public through licensure, regulation, and education of physicians as directed by the state government.

(9) "Member state" means a state that has enacted the compact.

(10) "Practice of medicine" means the clinical prevention, diagnosis, or treatment of human disease, injury, or condition requiring a physician to obtain and maintain a license in compliance with the Medical Practice Act of a member state.

(11) "Physician" means any person who:

(a) is a graduate of a medical school accredited by the Liaison Committee on Medical Education, the Commission on Osteopathic College Accreditation, or a medical school listed in the International Medical Education Directory or its equivalent;

(b) passed each component of the United States Medical Licensing Examination (USMLE) or the Comprehensive Osteopathic Medical Licensing Examination (COMLEX-USA) within three attempts, or any of its predecessor examinations accepted by a state medical board as an equivalent examination for licensure purposes;

(c) successfully completed graduate medical education approved by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association;

(d) holds specialty certification or a time-unlimited specialty certificate recognized by the American Board of Medical Specialties or the American Osteopathic Association's Bureau of Osteopathic Specialists;

(e) possesses a full and unrestricted license to engage in the practice of medicine issued by a member board;

(f) has never been convicted, received adjudication, deferred adjudication, community supervision, or deferred disposition for any offense by a court of appropriate jurisdiction;

(g) has never held a license authorizing the practice of medicine subjected to discipline by a licensing agency in any state, federal, or foreign jurisdiction, excluding any action related to nonpayment of fees related to a license;

(h) has never had a controlled substance license or permit suspended or revoked by a state or the United States Drug Enforcement Administration; and

(i) is not under active investigation by a licensing agency or law enforcement authority in any state, federal, or foreign jurisdiction.

(12) "Offense" means a felony, gross misdemeanor, or crime of moral turpitude.

(13) "Rule" means a written statement by the interstate commission promulgated pursuant to Section 12 of the compact that is of general applicability, implements, interprets, or prescribes a policy or provision of the compact, or an organizational, procedural, or practice requirement of the interstate commission, and has the force and effect of statutory law in a member state, and includes the amendment, repeal, or suspension of an existing rule.

(14) "State" means any state, commonwealth, district, or territory of the United States.

(15) "State of principal license" means a member state where a physician holds a license to practice medicine and which has been designated as such by the physician for purposes of registration and participation in the compact.

SECTION 3

ELIGIBILITY

(1) A physician must meet the eligibility requirements as defined in Section 2(11) to receive an expedited license under the terms and provisions of the compact.

(2) A physician who does not meet the requirements of Section 2(11) may obtain a license to practice medicine in a member state if the individual complies with all laws and requirements, other than the compact, relating to the issuance of a license to practice medicine in that state.

SECTION 4

DESIGNATION OF STATE OF PRINCIPAL LICENSE

(1) A physician shall designate a member state as the state of principal license for purposes of registration for expedited licensure through the compact if the physician possesses a full and unrestricted license to practice medicine in that state, and the state is:

(a) the state of primary residence for the physician; or

(b) the state where at least 25% of the practice of medicine occurs; or

(c) the location of the physician's employer; or

(d) if no state qualifies under subsection (1)(a), subsection (1)(b), or subsection (1)(c), the state designated as state of residence for the purpose of federal income tax.

(2) A physician may redesignate a member state as state of principal license at any time, as long as the state meets the requirements in subsection (1).

(3) The interstate commission is authorized to develop rules to facilitate redesignation of another member state as the state of principal license.

SECTION 5

APPLICATION AND ISSUANCE OF EXPEDITED LICENSURE

(1) A physician seeking licensure through the compact shall file an application for an expedited license with the member board of the state selected by the physician as the state of principal license.

(2) Upon receipt of an application for an expedited license, the member board within the state selected as the state of principal license shall evaluate whether the physician is eligible for expedited licensure and issue a letter of qualification, verifying or denying the physician's eligibility, to the interstate commission.

(a) Static qualifications, which include verification of medical education, graduate medical education, results of any medical or licensing examination, and other qualifications as determined by the interstate commission through rule, shall not be subject to additional primary source verification where already primary source verified by the state of principal license.

(b) The member board within the state selected as the state of principal license shall, in the course of verifying eligibility, perform a criminal background check of an applicant, including the use of the results of fingerprint or other biometric data checks compliant with the requirements of the Federal Bureau of Investigation, with the exception of federal employees who have suitability determination in accordance with C.F.R. 731.202.

(c) Appeal on the determination of eligibility shall be made to the member state where the application was filed and shall be subject to the law of that state.

(3) Upon verification in subsection (2), physicians eligible for an expedited license shall complete the registration process established by the interstate commission to receive a license in a member state selected pursuant to subsection (1), including the payment of any applicable fees.

(4) After receiving verification of eligibility under subsection (2) and any fees under subsection (3), a member board shall issue an expedited license to the physician. This license shall authorize the physician to practice medicine in the issuing state consistent with the Medical Practice Act and all applicable laws and regulations of the issuing member board and member state.

(5) An expedited license shall be valid for a period consistent with the licensure period in the member state and in the same manner as required for other physicians holding a full and unrestricted license within the member state.

(6) An expedited license obtained though the compact shall be terminated if a physician fails to maintain a license in the state of principal licensure for a nondisciplinary reason, without redesignation of a new state of principal licensure.

(7) The interstate commission is authorized to develop rules regarding the application process, including payment of any applicable fees, and the issuance of an expedited license.

SECTION 6

FEES FOR EXPEDITED LICENSURE

(1) A member state issuing an expedited license authorizing the practice of medicine in that state may impose a fee for a license issued or renewed through the compact.

(2) The interstate commission is authorized to develop rules regarding fees for expedited licenses.

SECTION 7

RENEWAL AND CONTINUED PARTICIPATION

(1) A physician seeking to renew an expedited license granted in a member state shall complete a renewal process with the interstate commission if the physician:

(a) maintains a full and unrestricted license in a state of principal license;

(b) has not been convicted, received adjudication, deferred adjudication, community supervision, or deferred disposition for any offense by a court of appropriate jurisdiction;

(c) has not had a license authorizing the practice of medicine subject to discipline by a licensing agency in any state, federal, or foreign jurisdiction, excluding any action related to nonpayment of fees related to a license; and

(d) has not had a controlled substance license or permit suspended or revoked by a state or the United States Drug Enforcement Administration.

(2) Physicians shall comply with all continuing professional development or continuing medical education requirements for renewal of a license issued by a member state.

(3) The interstate commission shall collect any renewal fees charged for the renewal of a license and distribute the fees to the applicable member board.

(4) Upon receipt of any renewal fees collected in subsection (3), a member board shall renew the physician's license.

(5) Physician information collected by the interstate commission during the renewal process will be distributed to all member boards.

(6) The interstate commission is authorized to develop rules to address renewal of licenses obtained through the compact.

SECTION 8

COORDINATED INFORMATION SYSTEM

(1) The interstate commission shall establish a database of all physicians licensed, or who have applied for licensure, under Section 5.

(2) Notwithstanding any other provision of law, member boards shall report to the interstate commission any public action or complaints against a licensed physician who has applied or received an expedited license through the compact.

(3) Member boards shall report disciplinary or investigatory information determined as necessary and proper by rule of the interstate commission.

(4) Member boards may report any nonpublic complaint or disciplinary or investigatory information not required by subsection (3) to the interstate commission.

(5) Member boards shall share complaint or disciplinary information about a physician upon request of another member board.

(6) All information provided to the interstate commission or distributed by member boards shall be confidential, filed under seal, and used only for investigatory or disciplinary matters.

(7) The interstate commission is authorized to develop rules for mandated or discretionary sharing of information by member boards.

SECTION 9

JOINT INVESTIGATIONS

(1) Licensure and disciplinary records of physicians are deemed investigative.

(2) In addition to the authority granted to a member board by its respective Medical Practice Act or other applicable state law, a member board may participate with other member boards in joint investigations of physicians licensed by the member boards.

(3) A subpoena issued by a member state shall be enforceable in other member states.

(4) Member boards may share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

(5) Any member state may investigate actual or alleged violations of the statutes authorizing the practice of medicine in any other member state in which a physician holds a license to practice medicine.

SECTION 10

DISCIPLINARY ACTIONS

(1) Any disciplinary action taken by any member board against a physician licensed through the compact shall be deemed unprofessional conduct which may be subject to discipline by other member boards, in addition to any violation of the Medical Practice Act or regulations in that state.

(2) If a license granted to a physician by the member board in the state of principal license is revoked, surrendered, or relinquished in lieu of discipline, or suspended, then all licenses issued to the physician by member boards shall automatically be placed, without further action necessary by any member board, on the same status. If the member board in the state of principal license subsequently reinstates the physician's license, a license issued to the physician by any other member board shall remain encumbered until that respective member board takes action to reinstate the license in a manner consistent with the Medical Practice Act of that state.

(3) If disciplinary action is taken against a physician by a member board not in the state of principal license, any other member board may deem the action conclusive as to matter of law and fact decided, and:

(a) impose the same or lesser sanctions against the physician so long as such sanctions are consistent with the Medical Practice Act of that state; or

(b) pursue separate disciplinary action against the physician under its respective Medical Practice Act, regardless of the action taken in other member states.

(4) If a license granted to a physician by a member board is revoked, surrendered, or relinquished in lieu of discipline, or suspended, then any license issued to the physician by any other member board shall be suspended, automatically and immediately without further action necessary by the other member board, for 90 days upon entry of the order by the disciplining board, to permit the member board to investigate the basis for the action under the

Medical Practice Act of that state. A member board may terminate the automatic suspension of the license it issued prior to the completion of the 90-day suspension period in a manner consistent with the Medical Practice Act of that state.

SECTION 11

INTERSTATE MEDICAL LICENSURE COMPACT COMMISSION

(1) The member states hereby create the "Interstate Medical Licensure Compact Commission".

(2) The purpose of the interstate commission is the administration of the Interstate Medical Licensure Compact, which is a discretionary state function.

(3) The interstate commission shall be a body corporate and joint agency of the member states and shall have all the responsibilities, powers, and duties set forth in the compact, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of the compact.

(4) The interstate commission shall consist of two voting representatives appointed by each member state who shall serve as commissioners. In states where allopathic and osteopathic physicians are regulated by separate member boards, or if the licensing and disciplinary authority is split between multiple member boards within a member state, the member state shall appoint one representative from each member board. A commissioner shall be:

(a) an allopathic or osteopathic physician appointed to a member board;

(b) an executive director, executive secretary, or similar executive of a member board; or

(c) a member of the public appointed to a member board.

(5) The interstate commission shall meet at least once each calendar year. A portion of this meeting shall be a business meeting to address such matters as may properly come before the commission, including the election of officers. The chairperson may call additional meetings and shall call for a meeting upon the request of a majority of the member states.

(6) The bylaws may provide for meetings of the interstate commission to be conducted by telecommunication or electronic communication.

(7) Each commissioner participating at a meeting of the interstate commission is entitled to one vote. A majority of commissioners shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the interstate commission. A commissioner shall not delegate a vote to another commissioner. In the absence of its commissioner, a member state may delegate voting authority for a specified meeting to another person from that state who shall meet the requirements of subsection (4).

(8) The interstate commission shall provide public notice of all meetings and all meetings shall be open to the public. The interstate commission may close a meeting, in full or in portion, where it determines by a two-thirds vote of the commissioners present that an open meeting would be likely to:

(a) relate solely to the internal personnel practices and procedures of the interstate commission;

(b) discuss matters specifically exempted from disclosure by federal statute;

(c) discuss trade secrets or commercial or financial information that is privileged or confidential;

(d) involve accusing a person of a crime or formally censuring a person;

(e) discuss information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(f) discuss investigative records compiled for law enforcement purposes; or

(g) specifically relate to the participation in a civil action or other legal proceeding.

(9) The interstate commission shall keep minutes which shall fully describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including record of any roll call votes.

(10) The interstate commission shall make its information and official records, to the extent not otherwise designated in the compact or by its rules, available to the public for inspection.

(11) The interstate commission shall establish an executive committee, which shall include officers, members, and others as determined by the bylaws. The executive committee shall have the power to act on behalf of the interstate commission, with the exception of rulemaking, during periods when the interstate commission is not in session. When acting on behalf of the interstate commission, the executive committee shall oversee the administration of the compact including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as necessary.

(12) The interstate commission may establish other committees for governance and administration of the compact.

SECTION 12

POWERS AND DUTIES OF THE INTERSTATE COMMISSION

The interstate commission shall have the duty and power to:

(1) oversee and maintain the administration of the compact;

(2) promulgate rules which shall be binding to the extent and in the manner provided for in the compact;

(3) issue, upon the request of a member state or member board, advisory opinions concerning the meaning or interpretation of the compact, its bylaws, rules, and actions;

(4) enforce compliance with compact provisions, the rules promulgated by the interstate commission, and the bylaws, using all necessary and proper means, including but not limited to the use of judicial process;

(5) establish and appoint committees including, but not limited to, an executive committee as required by Section 11, which shall have the power to act on behalf of the interstate commission in carrying out its powers and duties;

(7) establish and maintain one or more offices;

(8) borrow, accept, hire, or contract for services of personnel;

(9) purchase and maintain insurance and bonds;

(10) employ an executive director who shall have such powers to employ, select, or appoint employees, agents, or consultants, and to determine their qualifications, define their duties, and fix their compensation;

(11) establish personnel policies and programs relating to conflicts of interest, rates of compensation, and qualifications of personnel;

(12) accept donations and grants of money, equipment, supplies, materials and services, and to receive, utilize, and dispose of it in a manner consistent with the conflict of interest policies established by the interstate commission;

(13) lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve or use, any property, real, personal, or mixed;

(14) sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

(15) establish a budget and make expenditures;

(16) adopt a seal and bylaws governing the management and operation of the interstate commission;

(17) report annually to the legislatures and governors of the member states concerning the activities of the interstate commission during the preceding year. Such reports shall also include reports of financial audits and any recommendations that may have been adopted by the interstate commission.

(18) coordinate education, training, and public awareness regarding the compact, its implementation, and its operation;

(19) maintain records in accordance with the bylaws;

(20) seek and obtain trademarks, copyrights, and patents; and

(21) perform such functions as may be necessary or appropriate to achieve the purposes of the compact.

SECTION 13
FINANCE POWERS

(1) The interstate commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the interstate commission and its staff. The total assessment must be sufficient to cover the annual budget approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated upon a formula to be determined by the interstate commission, which shall promulgate a rule binding upon all member states.

(2) The interstate commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same.

(3) The interstate commission shall not pledge the credit of any of the member states, except by, and with the authority of, the member state.

(4) The interstate commission shall be subject to a yearly financial audit conducted by a certified or licensed public accountant and the report of the audit shall be included in the annual report of the interstate commission.

SECTION 14
ORGANIZATION AND OPERATION OF
THE INTERSTATE COMMISSION

(1) The interstate commission shall, by a majority of commissioners present and voting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact within 12 months of the first interstate commission meeting.

(2) The interstate commission shall elect or appoint annually from among its commissioners a chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson, or in the chairperson's absence or disability, the vice-chairperson, shall preside at all meetings of the interstate commission.

(3) Officers selected in subsection (2) shall serve without remuneration from the interstate commission.

(4) The interstate commission shall defend the executive director, its employees, and subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an interstate commission representative, shall defend such interstate commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

SECTION 15

RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

(1) The interstate commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the compact. Notwithstanding the foregoing, in the event the interstate commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the compact, or the powers granted hereunder, then such an action by the interstate commission shall be invalid and have no force or effect.

(2) Rules deemed appropriate for the operations of the interstate commission shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act" of 2010, and subsequent amendments thereto.

(3) Not later than 30 days after a rule is promulgated, any person may file a petition for judicial review of the rule in the United States District Court for the District of Columbia or the federal district where the interstate commission has its principal offices, provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the interstate commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the authority granted to the interstate commission.

SECTION 16

OVERSIGHT OF INTERSTATE COMPACT

(1) The executive, legislative, and judicial branches of state government in each member state shall enforce the compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of the compact and the rules promulgated hereunder shall have standing as statutory law but shall not override existing state authority to regulate the practice of medicine.

(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of the compact which may affect the powers, responsibilities, or actions of the interstate commission.

(3) The interstate commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the interstate commission shall render a judgment or order void as to the interstate commission, the compact, or promulgated rules.

SECTION 17
ENFORCEMENT OF INTERSTATE COMPACT

(1) The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of the compact.

(2) The interstate commission may, by majority vote of the commissioners, initiate legal action in the United States District Court for the District of Columbia, or, at the discretion of the interstate commission, in the federal district where the interstate commission has its principal offices, to enforce compliance with the provisions of the compact, and its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the interstate commission. The interstate commission may avail itself of any other remedies available under state law or the regulation of a profession.

SECTION 18
DEFAULT PROCEDURES

(1) The grounds for default include, but are not limited to, failure of a member state to perform such obligations or responsibilities imposed upon it by the compact, or the rules and bylaws of the interstate commission promulgated under the compact.

(2) If the interstate commission determines that a member state has defaulted in the performance of its obligations or responsibilities under the compact, or the bylaws or promulgated rules, the interstate commission shall:

(a) provide written notice to the defaulting state and other member states of the nature of the default, the means of curing the default, and any action taken by the interstate commission. The interstate commission shall specify the conditions by which the defaulting state must cure its default; and

(b) provide remedial training and specific technical assistance regarding the default.

(3) If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the commissioners and all rights, privileges, and benefits conferred by the compact shall terminate on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

(4) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to terminate shall be given by the interstate commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(5) The interstate commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state or the withdrawal of a member state.

(6) The member state which has been terminated is responsible for all dues, obligations, and liabilities incurred through the effective date of termination including obligations, the performance of which extends beyond the effective date of termination.

(7) The interstate commission shall not bear any costs relating to any state that has been found to be in default or which has been terminated from the compact, unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting state.

(8) The defaulting state may appeal the action of the interstate commission by petitioning the United States District Court for the District of Columbia or the federal district where the interstate commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

SECTION 19

DISPUTE RESOLUTION

(1) The interstate commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states or member boards.

(2) The interstate commission shall promulgate rules providing for both mediation and binding dispute resolution as appropriate.

SECTION 20

MEMBER STATES, EFFECTIVE DATE AND AMENDMENT

(1) Any state is eligible to become a member state of the compact.

(2) The compact shall become effective and binding upon legislative enactment of the compact into law by no less than seven states. Thereafter, it shall become effective and binding on a state upon enactment of the compact into law by that state.

(3) The governors of nonmember states, or their designees, shall be invited to participate in the activities of the interstate commission on a nonvoting basis prior to adoption of the compact by all states.

(4) The interstate commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the interstate commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

SECTION 21

WITHDRAWAL

(1) Once effective, the compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

(2) Withdrawal from the compact shall be by the enactment of a statute repealing the same, but shall not take effect until 1 year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.

(3) The withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the introduction of legislation repealing the compact in the withdrawing state.

(4) The interstate commission shall notify the other member states of the withdrawing state's intent to withdraw within 60 days of its receipt of notice provided under subsection (3).

(5) The withdrawing state is responsible for all dues, obligations, and liabilities incurred through the effective date of withdrawal, including

obligations the performance of which extend beyond the effective date of withdrawal.

(6) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the interstate commission.

(7) The interstate commission is authorized to develop rules to address the impact of the withdrawal of a member state on licenses granted in other member states to physicians who designated the withdrawing member state as the state of principal license.

SECTION 22
DISSOLUTION

(1) The compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one member state.

(2) Upon the dissolution of the compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the interstate commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

SECTION 23
SEVERABILITY AND CONSTRUCTION

(1) The provisions of the compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

(2) The provisions of the compact shall be liberally construed to effectuate its purposes.

(3) Nothing in the compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

SECTION 24
BINDING EFFECT OF COMPACT AND OTHER LAWS

(1) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the compact.

(2) All laws in a member state in conflict with the compact are superseded to the extent of the conflict.

(3) All lawful actions of the interstate commission, including all rules and bylaws promulgated by the commission, are binding upon the member states.

(4) All agreements between the interstate commission and the member states are binding in accordance with their terms.

(5) In the event any provision of the compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

Section 2. Designation of appointing authority. The governor shall appoint members of the board of medical examiners or the board's executive secretary to serve as commissioners on the interstate medical licensure compact commission provided for in [section 1].

Section 3. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 37, chapter 3, and the provisions of Title 37, chapter 3, apply to [sections 1 and 2].

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 53-21-1202, MCA, is amended to read:

"53-21-1202. Crisis intervention programs — *rulemaking authority*. (1) The department shall, subject to available appropriations *for the purposes of this part*, establish crisis intervention programs. The programs must be designed to provide 24-hour emergency admission and care of persons suffering from a mental disorder and requiring commitment in a temporary, safe environment in the community as an alternative to placement in jail.

(2) The department shall provide information and technical assistance regarding needed services and assist counties in developing county plans for crisis intervention services and for the provision of alternatives to jail placement.

(3) The department may provide crisis intervention programs as:

(a) a rehabilitative service under 53-6-101(4)(j); and

(b) a targeted case management service authorized in 53-6-101(4)(n).

(4) The department shall adopt rules to:

(a) implement the grant program provided for in 53-21-1203;

(c) pay for short-term inpatient treatment that is provided pursuant to 53-21-1205."

Section 2. Section 53-21-1203, MCA, is amended to read:

"53-21-1203. State matching fund grants for county crisis intervention, jail diversion, precommitment, and short-term inpatient treatment costs. (a) jail diversion and crisis intervention services to implement 53-21-1201 and 53-21-1202;

(b) insurance coverage against catastrophic precommitment costs if a county insurance pool is established pursuant to 2-9-211; and

(c) short-term inpatient treatment.

(2) Grant amounts must be based on available funding and the prospects that a county or multicounty plan submitted pursuant to subsection (3) will, if implemented, reduce admissions to the state hospital for emergency and court-ordered detention and evaluation and ultimately result in cost savings to the state. The department shall develop a sliding scale for state grants based upon the historical county use of the state hospital with a high-use county receiving a lower percentage of matching funds. The sliding scale must be based upon the number of admissions by county compared to total admissions and upon the population of each county compared to the state population.

(3) In order to be eligible for the state matching funds, a county shall, in the time and manner prescribed by the department:

(a) apply for the funds and include in the grant application a detailed plan for how the county and other local entities will collaborate and commit local funds for the mental health services listed in subsection (1);

(b) develop and submit to the department a county or multicounty jail diversion and crisis intervention services strategic plan pursuant to 53-21-1201 and 53-21-1202, including a plan for community-based or regional emergency and court-ordered detention and examination services and short-term inpatient treatment;

~~(4) The department shall adopt rules by August 1, 2011, to implement the provisions of this section.~~"

Section 3. Section 53-21-1204, MCA, is amended to read:

"53-21-1204. Department to contract for detention beds — ~~rulemaking~~. (1) To the extent funding is appropriated for the purposes of this section, for each service area, as defined in 53-21-1001, the department shall contract with a mental health facility for psychiatric treatment beds that may be used for:

(a) inpatient crisis intervention services needed prior to an involuntary commitment petition being filed; and

(b) emergency detention under 53-21-129 and court-ordered detention under 53-21-124 after an involuntary commitment petition has been filed but before final disposition.

(2) Contracting pursuant to this section must take into consideration county strategic plans developed pursuant to 53-21-1201 and 53-21-1202 and local need for precommitment and short-term inpatient treatment services.

(3) Each contract must provide that for payment of costs for detention, evaluation, and treatment pursuant to subsection (1), the facility shall bill for payment of costs in the order of priority provided for under 53-21-132(2)(a).

(4) Each contract must require the collection and reporting of fiscal and program data in the time and manner prescribed by the department to support program evaluation and measure progress on performance objectives. The department shall establish baseline data on emergency and court-ordered detention admissions to the state hospital from each county and analyze the effect of contracting under this section on state hospital admissions.

~~(5) The department shall adopt rules to implement this section.~~"

Section 4. Appropriation. (1) There is appropriated $1 million from the general fund to the department of public health and human services for the biennium beginning July 1, 2015.

(2) The money must be:

(a) used to pay for short-term inpatient treatment that is provided pursuant to 53-21-1205; and

(b) spent in accordance with rules adopted pursuant to 53-21-1202.

(3) Expenditures from this appropriation are intended to be ongoing and must be included in the budget prepared by the governor for the 2019 biennium.

Section 5. Coordination instruction. If both House Bill No. 2 and [this act] are passed and approved and House Bill No. 2 contains an appropriation of $1 million to the department of public health and human services for the biennium beginning July 1, 2015, for short-term inpatient treatment provided pursuant to 53-21-1205, then [section 4] of [this act] is void.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in [sections 1 through 11], the following definitions apply:

(1) "Amount owed" means the total amount of overpaid benefits or unpaid contributions plus accrued interest as provided in [section 6] and costs and fees awarded as provided in [section 11].

(2) "Benefit recipient" means a benefit recipient as defined in 19-20-101, an alternate payee, or any other person or entity that is entitled to a future payment or that received an overpayment on behalf of the member.

(3) "Error" means any of the following, whether or not intended, that has resulted in or may result in the retirement system paying more or less on behalf of a member than is authorized to be paid or in the retirement system receiving more or less in contributions than is required to be paid to the retirement system pursuant to plan terms:

(a) a clerical mistake;

(b) a failure to fully and correctly perform a required act or provide required information;

(c) an assertion or other representation of fact or circumstance that is not complete and accurate; or

(d) an incorrect understanding, construction, or application of plan terms or other applicable law or policy.

(4) "Overpaid benefits" or "overpayment" means the total amount of all monthly retirement benefits or other amounts paid by the retirement system on behalf of a member due to an error.

(5) "Unpaid contributions" means the total amount of all monthly contributions or other contribution amounts not received by the retirement system due to an error.

Section 2. Correction of errors. The retirement system shall correct errors and, as far as practicable, shall:

(1) in the case of underpaid benefits, adjust future benefit payments so the actuarial equivalent of the benefit to which the member or benefit recipient is correctly entitled will be paid;

(2) in the case of overpaid contributions, refund the excess contributions;

(3) in the case of unpaid contributions, recover the amounts owed for unpaid contributions; and

(4) in the case of overpaid benefits, recover the amounts owed for overpayment.

Section 3. Recovery of unpaid employer contributions. An amount owed for unpaid employer contributions must be paid to the retirement system by the employer and is not subject to reduction for any reason.

Section 4. Recovery of unpaid employee contributions. (1) An amount owed for unpaid employee contributions must be paid to the retirement system by the employer if, at the time the contributions were due, the employer was legally required to pick up and remit the contributions to the retirement system on behalf of the member pursuant to 19-20-602(3)(a) and the unpaid contributions resulted from or were furthered by the employer's error.

(2) An amount owed for unpaid employee contributions not payable by the employer under subsection (1) must be paid to the retirement system by the member or benefit recipient.

Section 5. Recovery of overpayments. (1) Subject to subsection (2), an amount owed to the retirement system for overpaid benefits must be recovered as follows:

(a) from any retirement benefit or other amount payable by the retirement system to a benefit recipient; or

(b) through repayment by a benefit recipient who received an overpayment or by the estate of the benefit recipient.

(2) If an overpayment resulted from or was furthered by an employer's error, the employer is jointly and severally liable for all amounts owed to the retirement system for the overpayment.

Section 6. Interest on overpayments and unpaid contributions. (1) Except as provided in subsection (2), overpaid benefits and unpaid contributions accrue interest at the retirement system's actuarially assumed annual rate of return, compounded monthly. Interest accrues beginning on the date that the first erroneous payment was made or that the contributions were first due and continues to accrue until the amount owed to the retirement system is fully paid.

(2) If overpaid benefits or unpaid contributions resulted solely from an error made by the retirement system, the amount owed may not include interest.

Section 7. Notices required — initial notice — final staff determination. (1) (a) Before taking action to correct an error or recover overpaid benefits or unpaid contributions, the retirement system shall provide a written initial notice to any person or entity from whom the overpayment or unpaid contributions may be recovered.

(b) The initial notice must:

(i) specify the grounds for the retirement system's initial determination that an error has occurred;

(ii) specify, to the extent practicable, the amount owed for overpaid benefits or unpaid contributions;

(iii) identify additional documentation or information, if any, required to be provided to the retirement system for a final staff determination; and

(iv) provide an opportunity for the noticed party or parties to submit additional documentation or information they believe is relevant to the retirement system's determination.

(2) (a) Unless additional time is required for good cause, the retirement system shall issue a final staff determination within 180 days after the date the initial notice was issued.

(b) The final staff determination must specify the process required for a party to appeal the final staff determination to the retirement board.

(3) Notice provided pursuant to this section may be provided to multiple persons or entities as a standardized notice directed to multiple recipients.

Section 8. Statute of limitations. (1) If overpaid benefits or unpaid contributions resulted solely from an error made by the retirement system, the retirement system may recover amounts owed for overpayments or unpaid contributions only for benefits or other amounts actually paid by the retirement system or for contributions that were actually due in the timeframe beginning 24 months prior to the date on which the retirement system issues an initial notice and ending when all amounts owed for overpayments or unpaid contributions are fully paid.

(2) If overpaid benefits or unpaid contributions resulted solely or partially from an error made by an employer, a member, or a benefit recipient, the retirement system may recover all amounts owed for the overpayment or unpaid contributions beginning on the date that the first erroneous payment was made or that contributions were first due. The retirement system may not recover amounts owed under this subsection unless the retirement system issues an initial notice no later than 24 months after the date on which the last payment of a retirement benefit or other amount was made by the retirement system on behalf of the member.

(3) No other statute of limitations or legal or equitable defense to the application of a statute of limitations may be applied to shorten the timeframes in which or for which the retirement system may seek recovery of amounts owed for overpayments or unpaid contributions.

Section 9. Recovery methods. (1) The retirement system may use any or all of the following methods to recover amounts owed from a member or benefit recipient:

(a) accept a lump-sum payment;

(b) accept installment payments;

(c) accept a rollover payment from a member;

(d) actuarially adjust monthly benefit payments;

(e) withhold up to 50% of each monthly benefit payment;

(f) withhold up to 100% of a lump-sum distribution; or

(g) withhold up to 100% of the death benefit payable under 19-20-1001(3) or 19-20-1002(1).

(2) For payment of amounts owed by an employer, the retirement system may use any or all of the following methods:

(a) adjust the amount of subsequent contributions due from the employer;

(b) accept installment payments; or

(c) accept a lump-sum payment.

Section 10. Retirement system's discretion — priority right to recover. (1) Nothing in this part is intended to prohibit retirement system staff from working informally with an employer, a member, or a benefit recipient to mutually resolve an error and recover amounts owed to the retirement system prior to the retirement system taking formal action as provided in this part.

(2) The retirement system has sole discretion to determine the most appropriate method for correcting errors and recovering amounts owed to it.

(3) The retirement system's right to recover amounts owed to it as set forth in this part does not prohibit the retirement system from pursuing any other remedy or penalty available to the retirement system.

(4) The retirement system's right to recover amounts owed to it has priority over the claim of any member, benefit recipient, or other individual or entity claiming an interest in any amount payable by the retirement system to or on behalf of the member.

Section 11. Costs and fees for recovering amounts owed. (1) Unless an overpayment or unpaid contributions resulted solely from an error of the retirement system, in any contested case or other civil proceeding for correction of an error or recovery of an overpayment or unpaid contributions, the retirement system is entitled to the costs enumerated in 25-10-201 and to reasonable attorney fees if:

(a) the retirement system prevails in its claim or defense; and

(b) the court finds, upon judicial review, that the claim or defense of the other party that brought or defended the action was frivolous or was pursued in bad faith.

(2) If there are multiple parties adverse to the retirement system in a contested case, the parties are jointly and severally liable for the costs and fees awarded to the retirement system.

Section 12. Section 19-20-401, MCA, is amended to read:

"19-20-401. Creditable service. (1) The creditable service of a member begins on the date of the member's employment in a capacity prescribed for eligibility in 19-20-302 and accumulates to the member's credit on the basis of the retirement board's policy governing creditable service.

(2) ~~The~~ *Subject to 19-20-405, the* creditable service of a member includes the following:

(3) The retirement board's determination of creditable service under this section is final and conclusive for the purposes of the retirement system unless, at any time, the board discovers an error or fraud in the establishment of creditable service, in which case the board shall redetermine the creditable service.

(4) For a member completing only part-time service during the qualifying period, the first full year's teaching salary used to calculate the cost to purchase creditable service is the salary that the member would have earned if the member's first year part-time salary had been full-time.

(5) A member may not purchase creditable service under this part after retirement benefit payments to the member have started, even if the member returns to active member status."

Section 13. Section 19-20-402, MCA, is amended to read:

Section 23. Section 19-20-715, MCA, is amended to read:

"19-20-715. Earned compensation — limitations. (1) Compensation in excess of the limitations set forth in section 401(a)(17) of the Internal Revenue Code as adjusted for cost-of-living increases must be disregarded for individuals

who are not eligible employees. The limitation on compensation for eligible employees may not be less than the amount that was allowed to be taken into account under this chapter on July 1, 1993. For purposes of this section, an eligible employee is an individual who was a member in the retirement system prior to July 1, 1996. Any changes in the maximum limits under section 401(a)(17) of the Internal Revenue Code must be applied prospectively.

(2) *(a)* ~~In determining a member's retirement allowance under 19-20-802 or 19-20-804, the~~ *The* earned compensation reported in each year ~~of the 3 years that~~ *that is used to* make up the average final compensation may not be greater than 110% of the previous year's *reported* earned compensation ~~included in the calculation of average final compensation or the earned compensation reported to the retirement system, whichever is less~~, ~~except~~ *not including* increases that result from movement on the employer's adopted salary matrix.

~~(3)~~*(b)* Earned compensation in excess of the amount specified in subsection (2)*(a)* is considered termination pay and must be included in the calculation of average final compensation as provided in 19-20-716(1)(b)."

Section 24. Section 19-20-716, MCA, is amended to read:

"19-20-716. Termination pay. (1) If a member terminates and receives termination pay at the time of retirement, the member shall select, subject to subsections (4) and (5), one of the following options:

(a) Option 1—The member may use the total termination pay in the calculation of the member's average final compensation. The member and the employer shall pay contributions to the retirement system as determined by the board to adequately compensate the system for the additional retirement benefit. The contributions must be made at the time of termination.

(b) Option 2—The member may use a yearly amount of the total termination pay added to each of the ~~3~~ consecutive years' salary used in the calculation of the member's average final compensation *under 19-20-805*. To determine the amount of termination pay used in the calculation of average final compensation, termination pay must be divided by the total number of years of creditable service to determine a yearly amount. The member and the employer shall pay contributions on the termination pay according to the rates provided for in 19-20-602, 19-20-605(1), 19-20-608, and 19-20-609. For the purposes of this subsection (1)(b), the employer shall also pay as a contribution an amount equal to the termination pay multiplied by the rate established in 19-20-607 that would have been payable by the state as a supplemental contribution. The contributions must be made at the time of termination.

(c) Option 3—The member may exclude the termination pay from the average final compensation. A contribution is not required of either the member or the employer.

(2) If a member signs a binding, irrevocable written election for either an option 1 or option 2 benefit at least 90 days prior to the member's termination date, the employee contributions required by this section must be picked up by the employer. The binding, irrevocable written election required by this subsection (2) must be signed by both the member and the employer and must contain statements with regard to the contributions required to be made by the member under subsections (1)(a) and (1)(b) that:

(a) the contributions being picked up, although designated as member contributions, are being paid by the employer directly to the system in lieu of contributions by the member and that the picked up contributions are paid from the same source as compensation is paid;

(b) the member may not choose to directly receive the amounts deducted from the member's termination pay instead of having them paid by the employer to the system;

(c) the member may not prepay any portion of the contributions; and

(d) the effective date of the pickup is the date that the irrevocable written election is signed by both the member and employer. The effective date must be at least 90 days prior to the member's date of termination. The pickup does not apply to a contribution made before the effective date of the pickup.

(3) Pursuant to subsection (2), contributions required under subsection (1)(a) or (1)(b) must be:

(a) deducted from the portion of termination pay that:

(i) constitutes wages for the purposes of section 3121 of the Internal Revenue Code, determined without regard to the wage base limitation; and

(ii) can be included in the member's gross income for federal tax purposes; and

(b) picked up by the employer, except as provided in subsections (4) and (5).

(4) A member's contributions greater than the total amount of the member's termination pay may not be picked up by the employer and are subject to the limitations of section 415 of the Internal Revenue Code.

(5) If a member and the member's employer fail to sign the written election within the time period required in subsection (1), the member may contribute for the purposes specified in subsections (1)(a) and (1)(b) on all or any part of the termination pay received. A contribution made pursuant to this subsection may not be picked up by the employer and is subject to the limitations of section 415 of the Internal Revenue Code."

Section 25. Section 19-20-718, MCA, is amended to read:

"19-20-718. Maximum contribution limitation. (1) Notwithstanding any other provision of law to the contrary, the board may modify a request by a participant to make a contribution to the system required under part 4 or 6 of this chapter that would exceed the limits in section 415(c) or 415(n) of the Internal Revenue Code by using the following methods:

(a) The board may establish a periodic payment plan in order to avoid a contribution in excess of the limits of section 415(c) or 415(n) of the Internal Revenue Code.

(b) If the board's option in subsection (1)(a) will not avoid a contribution in excess of the limits in section 415(c) of the Internal Revenue Code, the board may direct the excess contribution to the qualified governmental excess benefit arrangement pursuant to section 415(m) of the Internal Revenue Code if a qualified governmental excess benefit arrangement has been established pursuant to 19-20-212.

(2) If the board's options in subsections (1)(a) and (1)(b) will not avoid a contribution in excess of the limits of section 415(c) of the Internal Revenue Code, the board shall reduce or refuse the contribution.

(3) The board shall use the provisions of section 415(n) of the Internal Revenue Code, as the provisions apply to a government plan, to facilitate member's service purchases. An eligible participant in a retirement plan, as defined by section 1526 of the Taxpayer Relief Act of 1997, 26 U.S.C. 415, may purchase service credit without regard to the limitations of section 415(c)(1) of the Internal Revenue Code under the Montana statutes in effect on August 5, 1997.

(4) (a) For the purpose of calculating the maximum contribution under section 415 of the Internal Revenue Code, the definitions of "compensation", "wages", and "salary" include the amount of any elective deferral, as defined in section 402(g) of the Internal Revenue Code, or any contribution that is contributed or deferred by the employer at the election of the member and that is not includable in the gross income of the member by reason of section 125, 132(f), 403(b), or 457 of the Internal Revenue Code. Any changes in the maximum limits under section 415 of the Internal Revenue Code must be applied prospectively.

(b) For limitation years beginning after December 31, 2000, compensation must also include any elective amounts that are not able to be included in the gross income of the member by reason of section 132(f)(4) of the Internal Revenue Code.

(c) For limitation years beginning on and after September 1, 2009, compensation for the limitation year must also include compensation paid by the later of 2.5 months after a member's severance from employment or the end of the limitation year that includes the date of the member's severance from employment if:

(i) the payment is regular compensation for services during the member's regular working hours or compensation for services outside the member's regular working hours, such as overtime or shift differential, commissions, bonuses, or other similar payments, and absent a severance from employment, the payments would have been paid to the member while the member continued in employment with the employer; or

(ii) the payment is for unused accrued sick, vacation, or other leave that the member would have been able to use if employment had continued.

(d) For limitation years beginning on or after September 1, 2009, a member's compensation for purposes of this section may not exceed the annual limit under section 401(a)(17) of the Internal Revenue Code.

(e) Beginning January 1, 2009, to the extent required by section 414(u)(12) of the Internal Revenue Code, 26 U.S.C. 414(u)(12), a member receiving from an employer differential wage payments as defined under section 3401(h)(2) of the Internal Revenue Code, 26 U.S.C. 3401(h)(2), must be treated as employed by that employer. The differential wage payments must be treated as compensation for purposes of applying the limits on annual additions under section 415(c) of the Internal Revenue Code, 26 U.S.C. 415(c). This provision must be applied to all similarly situated employees in an equivalent manner."

Section 26. Section 19-20-802, MCA, is amended to read:

"19-20-802. Early retirement. (1) (a) A *vested* tier one member who is not eligible for service retirement but ~~who has been credited with at least 5 years of creditable service and~~ has attained the age of 50 is eligible for an early retirement allowance.

(b) A *vested* tier two member who is not eligible for service retirement but ~~who has at least 5 years of creditable service and~~ has attained the age of 55 is eligible for an early retirement allowance.

(2) A member retiring early under subsection (1) must have terminated employment in all positions reportable to the retirement system and must file a written application with the retirement board.

(3) The early retirement allowance must be determined as prescribed in 19-20-804, with the exception that the allowance will be reduced using

actuarially equivalent factors based on the most recent actuarial valuation of the system."

Section 27. Section 19-20-904, MCA, is amended to read:

"19-20-904. Adjustment of allowance. (1) (a) Except as provided by subsection (1)(b), if a retiree receiving a disability retirement allowance is engaged in or is able to engage in a gainful occupation paying more than the difference between the retiree's retirement allowance and the retiree's average final compensation or the difference between the median ~~salary~~ *average final compensation* of those members retired during the preceding fiscal year and the retiree's retirement allowance, whichever is greater, the retirement allowance must be reduced to an amount that, together with the amount earnable by the retiree, is equal to the retiree's average final compensation or the median ~~salary~~ *average final compensation* of those members retired during the preceding fiscal year, whichever is greater.

(b) If a disabled retiree is reemployed with the same employer within 30 days from the member's effective date of retirement or if the retired member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement benefit must be terminated.

(2) If the disabled retiree's earning capacity is changed later, the retirement allowance may be further modified, but the new allowance may not exceed the retirement allowance originally granted or an amount that, when added to the amount earnable by the retiree, equals the retiree's average final compensation.

(3) The board may, in its discretion, require a recipient of a disability retirement allowance to annually submit an earning statement and any documentation necessary to support the earnings of the recipient."

Section 28. Section 19-20-1001, MCA, is amended to read:

"19-20-1001. Allowances for death of member prior to retirement. (1) If a member dies before retirement, the member's accumulated contributions must be paid to the member's estate or to the beneficiary that the member nominated by a written application in a manner prescribed by the board and filed with the retirement board prior to the member's death.

(2) (a) ~~Except as provided in subsection (2)(d), in~~ *In* lieu of benefits provided for in subsection (1), if the deceased member qualified by reason of service for a retirement benefit, the ~~nominated~~ *designated* beneficiary may elect to receive a retirement allowance. The retirement allowance *for the beneficiary of the member* must be determined as prescribed in 19-20-804, without reference to 19-20-715(2)*(a)*, in the same manner as if the member elected option A provided for in 19-20-702(2)(a).

(b) The effective date of the retirement allowance provided for in subsection (2)(a) is the earlier of:

(i) the first of the month following the date of death; or

(ii) the effective date of the member's retirement, as acknowledged in writing by the retirement system before the member's death.

(i) a buyer or a buyer agent any adverse material facts that concern the property and that are known to the statutory broker, except that the statutory broker is not required to inspect the property or verify any statements made by the seller;

(ii) a seller or a seller agent any adverse material facts that are known to the statutory broker and that concern the ability of the buyer to perform on any purchase offer;

(b) exercise reasonable care, skill, and diligence in putting together a real estate transaction; and

(c) comply with all applicable federal and state laws, rules, and regulations.

(7) A dual agent is obligated to a seller in the same manner as a seller agent and is obligated to a buyer in the same manner as a buyer agent under this section except that a dual agent has a duty to disclose to a buyer or seller any adverse material facts that are known to the dual agent, regardless of any confidentiality considerations.

(8) A dual agent may not disclose the following information without the written consent of the person to whom the information is confidential:

(10) A licensed broker or salesperson must obtain an appropriate written buyer broker agreement or written listing agreement prior to performing the acts of a buyer agent or a seller agent. A licensed broker or salesperson who is acting as a buyer agent or a seller agent without a written buyer broker agreement or written listing agreement is nevertheless obligated to comply with the requirements of this chapter.

~~(10)~~*(11)* (a) The agency relationship of a buyer agent, seller agent, or dual agent continues until the earliest of the following dates:

~~(12)~~*(13)* Consistent with the licensee's duties as a buyer agent, a seller agent, a dual agent, or a statutory broker, a licensee shall endeavor to ascertain all pertinent facts concerning each property in any transaction in which the licensee acts so that the licensee may fulfill the obligation to avoid error, exaggeration, misrepresentation, or concealment of pertinent facts."

AN ACT INCREASING MOTOR VEHICLE LIABILITY INSURANCE MINIMUM REQUIREMENTS FOR PROPERTY DAMAGE; AMENDING SECTION 61-6-103, MCA; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-6-103, MCA, is amended to read:

"61-6-103. Motor vehicle liability policy minimum limits — other requirements. (1) A motor vehicle liability policy must:

(a) designate by explicit description or by appropriate reference all motor vehicles with respect to the coverage to be granted; and

(b) insure the person named in the policy and any other person, as insured, using any motor vehicle or motor vehicles with the express or implied permission of the named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance, or use of the motor vehicle or motor vehicles within the United States of America or Canada, subject to limits exclusive of interest and costs, with respect to each motor vehicle, as follows:

(i) $25,000 because of bodily injury to or death of one person in any one accident and subject to the limit for one person;

(ii) $50,000 because of bodily injury to or death of two or more persons in any one accident; and

(iii) ~~$10,000~~ *$20,000* because of injury to or destruction of property of others in any one accident.

(2) An operator's policy of liability insurance must insure the person named as insured in the policy against loss from the liability imposed upon the operator by law for damages arising out of the use by the operator of any motor vehicle not owned by the operator, within the same territorial limits and subject to the same limits of liability that are set forth in subsection (1) with respect to the operator's policy of liability insurance.

(3) A motor vehicle liability policy must state the name and address of the named insured, the coverage afforded by the policy, the premium charged for the policy, the policy period, and the limits of liability and contain an agreement or be endorsed that insurance is provided under the policy in accordance with the coverage defined in this part with respect to bodily injury and death or property damage, or both, and is subject to all the provisions of this part.

(4) A motor vehicle liability policy need not insure any liability under any workers' compensation law or any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured or while engaged in the operation, maintenance, or repair of a motor vehicle or any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

(5) A motor vehicle liability policy is subject to the following provisions, which need not be contained in the policy:

(a) The liability of the insurance carrier with respect to the insurance required by this part becomes absolute whenever injury or damage covered by the motor vehicle liability policy occurs. The policy may not be canceled or annulled as to the liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage. A statement made by the insured or on behalf of the insured and a violation of the policy may not defeat or void the policy.

(b) The satisfaction by the insured of a judgment for the injury or damage may not be a condition precedent to the right or duty of the insurance carrier to make payment on account of the injury or damage.

(c) The insurance carrier has the right to settle any claim covered by the policy, and if the settlement is made in good faith, the amount is deductible from the limits of liability specified in subsection (1)(b).

(d) The policy, the written application for the policy, if any, and any rider or endorsement that does not conflict with the provisions of this part constitute the entire contract between the parties.

(6) A motor vehicle policy is not subject to cancellation, termination, nonrenewal, or premium increase due to injury or damage incurred by the insured or operator unless the insured or operator is found to have violated a traffic law or ordinance of the state or a city, is found negligent or contributorily negligent in a court of law or by the arbitration proceedings contained in chapter 5 of Title 27, or pays damages to another party, whether by settlement or otherwise. A premium may not be increased during the term of the policy unless there is a change in exposure.

(7) Any policy that grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy, and the excess or additional coverage is not subject to the provisions of this part. With respect to a policy that grants the excess or additional coverage, the term "motor vehicle liability policy" applies only to that part of the coverage required by this section.

(8) A motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this part.

(9) A motor vehicle liability policy may provide for the prorating of the insurance under the policy with other valid and collectible insurance.

(10) The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers, which policies together meet the requirements.

(11) Any binder issued pending the issuance of a motor vehicle liability policy fulfills the requirements for the policy.

(12) A reduced limits endorsement may not be issued by a company to be attached to a policy issued in compliance with this section."

Section 2. Applicability. [This act] applies to motor vehicle insurance liability policies issued or renewed on or after January 1, 2016.

(2) (a) An elected county superintendent of schools must receive, in addition to the salary based upon subsection (1), the sum of $400 a year, except that an elected county superintendent of schools who holds a master of arts degree or a master's degree in education, with an endorsement in school administration, from a unit of the Montana university system or an equivalent institution may, at the discretion of the county commissioners, receive, in addition to the salary based upon subsection (1), up to $2,000 a year.

(b) If the uniform base salary set for county officials pursuant to subsection (1) is increased, then the county attorney is entitled to at least the same increase unless the increase would cause the county attorney's salary to exceed the salary of a district court judge.

(c) (i) After completing 4 years of service as deputy county attorney, each deputy county attorney is entitled to an increase in salary of $1,000 on the anniversary date of employment as deputy county attorney. (B) The appointments in subjection (4)(a)(v)(A) are not mandatory.

(b) The county compensation board shall hold hearings annually for the purpose of reviewing the compensation paid to county officers. The county compensation board may consider the compensation paid to comparable officials in other Montana counties, other states, state government, federal government, and private enterprise.

(c) The county compensation board shall prepare a compensation schedule for the elected county officials, including the county attorney, for the succeeding fiscal year. The schedule must take into consideration county variations, including population, the number of residents living in unincorporated areas, assessed valuation, motor vehicle registrations, building permits, and other

[SB 338]

AN ACT EXCLUDING CERTAIN VEHICLES FROM CERTAIN MAXIMUM WEIGHT LIMITATIONS IF TRAVELING ON PORTIONS OF MONTANA HIGHWAY 16; EXTENDING RULEMAKING AUTHORITY; AND AMENDING SECTION 61-10-107, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-107, MCA, is amended to read:

"61-10-107. (Temporary) Maximum gross weight. (1) (a) An axle may not carry a load in excess of 20,000 pounds, and no two consecutive axles more than 40 inches or less than 96 inches apart may carry a load in excess of 34,000 pounds. An axle load is the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes 40 inches apart, extending across the full width of the vehicle. For purposes of this section, axles 40 inches or less apart are considered to be a single axle. Except as provided in subsection (1)(b), the maximum gross weight allowed on a vehicle, group of axles, or combination of vehicles must be determined by the formula:

$$W = 500((LN/(N - 1)) + 12N + 36)$$

in which W equals gross weight, L equals wheelbase in feet, and N equals number of axles, except that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more. The maximum gross weight allowed on a vehicle may not exceed the weight limits adopted by the department. The department shall adopt rules for weight limits based upon the most recent version of 23 CFR, part 658, appendix c, for vehicles operating in Montana.

(b) A vehicle traveling on U.S. highway 93 from the border between Canada and the United States to 10 miles south of the border *or on Montana highway 16 from the border between Canada and the United States to 20 miles south of the border* is subject to the specific maximum allowable gross weight limit provided in rules adopted by the department but is not subject to maximum gross weight limits determined by the formula in subsection (1)(a).

(2) (a) Notwithstanding a vehicle's conformance with the requirements of subsection (1), except for the steering axle, all axles weighing over 11,000 pounds must have at least four tires or have wide-base tires. The maximum load on an axle, other than a steering axle, equipped with wide-base tires is limited to 500 pounds for each inch of tire width.

(b) The provisions of subsection (2)(a) do not apply to passenger buses.

(c) For the purposes of this section, wide-base tires are tires that are 14 or more inches in nominal width. The maximum tire weight limit is computed for wide-base tires based on the number of inches shown on the tire marking, or if the tire marking is shown by metric size, the tire weight limit is computed by conversion of the metric size.

(3) This section does not apply to highways that are a part of the national system of interstate and defense highways (as referred to in 23 U.S.C. 127) when application of this section would prevent this state from receiving federal funds for highway purposes. (Terminates on occurrence of contingency—sec. 2, Ch. 342, L. 2005.)

61-10-107. (Effective on occurrence of contingency) Maximum gross weight. (1) An axle may not carry a load in excess of 20,000 pounds, and no two consecutive axles more than 40 inches or less than 96 inches apart may carry a load in excess of 34,000 pounds. An axle load is the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes 40 inches apart, extending across the full width of the vehicle. For purposes of this section, axles 40 inches or less apart are considered to be a single axle. The maximum gross weight allowed on a vehicle, group of axles, or combination of vehicles must be determined by the formula:

$W = 500((LN/(N - 1)) + 12N + 36)$

in which W equals gross weight, L equals wheelbase in feet, and N equals number of axles, except that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more. The maximum gross weight allowed on a vehicle may not exceed the weight limits adopted by the department. The department shall adopt rules for weight limits based upon the most recent version of 23 CFR, part 658, appendix c, for vehicles operating in Montana.

(2) (a) Notwithstanding a vehicle's conformance with the requirements of subsection (1), except for the steering axle, all axles weighing over 11,000 pounds must have at least four tires or have wide-base tires. The maximum load on an axle, other than a steering axle, equipped with wide-base tires is limited to 500 pounds for each inch of tire width.

(b) The provisions of subsection (2)(a) do not apply to passenger buses.

(c) For the purposes of this section, wide-base tires are tires that are 14 or more inches in nominal width. The maximum tire weight limit is computed for wide-base tires based on the number of inches shown on the tire marking, or if the tire marking is shown by metric size, the tire weight limit is computed by conversion of the metric size.

(3) This section does not apply to highways that are a part of the national system of interstate and defense highways (as referred to in 23 U.S.C. 127) when application of this section would prevent this state from receiving federal funds for highway purposes."

The tax incentive is available to a facility for the first 6 years from the date that the facility begins production. The facility shall file a business plan with the department at least 2 years before the estimated beginning date of production. (4) (a) Except as provided in subsection (5), if a benefit or payment is overpaid or paid to a person not entitled to receive the benefit or payment, the board may recover the full amount of the improper distribution, plus interest set at the assumed rate of return on the system's investments. The interest must be compounded annually and be applied monthly and must accrue from the date the recipient of the improper distribution received a final determination notice of the improper distribution until the total amount owed to the retirement system pursuant to this subsection (4) is paid in full.

(b) To recover an amount owed pursuant to this subsection (4), the board may adjust future benefit payments or arrange for another method of payment. For collection of amounts due, the board may pursue all remedies available by law to it, including but not limited to initiating a lawsuit or assigning or referring the debt to an attorney or collection agency.

(c) The board is entitled to recover its reasonable costs for pursuing collection, including but not limited to attorney fees or charges assessed by a collection agency. These costs may be added to the principal amount due under this subsection (4) and accrue interest as provided in subsection (4)(a).

(d) The recipient of an improperly paid benefit or payment is liable for repayment of the total amount owed pursuant to this subsection (4).

(e) The board may, for good cause, waive some or all of the interest charges or collection costs that may be assessed under this subsection (4).

(5) (a) If overpaid benefits or unpaid contributions resulted solely from an error made by the retirement system:

(i) the retirement system may recover the amount owed only with respect to the timeframe beginning 24 months prior to the date on which the retirement system issues an initial notice of the amount owed and ending when the amount owed is paid in full; and

(ii) interest may not be charged if the amount owed is paid within 30 days after issuance of the final staff determination.

(b) If the amount owed is not paid in full within 30 days after issuance of the final staff determination, the amount owed accrues interest at the retirement system's actuarially assumed annual rate of return, compounded monthly, beginning on the 31st day after issuance of the final staff determination. Interest continues to accrue until the amount owed to the retirement system is fully paid."

The retirement benefit for any retiree exceeding this 960-hour limitation in any calendar year after retirement must be temporarily reduced $1 for each $1 earned after working 960 hours in that calendar year.

(2) A retired member who is 65 years of age or older but less than 70 1/2 years of age, who has been terminated from employment for at least 90 days, and who returns to employment covered by the retirement system is either subject to the 960-hour limitation of subsection (1) or may earn in any calendar year an amount that, when added to the retiree's current annual retirement benefit, will not exceed the member's annualized highest average compensation, adjusted for inflation as of January 1 of the current calendar year, whichever limitation

provides the higher limit on earned compensation to the retiree. Upon reaching the applicable limitation, the retiree's benefits must be temporarily reduced $1 for each $1 of compensation earned in service beyond the applicable limitation during that calendar year.

(3) (a) The employer of a retiree returning to employment covered by the retirement system shall certify to the board the number of hours worked by the retiree and the gross compensation paid to the retiree in that employment during any pay period after retirement. The certification of hours and compensation may be submitted electronically pursuant to rules adopted by the board.

(6) ~~Except as provided in subsection (5), if~~ *If* a retired member is employed by an employer in a position that is reportable to the retirement system and the retired member is concurrently working for the employer in another position that is not reportable to the system, the position that is not reportable is considered to be part of the position that is reportable to the retirement system. All earnings of the retired member that are generated by these positions are reportable to the retirement system.

(7) For the purposes of this section, "employment covered by the retirement system" includes:

Section 13. Section 19-3-1210, MCA, is amended to read:

"19-3-1210. Death payments to designated beneficiaries of retired members. (1) When a retired member receiving an option 1 retirement benefit under 19-3-1501 dies, the member's designated beneficiary or, if there is no surviving designated beneficiary, the member's estate must be paid the amount, if any, of the member's accumulated contributions calculated as of the day of the member's retirement minus the total of any retirement benefits already paid from the member's account.

(2) If a retired member receiving an option 2 or 3 retirement benefit under 19-3-1501 dies with no surviving contingent annuitant, the member's designated beneficiary or, if there is no surviving designated beneficiary, the member's estate must be paid the amount, if any, of the member's accumulated

contributions calculated as of the day of the member's retirement minus the total of any retirement benefits already paid from the member's account.

(3) This section does not apply if the member was receiving a disability benefit. *The member's accumulated contributions may not be reduced by the disability benefits already paid unless the disability benefit was converted to a service retirement benefit pursuant to 19-2-406(5).*"

Section 14. Section 19-3-1501, MCA, is amended to read:

"19-3-1501. Optional forms of benefits — designation of contingent annuitant. (1) The retirement benefit of a member or the survivorship benefit of a designated beneficiary who so elects must be converted, in lieu of all other benefits under this chapter, into an optional retirement benefit that is the actuarial equivalent of the original benefit. If the member does not elect an optional retirement benefit pursuant to subsection (2), the member's retirement benefit is known as an option 1 benefit.

(2) An optional retirement benefit under this subsection (2) is initially payable during the member's or designated beneficiary's lifetime, with a subsequent benefit, depending on the option selected, to a contingent annuitant as follows:

(a) option 2—a continuation of the optional retirement benefit after the death of the initial payee and payable during the lifetime of the named contingent annuitant. This option may be the chosen benefit only if the adjusted age difference between the member or designated beneficiary and the contingent annuitant, other than the member's or designated beneficiary's spouse, is 10 years or less. The adjusted age difference is either:

(i) the excess of the age of the member or designated beneficiary over the age of the nonspouse contingent annuitant based on their ages on their birthdays in a calendar year; or

(ii) if the member or designated beneficiary is under 70 years of age, the age difference determined in subsection (2)(a)(i) reduced by the number of years that the member or designated beneficiary is under 70 years of age on the member's or beneficiary's birthday in the calendar year that contains the benefit starting date.

(b) option 3—a continuation of one-half of the optional retirement benefit after the death of the initial payee and payable during the lifetime of the named contingent annuitant;

(c) option 4—a continuation of the optional retirement benefit to one or more contingent annuitants in the event of the initial payee's death before the end of a period certain, determined as follows:

(i) the period certain commences at the time that the initial payee first begins receiving the retirement benefit and is available as either:

(A) a 10-year period certain if the member retired at 75 years of age or younger; or

(B) a 20-year period certain if the member retired at 65 years of age or younger;

(ii) if there is more than one surviving contingent annuitant, each contingent annuitant must receive a proportion of the initial payee's benefit on a share-and-share-alike basis;

(iii) if all surviving contingent annuitants die prior to the end of the period certain and the last remaining contingent annuitant has failed to name a designated beneficiary, the remaining payments must be converted to an

equivalent lump-sum amount and paid to the estate of the last surviving contingent annuitant.

(3) The member or the designated beneficiary who elects an optional retirement benefit under subsection (2) shall file a written application with the board prior to the first payment of the benefit. A contingent annuitant must be identified on the application.

(4) If the member or designated beneficiary or the named contingent annuitant dies before the first payment has been made under option 2 or 3, the election of the option is automatically canceled.

(5) If the member dies after ~~retirement~~ *terminating service* and within 30 days ~~from~~ *after* the date that the member's written application electing or changing an election of an optional retirement benefit under subsection (2) is received by the board, then the election is void.

(6) After the member or designated beneficiary has received and accepted an initial retirement benefit payment, the member may not change the selected option except as provided in subsection (7).

(7) A retired member receiving an optional retirement benefit pursuant to subsection (2)(a) or (2)(b) may file a written application with the board to have the member's optional retirement benefit revert to the regular retirement benefit available at the time of the member's retirement if:

(a) the original contingent annuitant has died, in which case the optional benefit must revert effective on the first day of the month following the contingent annuitant's death; or

(b) the member's marriage to the original contingent annuitant has been dissolved and the original contingent annuitant has not been granted the right to receive the optional retirement benefit as part of a family law order, as defined in 19-2-907. The benefit must then revert effective on the first day of the month following receipt of the written application and verification that the family law order does not grant the optional benefit to the original contingent annuitant.

(8) A member who applies to revert under subsection (7) shall, at the time of the application, choose one of the following alternatives:

(a) revert to the member's original option 1 retirement benefit, increased by the amount of any adjustments received by the member since the effective date of the member's retirement;

(b) retain the same option 2 or option 3 originally selected but name a new contingent annuitant; or

(c) select a different option under subsection (2) and name a new contingent annuitant.

(9) If the member selects an alternative under subsection (8)(b) or (8)(c), the member's retirement benefit must be calculated based on the member's and the new contingent annuitant's ages at the time of this election.

(10) A written application pursuant to subsection (7) must be filed with the board within 18 months of the death of or dissolution of marriage to the contingent annuitant."

Section 16. Section 19-5-701, MCA, is amended to read:

"19-5-701. Optional forms of benefits — designation of contingent annuitant. (1) The retirement benefit of a member or the survivorship benefit of a designated beneficiary who so elects must be converted, in lieu of all other benefits under this chapter, into an optional retirement benefit that is the actuarial equivalent of the original benefit. If the member does not elect an optional retirement benefit pursuant to subsection (2), the member's retirement benefit is known as an option 1 benefit.

(2) An optional retirement benefit under this subsection (2) is initially payable during the member's or designated beneficiary's lifetime, with a subsequent benefit, depending on the option selected, to a contingent annuitant as follows:

(a) option 2—a continuation of the optional retirement benefit after the death of the initial payee and payable during the lifetime of the named contingent annuitant. This option may be the chosen benefit only if the adjusted age difference between the member or designated beneficiary and the contingent annuitant, other than the member's or designated beneficiary's spouse, is 10 years or less. The adjusted age difference is either:

(i) the excess of the age of the member or designated beneficiary over the age of the nonspouse contingent annuitant based on their ages on their birthdays in a calendar year; or

(ii) if the member or designated beneficiary is under 70 years of age, the age difference determined in subsection (2)(a)(i) reduced by the number of years that the member or designated beneficiary is under 70 years of age on the member's or beneficiary's birthday in the calendar year that contains the benefit starting date.

(b) option 3—a continuation of one-half of the optional retirement benefit after the death of the initial payee and payable during the lifetime of the named contingent annuitant;

(c) option 4—a continuation of the optional retirement benefit to one or more contingent annuitants in the event of the initial payee's death before the end of a period certain, determined as follows:

(i) the period certain commences at the time that the initial payee first begins receiving the retirement benefit and is available as either:

(A) a 10-year period certain if the member retired at 75 years of age or younger; or

(B) a 20-year period certain if the member retired at 65 years of age or younger;

(ii) if there is more than one surviving contingent annuitant, each contingent annuitant must receive a proportion of the initial payee's benefit on a share-and-share-alike basis;

(iii) if all surviving contingent annuitants die prior to the end of the period certain and the last remaining contingent annuitant has failed to name a designated beneficiary, the remaining payments must be converted to an equivalent lump-sum amount and paid to the estate of the last surviving contingent annuitant.

(3) The member or designated beneficiary who elects an optional retirement benefit under subsection (2) shall file a written application with the board prior to the first payment of the benefit. A contingent annuitant must be identified on the application.

(4) If the member or designated beneficiary or the named contingent annuitant dies before the first payment has been made under option 2 or 3, the election of the option is automatically canceled.

(5) If the member dies after ~~retirement~~ *terminating service* and within 30 days ~~from~~ *after* the date that the member's written application electing or changing an election of an optional retirement benefit under subsection (2) is received by the board, the election is void.

(6) After the member or designated beneficiary has received and accepted an initial retirement benefit payment, the member may not change the selected option except as provided in subsection (7).

(7) A retired member receiving an optional retirement benefit pursuant to subsection (2)(a) or (2)(b) may file a written application with the board to have the member's optional retirement benefit revert to the regular retirement benefit available at the time of the member's retirement if:

(a) the original contingent annuitant has died, in which case the optional benefit must revert effective on the first day of the month following the contingent annuitant's death; or

(b) the member's marriage to the original contingent annuitant has been dissolved and the original contingent annuitant has not been granted the right to receive the optional retirement benefit as part of a family law order, as defined in 19-2-907. The benefit must then revert effective on the first day of the month following receipt of the written application and verification that the family law order does not grant the optional benefit to the original contingent annuitant.

(8) A member who applies to revert under subsection (7) shall, at the time of the application, choose one of the following alternatives:

(a) revert to the member's original option 1 retirement benefit, increased by the amount of any adjustments received by the member since the effective date of the member's retirement;

(b) retain the same option 2 or option 3 originally selected but name a new contingent annuitant; or

(c) select a different option under subsection (2) and name a new contingent annuitant.

(9) If the member selects an alternative under subsection (8)(b) or (8)(c), the member's retirement benefit must be calculated based on the member's and the new contingent annuitant's ages at the time of this election.

(10) A written application pursuant to subsection (7) must be filed with the board within 18 months of the death of or dissolution of marriage to the contingent annuitant."

(2) When a retired member not covered under 19-5-901 and receiving an option 1 retirement benefit under 19-5-701 dies, the member's designated beneficiary must be paid the amount, if any, of the member's accumulated contributions calculated as of the day of the member's retirement minus the total of any retirement benefits already paid from the member's account. At the designated beneficiary's request, the lump sum may be paid as an actuarially equivalent annuity that will not be subject to increases for any purpose.

(3) When a retired member covered under 19-5-901 and receiving an option 1 retirement benefit under 19-5-701 dies, the member's designated beneficiary must be paid the amount, if any, of the member's accumulated contributions calculated as of the day of the member's retirement minus the total of any retirement benefits already paid from the member's account.

AN ACT INCREASING THE AMOUNT OF UNIVERSAL SYSTEM BENEFITS FUNDS USED BY A PUBLIC UTILITY FOR LOW-INCOME ENERGY AND WEATHERIZATION ASSISTANCE; CLARIFYING WAYS A PUBLIC UTILITY MAY PROVIDE ASSISTANCE; AMENDING SECTIONS 69-8-402 AND 69-8-412, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-8-402, MCA, is amended to read:

"69-8-402. Universal system benefits programs. (1) Universal system benefits programs are established for the state of Montana to ensure continued funding of and new expenditures for energy conservation, renewable resource projects and applications, and low-income energy assistance.

(2) Beginning January 1, 1999, 2.4% of each utility's annual retail sales revenue in Montana for the calendar year ending December 31, 1995, is established as the initial funding level for universal system benefits programs. To collect this amount of funds on an annualized basis in 1999, the commission shall establish rates for utilities subject to its jurisdiction and the governing boards of cooperatives shall establish rates for the cooperatives.

(a) The recovery of all universal system benefits programs costs imposed pursuant to this section is authorized through the imposition of a universal system benefits charge assessed at the meter for each local utility system customer as provided in this section.

(b) A utility must receive credit toward annual funding requirements for the utility's internal programs or activities that qualify as universal system benefits programs, including those amortized or nonamortized portions of expenditures for the purchase of power that are for the acquisition or support of renewable energy, conservation-related activities, or low-income energy assistance, and for large customers' programs or activities as provided in subsection (7). The department of revenue shall review claimed credits of the utilities and large customers pursuant to 69-8-414.

(c) A utility at which the sale of power for final end use occurs is the utility that receives credit for the universal system benefits programs expenditure.

(d) A customer's utility shall collect universal system benefits funds less any allowable credits.

(e) For a utility to receive credit for low-income-related expenditures, the activity must have taken place in Montana.

(f) If a utility's or a large customer's credit for internal activities does not satisfy the annual funding provisions of subsection (2), then the utility shall make a payment to the universal system benefits fund established in 69-8-412 for any difference.

(3) Cooperative utilities may collectively pool their statewide credits to satisfy their annual funding requirements for universal system benefits programs and low-income energy assistance.

(4) A utility's transition plan must describe how the utility proposes to provide for universal system benefits programs, including the methodologies, such as cost-effectiveness and need determination, used to measure the utility's level of contribution to each program.

(5) *(a)* A *cooperative* utility's minimum annual funding requirement for low-income energy and weatherization assistance is established at 17% of the *cooperative* utility's annual universal system benefits funding level and is inclusive within the overall universal system benefits funding level.

(b) A public utility's minimum annual funding requirement for low-income energy and weatherization assistance is established at 50% of the public utility's annual universal system benefits funding level and is inclusive within the overall universal system benefits funding level.

~~(a)~~*(c)* A utility must receive credit toward the utility's low-income energy assistance annual funding requirement for the utility's internal low-income energy assistance programs or activities. *Internal programs and activities may include providing low-income energy and weatherization assistance on Indian reservations.*

~~(b)~~*(d)* If a utility's credit for internal activities does not satisfy its annual funding requirement, then the utility shall make a payment for any difference to the universal low-income energy assistance fund established in 69-8-412.

(6) An individual customer may not bear a disproportionate share of the local utility's funding requirements, and a sliding scale must be implemented to provide a more equitable distribution of program costs.

(7) (a) A large customer:

(i) shall pay a universal system benefits programs charge with respect to the large customer's qualifying load equal to the lesser of:

(A) $500,000, less the large customer credits provided for in this subsection (7); or

(B) the product of 0.9 mills per kilowatt hour multiplied by the large customer's total kilowatt hour purchases, less large customer credits with respect to that qualifying load provided for in this subsection (7);

(ii) must receive credit toward that large customer's universal system benefits charge for internal expenditures and activities that qualify as a universal system benefits programs expenditure, and these internal expenditures must include but not be limited to:

(A) expenditures that result in a reduction in the consumption of electrical energy in the large customer's facility; and

(B) those amortized or nonamortized portions of expenditures for the purchase of power at retail or wholesale that are for the acquisition or support of renewable energy or conservation-related activities.

(b) Large customers making these expenditures must receive a credit against the large customer's universal system benefits charge, except that any of those amounts expended in a calendar year that exceed that large customer's universal system benefits charge for the calendar year must be used as a credit against those charges in future years until the total amount of those expenditures has been credited against that large customer's universal system benefits charges.

(8) (a) A public utility shall prepare and submit an annual summary report of the public utility's activities relating to all universal system benefits programs to the commission, the department of revenue, and the energy and telecommunications interim committee provided for in 5-5-230. A cooperative utility shall prepare and submit annual summary reports of activities to the cooperative utility's respective local governing body, the statewide cooperative utility office, and the energy and telecommunications interim committee. The statewide cooperative utility office shall prepare and submit an annual summary report of the activities of individual cooperative utilities, including a summary of the pooling of statewide credits, as provided in subsection (3), to the department of revenue and the energy and telecommunications interim committee. The annual report of a public utility or of the statewide cooperative utility office must include but is not limited to:

(i) the types of internal utility and customer programs being used to satisfy the provisions of this chapter;

(ii) the level of funding for those programs relative to the annual funding requirements prescribed in subsection (2); and

(iii) any payments made to the statewide funds in the event that internal funding was below the prescribed annual funding requirements.

(b) Before September 15 of the year preceding a legislative session, the energy and telecommunications interim committee shall review the universal system benefits programs and, if necessary, submit recommendations regarding these programs to the legislature.

(9) A utility or large customer filing for a credit shall develop and maintain appropriate documentation to support the utility's or the large customer's claim for the credit.

(10) (a) A large customer claiming credits for a calendar year shall submit an annual summary report of its universal system benefits programs activities and expenditures to the department of revenue and to the large customer's utility. The annual report of a large customer must identify each qualifying project or expenditure for which it has claimed a credit and the amount of the credit. Prior approval by the department of revenue or the utility is not required, except as provided in subsection (10)(b).

(b) If a large customer claims a credit that the department of revenue disallows in whole or in part, the large customer is financially responsible for the disallowance. A large customer and the large customer's utility may mutually agree that credits claimed by the large customer be first approved by the utility. If the utility approves the large customer credit, the utility may be financially responsible for any subsequent disallowance."

Section 2. Section 69-8-412, MCA, is amended to read:

"69-8-412. Funds established — fund administrators designated — purpose of funds — department rulemaking authority to administer funds. (1) If, pursuant to 69-8-402(2)(f) or ~~(5)(b)~~ *(5)(d)*, there is any positive difference between credits and the annual funding requirement, the department of revenue shall establish one or both of the following funds:

(a) a fund to provide for universal system benefits programs other than low-income energy assistance. The department of environmental quality shall administer this fund.

(b) a fund to provide universal low-income energy assistance. The department of public health and human services shall administer this fund.

(2) The purpose of these funds is to fund universal system benefits programs.

(3) The department of environmental quality and the department of public health and human services shall expend the money in each representative fund on universal system benefits programs in the utility service territory from which the money was received.

(4) The department of environmental quality and the department of public health and human services may adopt rules that administer and expend the money in each respective fund based on an annual assessment of identified funding needs in the utility service territory from which the money was received. In assessing the funding needs, the departments shall solicit utility and public comment from the utility service territory from which the money was received. The annual assessment must also take into account existing utility and large customer universal system benefits programs expenditures."

Section 3. Coordination instruction. If both Senate Bill No. 11 and [this act] are passed and approved and if both amend 69-8-402, then the sections amending 69-8-402 are void and 69-8-402 must be amended as follows:

For purposes of this section and the limit of liability contained in 2-9-108, all claims that arise or derive from personal injury to or death of a single person, or damage to property of a person, regardless of the number of persons or entities claiming damages, are considered one claim.

The remaining commissioners shall appoint one of these three to fill the vacancy. Whenever the remaining commissioners are unable to elect an appointee from the submitted list, they shall request a second list of three names from the county central committee. The second list may not contain any of the names submitted on the first list. The remaining commissioners shall then select an appointee from the individuals named on both lists.

(b) If the former incumbent was independent*, nonpartisan,* or ~~was~~ originally nominated by a party that does not meet the requirements of 13-10-601 or if the vacancy occurs from a failure to elect, the remaining commissioners shall invite applications for the vacancy in a notice published as provided in 13-1-108 and shall accept an application from any person who has lived in the unrepresented district for at least 2 years *immediately* preceding the day the vacancy occurs. The remaining commissioners shall appoint one of these applicants to fill the vacancy.

(3) Whenever a vacancy occurs prior to August 1 before the general election held during the second or fourth year of the term, an individual must be elected to complete the term at that general election. The election procedure to be used to elect the successor is as follows:

(a) Whenever the vacancy occurs prior to March 1 before the primary election during the second or fourth year of the term, the same procedure must be used as is used to elect county commissioners to full 6-year terms.

A political party shall notify the county election administrator of the party nominee. A person desiring to be a candidate as an independent shall follow the procedures provided in 13-10-501 and 13-10-502. The petition for an independent candidate must be filed with the county election administrator prior to August 1 before the general election. A candidate for a nonpartisan office shall file as provided in Title 13, chapter 14.

(4) Whenever a vacancy occurs after July 31 preceding the general election held during the fourth year of the term, the person appointed by the remaining county commissioners under subsection (2) shall serve until the end of the term.

(5) (a) If multiple vacancies occur simultaneously so that a quorum cannot be established, the county compensation board provided for in 7-4-2503 shall, subject to subsection (5)(c) of this section, appoint enough commissioners to allow for a quorum to be established. The vacancies must be filled in the order in which the commissioners' terms would have expired.

(b) If vacancies occur at different times but, because appointments have not yet been made, a quorum cannot be established, the county compensation board shall, subject to subsection (5)(c), appoint enough commissioners to allow for a quorum to be established. The county compensation board shall appoint each commissioner in the order that the vacancy occurred.

(c) (i) A commissioner appointed under this subsection (5) must meet the residency requirement in 7-4-2104(2) and must be from the same district as the commissioner being replaced.

The county compensation board shall appoint each commissioner from the list of names provided by the county central committee.

(d) Once a quorum can be established, the county commissioners forming the quorum shall appoint the remaining commissioners as provided in this section.

(e) If a county compensation board does not exist, appointments under this subsection (5) must be made by a district judge having jurisdiction in the county.

(6) If a member of the board of county commissioners has submitted the member's resignation as provided in 2-16-502 or if proceedings have begun to remove the member from office under 2-16-501, that member may not be considered to be a remaining member of the commission as provided in this section and may not participate in filling the vacancy to be created when the resignation becomes effective."

AN ACT CREATING A PILOT PROJECT TO IMPROVE OUTCOMES FOR YOUTH IN THE CHILDREN'S MENTAL HEALTH SYSTEM; REQUIRING AN INTERIM STUDY OF EVIDENCE-BASED OUTCOMES; PROVIDING FOR PUBLIC PARTICIPATION IN DEVELOPMENT OF EVIDENCE-BASED OUTCOMES MODELS; REQUIRING COLLECTION AND ANALYSIS OF DATA; PROVIDING FOR DEVELOPMENT OF OPTIONS FOR PERFORMANCE-BASED REIMBURSEMENT; PROVIDING AN APPROPRIATION; AND PROVIDING AN EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Improved youth outcomes for children's mental health services — legislative purpose. (1) The legislature finds that implementing a pilot project for improved youth outcomes may benefit Montana youth who are in the children's mental health system because experiences in other states show that linking provider payments to desired outcomes and quality improvements may result in improved access to care, better integration and coordination of services, child-centered and family-focused planning, earlier and less restrictive interventions, and a reduced number of treatment days.

(2) The department of public health and human services shall establish a pilot project for improving and tracking evidence-based outcomes for providers of children's mental health services and developing performance-based reimbursement options for providers that are identified by an interim study on improved youth outcomes. The department shall develop the pilot project in accordance with the provisions of [sections 1 through 3].

(3) The department of public health and human services shall collect and analyze existing performance data from existing providers and data related to the pilot project in order to determine its effectiveness and to evaluate whether the use of performance-based reimbursement for services should be extended to other services, geographic regions, or populations.

(4) The purpose of the pilot project is to:

(a) improve youth outcomes by stabilizing youth and their families with appropriate services and supports;

(b) improve the partnership and collaborative efforts between the department of public health and human services and providers of children's mental health services; and

(c) link documented outcomes to performance-based reimbursement options for providers, including but not limited to improvements in:

(i) achieving quality benchmarks;

(ii) integration and coordination of care;

(iii) individualized treatment and care plans;

(iv) focus on community-based services;

(v) efforts to ensure recovery and permanent placement for children who are receiving medicaid mental health services or who are in foster care under the supervision of the state; and

(vi) cost control.

(5) The legislature shall review the results of the pilot project to determine:

(a) if the project should be continued or expanded; and

(b) whether modifications are needed before the use of any evidence-based outcomes model is expanded to include additional children, providers, or services.

Section 2. Scope of pilot project. (1) The pilot project for improved youth outcomes provided for in [sections 1 through 3] may be designed to include services to children who are:

(a) enrolled in medicaid or the healthy Montana kids plan; or

(b) in foster care under the supervision of the state.

(2) Providers are eligible to participate in the pilot project if they:

(a) offer services to youth with serious emotional disturbance as defined by the department of public health and human services by rule;

(b) are licensed as:

(i) a mental health center as defined in 50-5-101;

(ii) a psychiatric residential treatment facility as defined by the department by rule; or

(iii) a child-placing agency under Title 52, chapter 8, part 1.

(3) (a) The pilot project may be limited in scope to a specific:

(i) number of children; and

(ii) geographic region.

(b) The geographic region must include both rural and urban populations.

Section 3. Interim study on improved youth outcomes — study activities. (1) The children, families, health, and human services interim committee shall recommend to the legislature a system for evidence-based outcomes for services provided to youth and options for performance-based reimbursement for providers.

(2) In recommending an evidence-based outcomes model for children's mental health services, the committee shall take into consideration:

(a) the current array of children's mental health services allowed for under the Montana medicaid state plan and any data the department of public health and human services has collected regarding the effectiveness of the services;

(b) the degree to which the array and effectiveness of services offered by a provider may factor into the reimbursement the provider receives under the pilot project;

(c) potential incentives for and risks of the evidence-based outcomes model under review;

(d) existing data that may be relevant to development of the model;

(e) the types of data that must be collected to evaluate the effectiveness of the model; and

(f) the need for changes to the state's information technology systems in order to collect and analyze data.

(3) The committee shall solicit information, research, and recommendations from interested parties, including but not limited to the department of public health and human services, providers of children's mental health services, the mental health program of the western interstate commission on higher education, organizations representing the interests of children with mental health disorders, and family members of children with mental health disorders.

(4) The committee shall hold at least one meeting outside of Helena during the interim to meet with medicaid providers and other interested parties to obtain comment on the elements of an evidence-based outcomes model that:

(a) will best meet the needs of Montana children; and

(b) takes into account the geographic and demographic features of the state.

(5) The committee shall recommend a model after reviewing, in conjunction with the department of public health and human services:

(a) the current medicaid reimbursement system for the services covered by [sections 1 through 3];

(b) the department's system for collecting data related to children's mental health services and payments for the services;

(c) evidence-based outcomes and performance-based reimbursement models used by other states, including enhanced tier payment systems; and

(d) research, recommendations, and other public comment submitted to the committee.

(6) The committee shall make a recommendation to the 2017 legislature on the scope of the pilot project as determined under [section 2(3)] including proposed legislation that contains an evidence-based outcomes model and identifies other elements of a pilot project, including performance-based reimbursement options, to be implemented on July 1, 2017.

Section 4. Codification instruction. [Sections 1 through 3] are intended to be codified as an integral part of Title 53, chapter 6, and the provisions of Title 53, chapter 6, apply to [sections 1 through 3].

~~**Section 5. Appropriation.** There is appropriated $5,000 from the general fund to the legislative services division for the biennium beginning July 1, 2015, to carry out the interim study provided for in [section 3].~~

Section 6. Effective date. [This act] is effective July 1, 2015.

Section 7. Termination. [This act] terminates June 30, 2019.

(5) If the accountability benchmarks contained in 85-2-271 are not met, expenditures from the account in the previous biennium may not be included in the department's base budget, as defined in 17-7-102, for the current biennium. Section 8. Section 85-2-282, MCA, is amended to read:

"85-2-282. (Temporary) Examination of claims in verified basins. (1) At any time prior to the issuance of a final decree, in basins that were evaluated using the verification process rather than the examination process, the owners of water rights in the basin or a specified area in the basin may petition the water court to examine claims in the basin or an area in the basin pursuant to the supreme court rules.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 81-23-202, MCA, is amended to read:

"81-23-202. Licenses — disposition of income. (1) A producer, producer-distributor, distributor, or jobber may not engage in the business of producing or selling milk subject to this chapter in this state without first having obtained a license from the department as provided in 81-22-202 or, in the case of milk entering this state from another state or foreign nation, without complying with the requirements of the Montana Food, Drug, and Cosmetic Act and without being licensed under this chapter by the board. The annual fee for the license is $2, is due before July 1, and must be deposited by the department in the general fund. The license required by this chapter is in addition to any other license required by state law or any municipality of this state. This chapter applies to every part of the state of Montana.

(2) In addition to the annual license fee, the board shall, in each year, before April 1, for the purpose of securing funds to administer and enforce this chapter, levy an assessment upon producers, producer-distributors, and distributors as follows:

(a) a fee per hundredweight on the total volume of all milk subject to this chapter produced and sold by a producer-distributor;

(b) a fee per hundredweight on the total volume of all milk subject to this chapter sold by a producer;

(c) a fee per hundredweight on the total volume of all milk subject to this chapter sold by a distributor, excepting that which is sold to another distributor.

(3) The board shall adopt rules fixing the amount of each fee. The amounts may not exceed levels sufficient to provide for the administration of this chapter. The fee assessed on a producer or on a distributor may not be more than one-half the fee assessed on a producer-distributor.

(4) (a) In addition to the fees established in subsections (1) through (3), the department shall assess a fee per hundredweight on the volume of all classes of milk produced and sold by a person licensed by the department to be used for the administration of the milk inspection and milk diagnostic laboratory functions of the department. The fee must be established pursuant to 81-1-102(2).

(b) A person licensed by the department shall report to the department on a monthly basis the volume of milk produced. All reporting documentation must be submitted on forms approved or provided by the department.

(5) The assessments upon producer-distributors, producers, and distributors must be paid ~~quarterly before January 15, April 15, July 15, and October 15 of each year~~ *before the 25th day of each month*. The amount of the assessments must be computed by applying the fee designated by the board and the fee established in subsection (4) to the volume of milk sold in the preceding ~~calendar quarter~~ *month*.

(6) Failure of a producer-distributor, producer, or distributor to pay an assessment when due is a violation of this chapter, and ~~a license under this chapter automatically terminates and is void~~ *the board may revoke a license upon due cause and after a hearing. A licensee shall pay all assessments accrued through the date a license is revoked under this section*. A ~~terminated~~ *revoked* license must be reinstated by the board upon payment of *all accrued assessments and* a delinquency fee ~~equal to 30% of the assessment that was due~~ *established by rule*.

(7) All assessments required by this chapter must be deposited by the department in the state special revenue fund. All costs of administering chapter 22 and this chapter, including the salaries of employees and assistants, per diem and expenses of board members, and all other disbursements necessary to carry out the purpose of chapter 22 and this chapter, must be paid out of the board money in that fund.

(8) The board may, if it finds the costs of administering and enforcing this chapter can be derived from lower rates, amend its rules to fix the rates at a less amount on or before April 1 in any year."

Section 1. Section 85-1-211, MCA, is amended to read:

"85-1-211. Management of property — water contracts. (1) Subject to this chapter, the department may fix and establish the prices, rates, and charges at which the resources and facilities made available under this chapter may be sold and disposed of and enter into contracts and agreements and do those things that in its judgment are necessary, convenient, or expedient for the accomplishment of the purposes and objects of this chapter, under general rules and upon terms, limitations, and conditions as it prescribes.

(2) The department shall enter into the contracts and fix and establish the prices, rates, and charges to provide at all times funds that are sufficient to pay all costs of operation and maintenance of the works authorized by this chapter, together with necessary repairs to the works, and that will provide at all times sufficient funds to meet and pay the principal and interest of all bonds or loans as they severally become due and payable.

(3) This chapter does not authorize any change, alteration, or revision of the rates, prices, or charges as established by a contract entered into under this chapter except as provided by the contract.

(4) A contract made by the department for the sale of water, use of water, water storage, or other service or for the sale of property or facilities must provide that, in the event of a failure or default in the payment of money

The act of the department in ceasing on default to furnish or deliver water, use of water, water storage, or other service under the contract does not deprive the department of or limit a remedy provided by the contract or by law for the recovery of money due or that may become due under the contract.

(5) (a) The department may sell, transfer to water users' associations, abandon, lease or rent, or otherwise dispose of any rights-of-way, easements, properties, or interests or otherwise take and receive the income or profit and revenue from property without regard to other laws providing for the disposition of state property. The department's determination of market value must consider all liens, encumbrances, and other limitations on the project properties or interests. In the disposal of a project, the department shall comply with the provisions of 85-6-109 and shall give purchase preference to existing water users' associations operating and maintaining the project proposed for disposal.

(b) Subject to the provisions of subsection (5)(a), the department shall attempt to dispose of the ~~Cataract Creek Dam project by June 30, 2013~~ *Willow Creek Dam project by June 30, 2015*.

The renewal is effective until December 31 of the following year.

(5) A foreign limited liability company has the right to use its registered name until the registration of the name is canceled as a result of it consenting to the use of the registered name by another business entity authorized to do business in this state or until the foreign limited liability company applies for and receives a certificate of authority to transact business in this state or it organizes as a domestic limited liability company in this state. A foreign limited liability company receiving a certificate of authority to transact business in this state or that organizes as a domestic limited liability company may use the canceled registered name as its business name."

CHAPTER NO. 281

[SB 330]

AN ACT REQUIRING A REVIEW OF STATE WATER RESERVATIONS BY JULY 1, 2016; REQUIRING A REPORT TO THE WATER POLICY INTERIM COMMITTEE; CLARIFYING ACTIONS RELATED TO STATE WATER RESERVATIONS; AMENDING SECTION 85-2-316, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-316, MCA, is amended to read:

"85-2-316. State reservation of waters. (1) The state, any political subdivision or agency of the state, or the United States or any agency of the United States may apply to the department to acquire a state water reservation for existing or future beneficial uses or to maintain a minimum flow, level, or quality of water throughout the year or at periods or for a length of time that the department designates.

(2) (a) Water may be reserved for existing or future beneficial uses in the basin where it is reserved, as described by the following basins:

(i) the Clark Fork River and its tributaries to its confluence with Lake Pend Oreille in Idaho;

(ii) the Kootenai River and its tributaries to its confluence with Kootenay Lake in British Columbia;

(iii) the St. Mary River and its tributaries to its confluence with the Oldman River in Alberta;

(iv) the Little Missouri River and its tributaries to its confluence with Lake Sakakawea in North Dakota;

(v) the Missouri River and its tributaries to its confluence with the Yellowstone River in North Dakota; and

(vi) the Yellowstone River and its tributaries to its confluence with the Missouri River in North Dakota.

(b) A state water reservation may be made for an existing or future beneficial use outside the basin where the diversion occurs only if stored water is not reasonably available for water leasing under 85-2-141 and the proposed use would occur in a basin designated in subsection (2)(a).

(3) (a) The department shall adopt rules that are necessary to determine whether or not an application is correct and complete based on the provisions applicable to issuance of a state water reservation. The rules must be adopted in compliance with Title 2, chapter 4.

(b) An applicant shall submit a correct and complete application. The determination of whether an application is correct and complete must be based on rules adopted under this subsection (3) that are in effect at the time the application is submitted. The department shall proceed in accordance with 85-2-302 with regard to any defects in the application.

(c) The application must be made on a form prescribed by the department. The department shall make the forms available through its offices.

(d) Upon receiving a correct and complete application, the department shall proceed in accordance with 85-2-307 through 85-2-309. After the hearing provided for in 85-2-309, the department shall decide whether to reserve the water for the applicant. The department's costs of giving notice, holding the hearing, conducting investigations, and making records incurred in acting upon the application to reserve water, except the cost of salaries of the department's personnel, must be paid by the applicant. In addition, a reasonable proportion of the department's cost of preparing an environmental analysis must be paid by the applicant unless waived by the department upon a showing of good cause by the applicant.

(4) (a) Except as provided in 85-20-1401, the department shall issue a state water reservation if the applicant establishes to the department by a preponderance of evidence:

(i) the purpose of the reservation;

(ii) the need for the reservation;

(iii) the amount of water necessary for the purpose of the reservation;

(iv) that the reservation is in the public interest.

(b) In determining the public interest under subsection (4)(a)(iv), the department shall issue a water reservation for withdrawal and transport for use outside the state if the applicant proves by clear and convincing evidence that:

(i) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(ii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the applicant has proved by clear and convincing evidence that the requirements of subsections (4)(b)(i) and (4)(b)(ii) are met, the department shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the application could feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a state water reservation to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation, lease, use, and reservation of water.

(5) If the purpose of the state water reservation requires construction of a storage or diversion facility, the applicant shall establish to the department by a preponderance of evidence that there will be progress toward completion of the facility and accomplishment of the purpose with reasonable diligence in accordance with an established plan.

(6) *(a) Upon issuing a state water reservation for the purpose of maintaining a minimum flow, level, or quality of water, the appropriation of water is complete.*

(b) The department shall limit any state water reservations after May 9, 1979, for maintenance of minimum flow, level, or quality of water that it awards at any point on a stream or river to a maximum of 50% of the average annual flow of record on gauged streams. Ungauged streams are not subject to the limit under this subsection *(6)(b)*.

(7) A state water reservation issued under this section has a priority of appropriation dating from the filing of a correct and complete application with the department.

(8) (a) A person desiring to use water reserved to a conservation district for agricultural purposes shall make application for the use with the district, and the district, upon approval of the application, shall inform the department of the approved use and issue the applicant an authorization for the use. The department shall maintain records of all uses of water reserved to conservation districts and be responsible, when requested by the districts, for rendering technical and administrative assistance within the department's staffing and budgeting limitations in the preparation and processing of the applications for the conservation districts. The department shall, within its staffing and budgeting limitations, complete any feasibility study requested by the districts within 12 months of the time that the request was made. The department shall extend the time allowed to develop a plan identifying projects for using a district's reservation as long as the conservation district makes a good faith effort, within its staffing and budget limitations, to develop a plan.

(b) Upon actual application of water to the proposed beneficial use, the authorized user shall notify the conservation district. The notification must contain a certified statement by a person with experience in the design, construction, or operation of project works for agricultural purposes describing how the reserved water was put to use. The department or the district may then inspect the appropriation to determine if it has been completed in substantial accordance with the authorization.

(9) A state water reservation issued under this section may not adversely affect any rights in existence at that time. The department may issue a state water reservation subject to terms, conditions, restrictions, and limitations it considers necessary to satisfy the criteria of this section.

(10) *(a)* ~~Upon issuing a state water reservation for the purpose of maintaining a minimum flow, level, or quality of water, the appropriation of water is complete.~~ Except ~~as~~ *for a reservation provided in subsection (6) or a reservation* provided in 85-20-1401, the department shall, ~~periodically but~~ at least once every 10 years, review existing state water reservations to ensure that the objectives of the reservations are being met.

(b) An existing state water reservation subject to the review in subsection (10)(a) that was not reviewed in the 10 years prior to [the effective date of this act] must be reviewed by July 1, 2016. The department shall provide the water policy interim committee, established in 5-5-231, a summary of the reviews before September 15, 2016.

(c) ~~When~~ *Following a review pursuant to this subsection (10), at the request of the entity holding a water reservation or when* the objectives of a state water reservation are not being met, the department may*:* ~~extend, revoke, or modify the reservation.~~

(i) extend the time period to complete the appropriation of water;

(ii) modify the reservation; or

(iii) revoke the reservation.

(d) Any undeveloped water made available as a result of a revocation or modification under this subsection *(10)* is available for appropriation by others pursuant to this part.

(11) Except as provided in 85-20-1401, the department may modify an existing or future order originally adopted to reserve water for the purpose of maintaining minimum flow, level, or quality of water, so as to reallocate the state water reservation or portion of the reservation to an applicant who is a qualified reservant under this section. Reallocation of water reserved pursuant to a state water reservation may be made by the department following notice and hearing if the department finds that all or part of the reservation is not required for its purpose and that the need for the reallocation has been shown by the applicant to outweigh the need shown by the original reservant. Reallocation of reserved water may not adversely affect the priority date of the reservation, and the reservation retains its priority date despite reallocation to a different entity for a different use. The department may not reallocate water reserved under this section on any stream or river more frequently than once every 5 years.

(12) A reservant may not make a change in a state water reservation under this section, except as permitted under 85-2-402 and this subsection. If the department approves a change, the department shall give notice and require the reservant to establish that the criteria in subsection (4) will be met under the approved change.

(13) A state water reservation may be transferred to another entity qualified to hold a reservation under subsection (1). Only the entity holding the reservation may initiate a transfer. The transfer occurs upon the filing of a water right ownership update form with the department, together with an affidavit from the entity receiving the reservation establishing that the entity is a qualified reservant under subsection (1), that the entity agrees to comply with the requirements of this section and the conditions of the reservation, and that the entity can meet the objectives of the reservation as granted. If the transfer of a state water reservation involves a change in an appropriation right, the necessary approvals must be acquired pursuant to subsection (12).

(14) This section does not vest the department with the authority to alter a water right that is not a state water reservation.

(15) The department shall undertake a program to educate the public, other state agencies, and political subdivisions of the state as to the benefits of the state water reservation process and the procedures to be followed to secure the reservation of water. The department shall provide technical assistance to other state agencies and political subdivisions in applying for reservations under this section.

(16) Water reserved under this section is not subject to the state water leasing program established under 85-2-141."

Section 2. Effective date. [This act] is effective on passage and approval.

CHAPTER NO. 283

[SB 361]

AN ACT CLARIFYING WHO MAY OBJECT TO PROCEEDINGS IN THE WATER COURT BY REVISING THE DEFINITION OF "GOOD CAUSE SHOWN"; AND AMENDING SECTION 85-2-233, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-233, MCA, is amended to read:

"85-2-233. Hearing on decrees or petition — procedure. (1) (a) For good cause shown and subject to the provisions of subsection (9), a hearing must be held before the water judge on any objection to a temporary preliminary decree, a preliminary decree, or a petition for judicial determination under 85-2-222 by:

(i) the department;

(ii) a person named in the temporary preliminary decree or preliminary decree;

(iii) any person within the basin entitled to receive notice under 85-2-232(1); or

(iv) any other person who claims rights to the use of water from sources in other basins that are hydrologically connected to the sources within the decreed basin and who would be entitled to receive notice under 85-2-232 if the claim or claims were from sources within the decreed basin.

(b) For the purposes of this subsection (1), "good cause shown" means a written statement showing that a person has an ownership*, leasehold, economic, or clearly demonstrated particularized* interest in ~~water or its use~~ *an existing water right, permit, certificate, state water reservation under 85-2-316, or right to receive water through an irrigation project and* that *the person's interest* has been affected by the decree.

(c) A person does not waive the right to object to a preliminary decree by failing to object to a temporary preliminary decree issued before March 28, 1997. However, a person may not raise an objection to a matter in a preliminary decree if that person was a party to the matter when the matter was previously litigated and resolved as the result of an objection raised in a temporary

preliminary decree unless the objection is allowed for any of the following reasons:

(i) mistake, inadvertence, surprise, or excusable neglect;

(ii) newly discovered evidence that by due diligence could not have been discovered in time to move for a new trial under Rule 59(b), Montana Rules of Civil Procedure;

(iii) fraud, misrepresentation, or other misconduct of an adverse party;

(iv) the judgment is void; or

(v) any other reason justifying relief from the operation of the judgment.

(d) After March 28, 1997, a person may not raise an objection or counterobjection to a matter contained in a subsequent decree issued under this part if the matter was contained in a prior decree issued under this part for which there was an objection and counterobjection period unless the objection is allowed for any of the following reasons:

(i) mistake, inadvertence, surprise, or excusable neglect;

(ii) newly discovered evidence that by due diligence could not have been discovered at the close of the objection period set forth in subsection (2);

(iii) fraud, misrepresentation, or other misconduct of an adverse party;

(iv) the temporary preliminary decree is void; or

(v) any other reason justifying relief from the operation of the prior decree issued under this part. The fact that a prior owner of a water right did not object or counterobject at a prior decree stage may not be a basis for a subsequent owner of the water right to object or counterobject absent a finding that one of the provisions in this subsection (1)(d) applies.

(2) Objections must be filed with the water judge within 180 days after entry of the temporary preliminary decree or preliminary decree. The water judge may, for good cause shown, extend this time limit up to two additional 90-day periods if application for an extension is made prior to expiration of the original 180-day period or any extension of it.

(3) Upon expiration of the time for filing objections under subsection (2), the water judge shall notify each party whose claim received an objection that an objection was filed. The notice must set forth the name of each objector and must allow an additional 60 days for the party whose claim received an objection to file a counterobjection to the claim or claims of the objector. Counterobjections must be limited to those claims that are included within the particular decree issued by the court.

(4) Objections and counterobjections must specify the paragraphs and pages containing the findings and conclusions to which objection is made. The request must state the specific grounds and evidence on which the objections are based.

(5) (a) Upon expiration of the time for filing counterobjections under subsection (3), the water judge shall notify each party named in the temporary preliminary decree or preliminary decree or that person's successor as documented in the department records and shall notify the attorney general that objections and counterobjections have been filed. The water judge shall fix a day when all parties who wish to participate in future proceedings are required to appear or file a statement. The water judge shall then set a date for a hearing. The water judge may conduct individual or consolidated hearings. A hearing must be conducted in the same manner as for other civil actions. At the order of the water judge, a hearing may be conducted by the water master, who shall

prepare a report of the hearing as provided in Rule 53(e), Montana Rules of Civil Procedure.

(b) In conducting hearings pursuant to this chapter, a water judge may require the parties to participate in settlement conferences or may assign the matter to a mediator. Any settlement reached by the parties is subject to review and approval by a water judge.

(6) (a) After the issuance of a temporary preliminary decree or preliminary decree, notice must be published once a week for 3 consecutive weeks in two newspapers of general circulation in the basin where the decree was issued for:

(i) a motion to amend a statement of claim that may adversely affect other water rights;

(ii) a motion to amend a timely objection that may adversely affect other water rights; or

(iii) a petition for judicial determination as provided for in 85-2-222.

(b) The notice must specify that any response or objection to the proposed amendment must be filed within 45 days of the date of the last notice.

(c) The water judge may order any additional notice of the motion as the water judge considers necessary.

(d) The costs of the notice required pursuant to this subsection must be borne by the moving party.

(7) Failure to object under subsection (1) to a compact negotiated and ratified under 85-2-702 or 85-2-703 bars any subsequent cause of action in the water court.

(8) If the court sustains an objection to a compact, it may declare the compact void. The agency of the United States, the tribe, or the United States on behalf of the tribe party to the compact is permitted 6 months after the court's determination to file a statement of claim, as provided in 85-2-224, and the court shall issue a new preliminary decree in accordance with 85-2-231. However, any party to a compact declared void may appeal from that determination in accordance with those procedures applicable to 85-2-235, and the filing of a notice of appeal stays the period for filing a statement of claim as required under this subsection.

(9) Upon petition by a claimant, the water court may grant a motion for dismissal to an objection to a temporary preliminary or preliminary decree if the objection pertains to an element of a water right that was previously decreed and if dismissal is consistent with common-law principles of issue and claim preclusion.

(10) The provisions of subsection (9) do not apply to issues arising after entry of the previous decree, including but not limited to the issues of abandonment, expansion of the water right, and reasonable diligence.

(11) All issue remarks, as defined in 85-2-250, must be finally resolved before the issuance of a final decree."

(2) Whenever a person has been found guilty of an offense upon a verdict of guilty or a plea of guilty or nolo contendere, a sentencing judge may suspend execution of sentence, except as otherwise specifically provided by statute, for a period up to the maximum sentence allowed or for a period of 6 months, whichever is greater, for each particular offense.

Section 19. Section 46-18-203, MCA, is amended to read:

"46-18-203. Revocation of suspended or deferred sentence. (1) Upon the filing of a petition for revocation showing probable cause that the offender

has violated any condition of a sentence, any condition of a deferred imposition of sentence, or any condition of supervision after release from imprisonment imposed pursuant to ~~45-5-310, 45-5-311,~~ 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-602(3), 45-5-603(2)(b), or 45-5-625(4), the judge may issue an order for a hearing on revocation. The order must require the offender to appear at a specified time and place for the hearing and be served by delivering a copy of the petition and order to the offender personally. The judge may also issue an arrest warrant directing any peace officer or a probation and parole officer to arrest the offender and bring the offender before the court.

(2) The petition for a revocation must be filed with the sentencing court either before the period of suspension or deferral has begun or during the period of suspension or deferral but not after the period has expired. Expiration of the period of suspension or deferral after the petition is filed does not deprive the court of its jurisdiction to rule on the petition.

(3) The provisions pertaining to bail, as set forth in Title 46, chapter 9, are applicable to persons arrested pursuant to this section.

(4) Without unnecessary delay, the offender must be brought before the judge, and the offender must be advised of:

(a) the allegations of the petition;

(b) the opportunity to appear and to present evidence in the offender's own behalf;

(c) the opportunity to question adverse witnesses; and

(d) the right to be represented by counsel at the revocation hearing pursuant to Title 46, chapter 8, part 1.

(5) A hearing is required before a suspended or deferred sentence can be revoked or the terms or conditions of the sentence can be modified unless:

(a) the offender admits the allegations and waives the right to a hearing; or

(b) the relief to be granted is favorable to the offender and the prosecutor, after having been given notice of the proposed relief and a reasonable opportunity to object, has not objected. An extension of the term of probation is not favorable to the offender for the purposes of this subsection (5)(b).

(6) (a) At the hearing, the prosecution shall prove, by a preponderance of the evidence, that there has been a violation of:

(i) the terms and conditions of the suspended or deferred sentence; or

(ii) a condition of supervision after release from imprisonment imposed pursuant to ~~45-5-310, 45-5-311,~~ 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-602(3), 45-5-603(2)(b), or 45-5-625(4).

(b) However, when a failure to pay restitution is the basis for the petition, the offender may excuse the violation by showing sufficient evidence that the failure to pay restitution was not attributable to a failure on the offender's part to make a good faith effort to obtain sufficient means to make the restitution payments as ordered.

(7) (a) If the judge finds that the offender has violated the terms and conditions of the suspended or deferred sentence, the judge may:

(i) continue the suspended or deferred sentence without a change in conditions;

(ii) continue the suspended sentence with modified or additional terms and conditions;

(iii) revoke the suspension of sentence and require the offender to serve either the sentence imposed or any sentence that could have been imposed that

does not include a longer imprisonment or commitment term than the original sentence; or

(iv) if the sentence was deferred, impose any sentence that might have been originally imposed.

(b) If a suspended or deferred sentence is revoked, the judge shall consider any elapsed time and either expressly allow all or part of the time as a credit against the sentence or reject all or part of the time as a credit. The judge shall state the reasons for the judge's determination in the order. Credit must be allowed for time served in a detention center or home arrest time already served.

(c) If a judge finds that an offender has not violated a term or condition of a suspended or deferred sentence, that judge is not prevented from setting, modifying, or adding conditions of probation as provided in 46-23-1011.

(8) If the judge finds that the prosecution has not proved, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence, the petition must be dismissed and the offender, if in custody, must be immediately released.

(9) The provisions of this section apply to any offender whose suspended or deferred sentence is subject to revocation regardless of the date of the offender's conviction and regardless of the terms and conditions of the offender's original sentence."

Section 20. Section 46-18-205, MCA, is amended to read:

"46-18-205. Mandatory minimum sentences — restrictions on deferral or suspension. (3) Except as provided in 46-18-222, the imposition or execution of the first 10 years of a sentence of imprisonment imposed under 45-5-102, deliberate homicide, may not be deferred or suspended.

(4) The provisions of this section do not apply to sentences imposed pursuant to ~~45-5-310, 45-5-311,~~ 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-602(3), 45-5-603(2)(b), or 45-5-625(4)."

The rules may establish the amount,

scope, and duration of services provided under the Montana medicaid program, including the items and components constituting the services.

(3) The department shall establish by rule the rates for reimbursement of services provided under this part. The department may in its discretion set rates of reimbursement that it determines necessary for the purposes of the program. (c) the quality of services;

(d) the professional knowledge and skills necessary for the delivery of services; and

(e) the availability of services.

(4) The department shall specify by rule those professionals who may deliver or direct the delivery of particular services.

(5) The department may provide by rule for payment by a recipient of a portion of the reimbursements established by the department for services provided under this part.

CHAPTER NO. 293

[SB 253]

AN ACT GENERALLY REVISING LAWS RELATED TO POWERS OF APPOINTMENT; ADOPTING THE UNIFORM POWERS OF APPOINTMENT ACT; AND REPEALING SECTIONS 70-1-704, 72-2-618, AND 72-2-714, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 38] may be cited as the "Uniform Powers of Appointment Act".

Section 2. Definitions. As used in [sections 1 through 38], the following definitions apply:

(1) "Appointee" means a person to which a powerholder makes an appointment of appointive property.

(2) "Appointive property" means the property or property interest subject to a power of appointment.

(3) "Blanket-exercise clause" means a clause in an instrument that exercises a power of appointment and is not a specific-exercise clause. The term includes a clause that:

(a) expressly uses the words "any power" in exercising any power of appointment the powerholder has;

(b) expressly uses the words "any property" in appointing any property over which the powerholder has a power of appointment; or

(c) disposes of all property subject to disposition by the powerholder.

(4) "Donor" means a person who creates a power of appointment.

(5) "Exclusionary power of appointment" means a power of appointment exercisable in favor of any one or more of the permissible appointees to the exclusion of the other permissible appointees.

(6) "General power of appointment" means a power of appointment exercisable in favor of the powerholder, the powerholder's estate, a creditor of the powerholder, or a creditor of the powerholder's estate.

(7) "Gift-in-default clause" means a clause identifying a taker in default of appointment.

(8) "Impermissible appointee" means a person who is not a permissible appointee.

(9) "Instrument" means a writing.

(10) "Nongeneral power of appointment" means a power of appointment that is not a general power of appointment.

(11) "Permissible appointee" means a person in whose favor a powerholder may exercise a power of appointment.

(12) "Person" means an individual, estate, trust, business or nonprofit entity, public corporation, government or governmental subdivision, agency, or instrumentality, or other legal entity.

(13) "Power of appointment" means a power that enables a powerholder acting in a nonfiduciary capacity to designate a recipient of an ownership interest in or another power of appointment over the appointive property. The term does not include a power of attorney.

(14) "Powerholder" means a person in whom a donor creates a power of appointment.

(15) "Presently exercisable power of appointment" means a power of appointment exercisable by the powerholder at the relevant time. The term:

(a) includes a power of appointment not exercisable until the occurrence of a specified event, the satisfaction of an ascertainable standard, or the passage of a specified time only after:

(i) the occurrence of the specified event;

(ii) the satisfaction of the ascertainable standard; or

(iii) the passage of the specified time; and

(b) does not include a power exercisable only at the powerholder's death.

(16) "Specific-exercise clause" means a clause in an instrument that specifically refers to and exercises a particular power of appointment.

(17) "Taker in default of appointment" means a person who takes all or part of the appointive property to the extent the powerholder does not effectively exercise the power of appointment.

(18) "Terms of the instrument" means the manifestation of the intent of the maker of the instrument regarding the instrument's provisions as expressed in the instrument or as may be established by other evidence that would be admissible in a legal proceeding.

Section 3. Governing law. Unless the terms of the instrument creating a power of appointment manifest a contrary intent:

(1) the creation, revocation, or amendment of the power is governed by the law of the donor's domicile at the relevant time; and

(2) the exercise, release, or disclaimer of the power or the revocation or amendment of the exercise, release, or disclaimer of the power is governed by the law of the powerholder's domicile at the relevant time.

Section 4. Common law and principles of equity. The common law and principles of equity supplement this act, except to the extent modified by this act or a law of this state other than this act.

Section 5. Creation of power of appointment. (1) A power of appointment is created only if:

(a) the instrument creating the power:

(i) is valid under applicable law; and

(ii) except as otherwise provided in subsection (2), transfers the appointive property; and

(b) the terms of the instrument creating the power manifest the donor's intent to create in a powerholder a power of appointment over the appointive property exercisable in favor of a permissible appointee.

(2) Subsection (1)(a)(ii) does not apply to the creation of a power of appointment by the exercise of a power of appointment.

(3) A power of appointment may not be created in a deceased individual.

(4) Subject to an applicable rule against perpetuities, a power of appointment may be created in an unborn or unascertained powerholder.

Section 6. Nontransferability. A powerholder may not transfer a power of appointment. If a powerholder dies without exercising or releasing a power, the power lapses.

Section 7. Presumption of unlimited authority. Subject to [section 8] and unless the terms of the instrument creating a power of appointment manifest a contrary intent, the power is:

(1) presently exercisable;

(2) exclusionary; and

(3) except as otherwise provided in [section 8], general.

Section 8. Exception to presumption of unlimited authority. Unless the terms of the instrument creating a power of appointment manifest a contrary intent, the power is nongeneral if:

(1) the power is exercisable only at the powerholder's death; and

(2) the permissible appointees of the power are a defined and limited class that does not include the powerholder's estate, the powerholder's creditors, or the creditors of the powerholder's estate.

Section 9. Rules of classification. (1) In this section, "adverse party" means a person with a substantial beneficial interest in property that would be affected adversely by a powerholder's exercise or nonexercise of a power of appointment in favor of the powerholder, the powerholder's estate, a creditor of the powerholder, or a creditor of the powerholder's estate.

(2) If a powerholder may exercise a power of appointment only with the consent or joinder of an adverse party, the power is nongeneral.

(3) If the permissible appointees of a power of appointment are not defined and limited, the power is exclusionary.

Section 10. Power to revoke or amend. A donor may revoke or amend a power of appointment only to the extent that:

(1) the instrument creating the power is revocable by the donor; or

(2) the donor reserves a power of revocation or amendment in the instrument creating the power of appointment.

Section 11. Requisites for exercise of power of appointment. (1) A power of appointment is exercised only:

(a) if the instrument exercising the power is valid under applicable law;

(b) if the terms of the instrument exercising the power:

(i) manifest the powerholder's intent to exercise the power; and

(ii) subject to [section 14], satisfy the requirements of exercise, if any, imposed by the donor; and

(c) to the extent the appointment is a permissible exercise of the power.

(2) Notwithstanding any other provision of this act, the property subject to a power of appointment may not pass to and may not be administered as a part of the powerholder's probate estate unless:

(a) the power of appointment is a general one that expressly authorizes the powerholder to appoint the appointive property to his or her own estate; and

(b) the powerholder utilizes clear and unequivocal language demonstrating a specific intent to exercise the power in favor of his or her own estate.

Section 12. Intent to exercise — determining intent from residuary clause. (1) In this section:

(a) "Residuary clause" does not include a residuary clause containing a blanket-exercise clause or a specific-exercise clause.

(b) "Will" includes a codicil and a testamentary instrument that revises another will.

(2) A residuary clause in a powerholder's will or a comparable clause in the powerholder's revocable trust manifests the powerholder's intent to exercise a power of appointment only if:

(a) the terms of the instrument containing the residuary clause do not manifest a contrary intent;

(b) the power is a general power exercisable in favor of the powerholder's estate;

(c) there is no gift-in-default clause or the clause is ineffective; and

(d) the powerholder did not release the power.

Section 13. Intent to exercise — after-acquired power. Unless the terms of the instrument exercising a power of appointment manifest a contrary intent:

(1) except as otherwise provided in subsection (2), a blanket-exercise clause extends to a power acquired by the powerholder after executing the instrument containing the clause; and

(2) if the powerholder is also the donor of the power, the clause does not extend to the power unless there is no gift-in-default clause or the gift-in-default clause is ineffective.

Section 14. Substantial compliance with donor-imposed formal requirement. A powerholder's substantial compliance with a formal requirement of appointment imposed by the donor, including a requirement that the instrument exercising the power of appointment make reference or specific reference to the power, is sufficient if:

(1) the powerholder knows of and intends to exercise the power; and

(2) the powerholder's manner of attempted exercise of the power does not impair a material purpose of the donor in imposing the requirement.

Section 15. Permissible appointment. (1) A powerholder of a general power of appointment that permits appointment to the powerholder or the powerholder's estate may make any appointment, including an appointment in trust or creating a new power of appointment, that the powerholder could make in disposing of the powerholder's own property.

(2) A powerholder of a general power of appointment that permits appointment only to the creditors of the powerholder or of the powerholder's estate may appoint only to those creditors.

(3) Unless the terms of the instrument creating a power of appointment manifest a contrary intent, the powerholder of a nongeneral power may:

(a) make an appointment in any form, including an appointment in trust, in favor of a permissible appointee;

(b) create a general power in a permissible appointee; or

(c) create a nongeneral power in any person to appoint to one or more of the permissible appointees of the original nongeneral power.

Section 16. Appointment to deceased appointee or permissible appointee's descendant. (1) Subject to the antilapse provisions of 72-2-613, an appointment to a deceased appointee is ineffective.

(2) Unless the terms of the instrument creating a power of appointment manifest a contrary intent, a powerholder of a nongeneral power may exercise the power in favor of or create a new power of appointment in a descendant of a deceased permissible appointee whether or not the descendant is described by the donor as a permissible appointee.

Section 17. Impermissible appointment. (1) Except as otherwise provided in [section 16], an exercise of a power of appointment in favor of an impermissible appointee is ineffective.

(2) An exercise of a power of appointment in favor of a permissible appointee is ineffective to the extent the appointment is a fraud on the power.

Section 18. Selective allocation doctrine. If a powerholder exercises a power of appointment in a disposition that also disposes of property the powerholder owns, the owned property and the appointive property must be allocated in the permissible manner that best carries out the powerholder's intent.

Section 19. Capture doctrine — disposition of ineffectively appointed property under general power. To the extent a powerholder of a general power of appointment, other than a power to withdraw property from, revoke, or amend a trust, makes an ineffective appointment:

(1) the gift-in-default clause controls the disposition of the ineffectively appointed property; or

(2) if there is no gift-in-default clause or to the extent the clause is ineffective, the ineffectively appointed property:

(a) passes to:

(i) the powerholder if the powerholder is a permissible appointee and living; or

(ii) if the powerholder is an impermissible appointee or deceased, the powerholder's estate if the estate is a permissible appointee; or

(b) if there is no taker under subsection (2)(a), passes under a reversionary interest to the donor or the donor's transferee or successor in interest.

Section 20. Disposition of unappointed property under released or unexercised general power. To the extent a powerholder releases or fails to exercise a general power of appointment, other than a power to withdraw property from, revoke, or amend a trust:

(1) the gift-in-default clause controls the disposition of the unappointed property; or

(2) if there is no gift-in-default clause or to the extent the clause is ineffective:

(a) except as otherwise provided in subsection (2)(b), the unappointed property passes to:

(i) the powerholder if the powerholder is a permissible appointee and living; or

(ii) if the powerholder is an impermissible appointee or deceased, the powerholder's estate if the estate is a permissible appointee; or

(b) to the extent the powerholder released the power or if there is no taker under subsection (2)(a), the unappointed property passes under a reversionary interest to the donor or the donor's transferee or successor in interest.

Section 21. Disposition of unappointed property under released or unexercised nongeneral power. To the extent a powerholder releases, ineffectively exercises, or fails to exercise a nongeneral power of appointment:

(1) the gift-in-default clause controls the disposition of the unappointed property; or

(2) if there is no gift-in-default clause or to the extent the clause is ineffective, the unappointed property:

(a) passes to the permissible appointees if:

(i) the permissible appointees are defined and limited; and

(ii) the terms of the instrument creating the power do not manifest a contrary intent; or

(b) if there is no taker under subsection (2)(a), passes under a reversionary interest to the donor or the donor's transferee or successor in interest.

Section 22. Disposition of unappointed property if partial appointment to taker in default. Unless the terms of the instrument creating or exercising a power of appointment manifest a contrary intent, if the powerholder makes a valid partial appointment to a taker in default of appointment, the taker in default of appointment may share fully in unappointed property.

Section 23. Appointment to taker in default. If a powerholder makes an appointment to a taker in default of appointment and the appointee would have taken the property under a gift-in-default clause had the property not been appointed, the power of appointment is deemed not to have been exercised and the appointee takes under the default clause.

Section 24. Powerholder's authority to revoke or amend exercise. A powerholder may revoke or amend an exercise of a power of appointment only to the extent that:

(1) the powerholder reserves a power of revocation or amendment in the instrument exercising the power of appointment and, if the power is nongeneral, the terms of the instrument creating the power of appointment do not prohibit the reservation; or

(2) the terms of the instrument creating the power of appointment provide that the exercise is revocable or amendable.

Section 25. Disclaimer. As provided by 72-2-811:

(1) a powerholder may disclaim all or part of a power of appointment; and

(2) a permissible appointee, appointee, or taker in default of appointment may disclaim all or part of an interest in appointive property.

Section 26. Authority to release. A powerholder may release a power of appointment in whole or in part, except to the extent the terms of the instrument creating the power prevent the release.

Section 27. Method of release. A powerholder of a releasable power of appointment may release the power in whole or in part:

(1) by substantial compliance with a method provided in the terms of the instrument creating the power; or

(2) if the terms of the instrument creating the power do not provide a method or the method provided in the terms of the instrument is not expressly made exclusive, by a writing manifesting the powerholder's intent by clear and convincing evidence.

Section 28. Revocation or amendment of release. A powerholder may revoke or amend a release of a power of appointment only to the extent that:

(1) the instrument of release is revocable by the powerholder; or

(2) the powerholder reserves a power of revocation or amendment in the instrument of release.

Section 29. Power to contract — presently exercisable power of appointment. A powerholder of a presently exercisable power of appointment may contract:

(1) not to exercise the power; or

(2) to exercise the power if the contract when made does not confer a benefit on an impermissible appointee.

Section 30. Power to contract — power of appointment not presently exercisable. A powerholder of a power of appointment that is not presently exercisable may contract to exercise or not to exercise the power only if the powerholder:

(1) is also the donor of the power; and

(2) has reserved the power in a revocable trust.

Section 31. Remedy for breach of contract to appoint or not to appoint. The remedy for a powerholder's breach of a contract to appoint or not to appoint appointive property is limited to damages payable out of the appointive property or, if appropriate, specific performance of the contract.

Section 32. Creditor claim — general power created by powerholder. (1) In this section, "power of appointment created by the powerholder" includes a power of appointment created in a transfer by another person to the extent the powerholder contributed value to the transfer.

(2) Appointive property subject to a general power of appointment created by the powerholder is subject to a claim of a creditor of the powerholder or of the powerholder's estate to the extent provided in the Uniform Fraudulent Transfer Act, 31-2-326 through 31-2-342, and in 70-20-401, 70-20-402, and 70-20-405.

(3) Subject to subsection (2), appointive property subject to a general power of appointment created by the powerholder is not subject to a claim of a creditor of the powerholder or the powerholder's estate to the extent the powerholder irrevocably appointed the property in favor of a person other than the powerholder or the powerholder's estate.

(4) Subject to subsections (2) and (3) and notwithstanding the presence of a spendthrift provision or whether the claim arose before or after the creation of the power of appointment, appointive property subject to a general power of appointment created by the powerholder is subject to a claim of a creditor of:

(a) the powerholder, to the same extent as if the powerholder owned the appointive property, if the power is presently exercisable; and

(b) the powerholder's estate, to the extent the estate is insufficient to satisfy the claim and subject to the right of a decedent to direct the source from which liabilities are paid, if the power is exercisable at the powerholder's death.

Section 33. Creditor claim — general power not created by powerholder. (1) Except as otherwise provided in subsection (2), appointive property subject to a general power of appointment created by a person other than the powerholder is subject to a claim of a creditor of:

(a) the powerholder, to the extent the powerholder's property is insufficient, if the power is presently exercisable; and

(b) the powerholder's estate, to the extent the estate is insufficient, subject to the right of a decedent to direct the source from which liabilities are paid.

(2) Subject to [section 35(3)], a power of appointment created by a person other than the powerholder that is subject to an ascertainable standard relating to an individual's health, education, support, or maintenance within the meaning of 26 U.S.C. Section 2041(b)(1)(A) or 26 U.S.C. Section 2514(c)(1), on [the effective date of this act], is treated for purposes of this act as a nongeneral power.

Section 34. Power to withdraw. (1) For purposes of this section and except as otherwise provided in subsection (2), a power to withdraw property

from a trust is treated, during the time the power may be exercised, as a presently exercisable general power of appointment to the extent of the property subject to the power to withdraw.

(2) On the lapse, release, or waiver of a power to withdraw property from a trust, the power is treated as a presently exercisable general power of appointment only to the extent the value of the property affected by the lapse, release, or waiver exceeds the greater of the amount specified in 26 U.S.C. Section 2041(b)(2) and 26 U.S.C. Section 2514(e) or the amount specified in 26 U.S.C. Section 2503(b) on [the effective date of this act].

Section 35. Creditor claim — nongeneral power. (1) Except as otherwise provided in subsections (2) and (3), appointive property subject to a nongeneral power of appointment is exempt from a claim of a creditor of the powerholder or the powerholder's estate.

(2) Appointive property subject to a nongeneral power of appointment is subject to a claim of a creditor of the powerholder or the powerholder's estate to the extent that the powerholder owned the property and, reserving the nongeneral power, transferred the property in violation of the Uniform Fraudulent Transfer Act, 31-2-326 through 31-2-342.

(3) If the initial gift in default of appointment is to the powerholder or the powerholder's estate, a nongeneral power of appointment is treated for purposes of this act as a general power.

Section 36. Uniformity of application and construction. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

Section 37. Relation to electronic signatures in global and national commerce. This act modifies, limits, or supersedes the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. Section 7001 et seq., but does not modify, limit, or supersede Section 101(c) of that act, 15 U.S.C. Section 7001(c), or authorize electronic delivery of any of the notices described in Section 103(b) of that act, 15 U.S.C. Section 7003(b).

Section 38. Application to existing relationships. (1) Except as otherwise provided in this act, on and after [the effective date of this act]:

(a) this act applies to a power of appointment created before, on, or after [the effective date of this act];

(b) this act applies to a judicial proceeding concerning a power of appointment commenced on or after [the effective date of this act];

(c) this act applies to a judicial proceeding concerning a power of appointment commenced before [the effective date of this act] unless the court finds that application of a particular provision of this act would interfere substantially with the effective conduct of the judicial proceeding or prejudice a right of a party, in which case the particular provision of this act does not apply and the superseded law applies;

(d) a rule of construction or presumption provided in this act applies to an instrument executed before [the effective date of this act] unless there is a clear indication of a contrary intent in the terms of the instrument; and

(e) except as otherwise provided in subsections (1)(a) through (1)(d), an action done before [the effective date of this act] is not affected by this act.

(2) If a right is acquired, extinguished, or barred on the expiration of a prescribed period that commenced under law of this state other than this act before [the effective date of this act], the law continues to apply to the right.

Section 39. Codification instruction. [Sections 1 through 38] are intended to be codified as an integral part of Title 72, and the provisions of Title 72 apply to [sections 1 through 38].

c. MFWP shall manage the Painted Rocks and Como contract rights, in a prudent, biologically based and environmentally sound manner, and within the terms and conditions of these contracts. MFWP will manage in the same manner any future contracts for the delivery of water from Painted Rocks or Lake Como to which MFWP becomes a party. The Tribes are an intended beneficiary of MFWP's management of these contracts, and have the right to challenge MFWP's management decisions in a Court of Competent Jurisdiction.

The Tribes, on behalf of themselves and the users of any portion of the Tribal Water Right set forth in this Compact and the United States agree to relinquish their right to exercise the Tribal Water Right to make a Call against any Water Right Arising Under State Law whose purpose is irrigation and whose source of supply is Groundwater and whose flow rate is less than or equal to 100 gallons per minute.

3. Irrigators Within the FIIP Influence Area.

a. The Tribes, the United States, and the Project Operator, agree to relinquish their right to exercise the Tribal Water Right to make a Call against that portion of any Water Right Arising Under State Law identified in Article III.G.3.b that is equal to the quantity of water established as the annual FIIP quota for the current irrigation season, or an equivalent farm delivery amount within the FIIP as implemented by the Project Operator within the applicable RDA Area, or the quantity allowed under a claim decreed by the Montana Water Court or water right granted by the DNRC (an Alternate Value), whichever is less, whose owner enters into a consensual agreement as described in this Article III.G.3.

b. Water Rights Arising Under State Law whose owners are eligible to enter into consensual agreements as described in this Article III.G.3 are those rights:

i. whose purpose is irrigation;

ii. whose point(s) of diversion or place(s) of use are within the FIIP Influence Area; and

iii. whose source of supply is surface water; or

iv. whose source of supply is Groundwater and whose flow rate is greater than 100 gallons per minute.

c. The Tribes, the United States, and the Project Operator, agree to enter into the consensual agreement described in this Article III.G.3 with every owner of a Water Right Arising Under State Law described in Article III.G.3.b who wishes to enter into such an agreement. The following conditions shall apply to any such consensual agreement:

i. the owner of a Water Right Arising Under State Law that meets the criteria described in Article III.G.3.b shall measure all diversions, report the measured amount of those diversions to the Project Operator, agree to divert no more water each year than the lesser of the quantity established as the annual FIIP quota or an Alternate Value, and shall not expand water use beyond the terms of the agreement;

ii. the owner of a Water Right Arising Under State Law does not acquire any entitlement to any delivery or diversion of water from the FIIP, whether the water is stored or run of the river, by entering into a consensual agreement as described in this Article III.G.3;

iii. irrigation use pursuant to any Water Right Arising Under State Law whose owner enters into a consensual agreement as set forth in this Article III.G.3 shall be limited to the irrigation season identified annually by the FIIP and to such period of use limitation as may apply to FIIP irrigators;

iv. the method and frequency of measurement of the diversion must be described and occur at a reasonable level of accuracy and frequency to

demonstrate that the diversion does not exceed the lesser of the annual FIIP quota for a given irrigation season or an Alternate Value, and;

v. the agreement is permanent and is binding on the heirs and assigns of the owner of each Water Right Arising Under State Law who enters into such agreement.

d. The entering into a consensual agreement as set forth in this subsection (3) does not relieve the owner of any claim to a Water Right Arising Under State Law that is at issue in the Montana general stream adjudication from the obligation of prosecuting that water right claim through the Montana general stream adjudication.

e. If a consensual agreement is entered into among the Tribes, United States, the Project Operator and the owner of a Water Right Arising Under State Law described in Article III.G.3.b prior to the issuance of the final decree for Montana Water Court Basin 76L and 76 LJ, as applicable, that agreement shall terminate as a matter of law if the claimed Water Right is terminated as a result of proceedings conducted in the Montana general stream adjudication.

f. If a consensual agreement is entered into among the Tribes, the United States, the Project Operator, and the owner of a Water Right Arising Under State Law described in Article III.G.3.b prior to the issuance of the final decree for Montana Water Court Basin 76L and 76 LJ, as applicable, and such owner has a claim in the Montana general stream adjudication that is ultimately decreed a quantity of water for that claim less than the quantity established in the agreement, the consensual agreement shall protect only the lesser amount of water.

g. If the owner of a Water Right Arising Under State Law described in Article III.G.3.b ceases to use that portion of that water right in excess of the lesser of the annual FIIP quota for a given irrigation season, or an Alternate Value, pursuant to a consensual agreement as set forth in Article III.G.3:

i. that nonuse does not represent an intent by the owner of that water right to wholly or partially abandon that water right or to not comply with the terms and conditions of that right; and

ii. the period of nonuse may not create or may not be added to any previous period of nonuse to create a presumption of abandonment.

h. Any use of a Water Right Arising Under State Law subject to a consensual agreement described in this Article III.G.3 exceeding the volume of water specified in the consensual agreement shall be subject to Call by the Tribes, the United States, or the Project Operator for that amount of water in excess of the terms of the consensual agreement.

i. A Person who has both an entitlement to the delivery of water from the FIIP and a Water Right Arising Under State Law to serve the same acreage may only protect from Call, by entering into a consensual agreement pursuant to this Article III.G.3, a total quantity of water equal to the lesser of the annual FIIP quota for a given irrigation season, or an Alternate Value, for each acre served, irrespective of whether the water applied to each acre is pursuant to that Person's FIIP delivery right or that Person's Water Right Arising Under State Law.

4. Water Rights Upstream of the Reservation (Basins 76I, 76J, and 76LJ). The Tribes, on behalf of themselves and the users of any portion of the Tribal Water Right set forth in this Compact, and the United States agree to relinquish their right to exercise the Tribal Water Right to make a Call against any water

right located upstream of the Flathead Reservation in Basins 76I, 76J, and 76LJ, except for those Water Rights Arising Under State Law:

a. Whose purpose is irrigation and whose source of supply is surface water, and whose point of diversion is:

i. the mainstem of the Flathead River, including Flathead Lake;

ii. the North Fork of the Flathead River;

iii. the Middle Fork of the Flathead River; or

iv. the South Fork of the Flathead River.

b. Whose purpose is irrigation, whose source of supply is Groundwater connected to one of the sources identified in Article III.G.4.a, and whose flow rate is greater than 100 gallons per minute.

c. The Tribes and the United States agree that the Tribal Water Right recognized in the Compact may not be exercised to make Call against any Water Right Arising Under State Law upstream of the Flathead Reservation and located on a tributary to the Flathead River not identified in Article III.G.4.a.

5. Water Rights on the Little Bitterroot River Outside the Reservation (Basin 76L). The Tribes, on behalf of themselves and the users of any portion of the Tribal Water Right set forth in this Compact, and the United States agree to relinquish their right to exercise the Tribal Water Right to make a Call against any Water Right Arising Under State Law whose point of diversion is outside the Flathead Reservation and whose source of supply is the Little Bitterroot River or its tributaries.

6. Any Water Right Arising Under State Law the purpose of which is irrigation and that is susceptible to Call by the Tribes pursuant to Article III.D.1.g, III.D.2.e, III.D.3.e, III.D.5.a.iv, III.D.7.e, III.G.4.a, or III.G.4.b whose purpose is changed after the Effective Date to something other than irrigation shall remain susceptible to Call pursuant to the terms and conditions of this Compact as though the purpose of the Water Right Arising Under State Law was still irrigation.

H. Water Rights Arising Under State Law Appurtenant to Lands Acquired by the Tribes. For lands acquired by the Tribes within the Reservation, the Tribes have the right to any Water Right Arising Under State Law acquired as an appurtenance to the land. Starting upon the Effective Date of the Compact, the Tribes may file a Trust Transfer form with the Board for any lands acquired by the Tribes with appurtenant Water Rights Arising Under State Law that have been taken into trust by the United States on behalf of the Tribes, as provided in the Law of Administration and the water right appurtenant to the land shall be transferred to the Tribal Water Right quantified in this Compact with a priority date of July 16, 1855, provided that the Tribes shall continue to use the acquired water right as it was historically used or may change the use of the acquired water right pursuant to the provisions for change of use set forth in Article IV.B.4 and the Law of Administration. Such transfer does not shield the underlying right from abandonment based on acts or omissions of the holder of that water right prior to its acquisition by the Tribes.
